

Mission Statement: To build a partnership between the Leach Library and the Londonderry community by facilitating activities that will enhance the library's role as a creative center of community life.

Our **purpose** is to raise awareness in the community about library services and needs, and to promote public knowledge of library resources, services and collections. In past years, the Friends provided funds to help sponsor multiple children and adult programs.

Our **meetings are typically held at 1:00 p.m. on the second Monday of every month** except July, August and December in the library's meeting room.

Join the Friends: Membership is open to everyone in the community. To support our work, we ask for an annual membership fee of \$10.00. The Friends of the Leach Library is a New Hampshire Non-Profit Corporation. You can support the Friends with your financial contribution and/or as an active volunteer.
