TOWN OF LONDONDERRY, NH COMMUNITY CHOICE AGGREGATION PROGRAM

IMPORTANT: CONSUMER NOTIFICATION

February 20, 2026

Dear Londonderry Default Service Customer,

The Town of Londonderry is pleased to announce the launch of its electricity supply initiative, Londonderry Community Choice Aggregation (CCA), designed to reduce electricity expenses and provide greater budget predictability for local residents. First Point Power has been selected as the electricity supplier for our municipal aggregation program.

The Londonderry CCA program enables our town to come together and buy electricity as a group, aiming to offer residents and local businesses more stable, competitive rates, and an alternative to Eversource utility service. The final plan for the program was formally approved by Londonderry Town Council on July 15, 2024, and Freedom Energy Logistics, an energy advisory located in Auburn, NH, was selected to administer it.

Town Information Session - Saturday, March 7, 2026, 10:00am, Londonderry High School (Cafeteria)

By receiving this letter, you will be enrolled in the “Londonderry CCA” option unless you respond. Taking part is completely voluntary—if you prefer to opt out, you can do so before the program begins or any time afterward, effective with your next monthly meter read.

- You will be automatically enrolled in the program unless you opt out.
- If you choose not to be automatically enrolled, you must **respond by March 26, 2026**.
- If you are on the Electric Assistance Program (EAP) or budget billing for Delivery Services with Eversource, you will continue to receive your benefits regardless of whether you remain in the CCA or opt out.
- If you are net metering solar on your roof or behind the meter, you should *opt out* of this program. Eversource will not pay you for your exports if you are on this program.
- Enrolling in the program changes your electricity supply source and rate, but Eversource remains your service provider. You will still receive bills from, pay, and get delivery, meter readings, outage response, and maintenance from Eversource.
- When you participate in the CCA, your Eversource electricity bill will reflect your participation in the Londonderry Community Choice Aggregation under the Supplier section.

Comparative Rates and Terms (Supply Services Only)¹

	Eversource Utility Service	Londonderry CCA
Rate	\$0.11303 per kWh	\$0.09573 per kWh
Renewable Energy Content	Meets NH Renewable Portfolio Standard (RPS) Requirements (25.2% in 2026)	Meets NH Renewable Portfolio Standard (RPS) Requirements (25.2% in 2026)
Duration	2/1/2026-7/31/2026	4/1/2026-10/31/2026

The Londonderry CCA offers a 7-month rate of \$0.09573 per kilowatt hour (kWh) through 10/31/26, compared to Eversource’s rate of \$0.11303 per kWh until 7/31/26. The rate difference for first four months is **\$0.0173 per kWh**. Program prices apply to service beginning and ending on the days of the month that your meter is read.

¹ Londonderry’s CCA Program is designed to deliver savings over the life of the program as compared to Eversource’s Default Service rate. Note, however, savings and future savings cannot be guaranteed.
