Hi,

I went to write in my notes in my notebook last night after our meeting and went to double check my recording... and it did not record for some reason. User error I'm sure as its brand new.

→ But just you just confirm that the request for the \$30K reduction came from an email from John Farrell?

And the approved vote was for the 4.0% with no reduction in the periodicals per Betsy's request - correct?

Thank you,

Christine

Hi Christine,

I know we talked about this at the meeting last night, but if you need me to follow up or get clarification please let me know.

Thanks

Good afternoon,

What is the status of getting the library email addresses posted on the town website? I know they were on there at one point and have since disappeared. I know that the Town is switching to Teams, but our existing email addresses still work and should be posted.

Also, is it possible to post the monthly library agendas on the town website? I believe it is only currently posted on the town and library bulletin boards. Most other boards post on town website. It would be nice to get the information in all spots for transparency. Some people will not know where to dig for each board, but if they are all in one spot, it's helpful.

Please advise.

Thank you,

Christine Fitzgerald
