Inclement Weather Policy

The decision to not open or close early due to extreme weather conditions rests with the Library Director. In the absence of the Library Director, the Head of Reference and Technical Services may make the decision. If the Library Director and the Head of Reference and Technical Services cannot be contacted, the Head of Circulation Services may make the decision. If none of the above can be contacted, the Librarian on duty at that time may make the decision.

At no time may the safety of the citizens or employees be put in jeopardy to maintain open hours. The staff will notify local media outlets and the community as conditions allow. Safety of the library staff and patrons will remain the first priority.
