Mr. Chairman

I have not had the pleasure of addressing you face fo face prior to tonight's town council meeting

I couldn't help but observe that the other town councilors and officials are very controlled in their tone and demeanor. Even when discussing contentious topics with citizens, most officials and other council members look calm, interested, pensive, thoughtful, at times even frustrated.

You at various points looked absolutely apoplectic. I do apologize for speaking out of order when Kristine Perez was addressing you Mr. Chairman, but whether you took particular exception to remarks about political associations or not, I actually found your tone and expression to be lacking decorum. I would appreciate more decorum when addressing citizens in the future if you would be so kind.

**Subject:** 91A

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I have no complaint about booths on the common sir.

I did complain about the poor look of Kirby and the Farrells riding around like royalty.

I know you do a thorough job sir and the firm assists. I however, whether the town believes it is necessary or not, would love to see an independent review of applied exemptions for 91as. That is my next project I am working on, even if I have to fund a firm myself to explore this topic.

I do have two pending inquiries with you, to revisit as your office allows sir

One was our pro choice megaphone friends I inquiried about, which was during the parade itself (likely no violation of law and certainly covered free speech, just embarrassing on behalf of the town and its officials who approved it) it was more a commentary for official record than an inquiry but if you had comment on Londonderrys behalf RE that matter, I suppose I would hear it.

And the other was either yours or Chief Kim Bernard's follow up to Sherm Packard, Al Baldasaro, and the other knuckleheads in Sherms car who crashed the cones in the Moose Hill parking lot.

I know there was some concern as to whether or not that report was politically motivated but I forgot to mention to you and Chief, Kaylee originally declined to identify the driver to the reporting officer, lest anyone assume we are gloating over who it was. It was only after our officer friend inquired, that Kaylee advised who was driving.

I am still awaiting either an LPD or Old Home Day committee reaponse to the Packard and Carson vehicle complaints. I am sure you folks are working on it and I will stay tuned. Thanks for all you are doing and thank you for your patience and working with me as continue to insert myself into town matters as I find appropriate.

**Sent:** Thursday, August 25, 2022 5:02:08 PM
**To:** Jonathan Esposito <[redacted] TownCouncil <TownCouncil@londonderrynh.org>
**Subject:** RE: 91A

Thank you for your message.

There has been no change in how the Town approaches Right to Know requests. We do so in keeping not only with the letter but the spirit of this statute. I am proud of how we do so, often faster than required and by providing information at no charge and in convenient formats we are not required to produce. We continue to do so even as we are receiving and responding to more Right to Know requests than ever before. Most of these requests are now handled personally by me, because with the Assistant Town Manager's departure, I am the staff person best equipped to do so. I trust you are well aware of the many other demands on my time.

I will address the complaints about the parade and booths on the common on Monday evening when I am prepared to do so. This is a complex area of the law that I want to break down to be as understandable as possible. That takes work, effort, and preparation and is not an overnight endeavor. I understand many feel strongly about these issues, but it benefits nobody if the Town provides inaccurate information because we rushed.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry
603-432-1100 x 151
mmalaguti@londonderrynh.org

**Cc:** Michael Malaguti <mmalaguti@londonderrynh.org>
**Subject:** 91A

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

IIt has come to my attention that the town is taking the position of being less than forthcoming with 91A requests.

To the Town's credit, the current Town Manager has been more responsive and forthcoming than the last and i believe Mr. Malaguti has done a very fair job.

Unfortunately, this municipality as a whole is making every attempt possible to withhold information and apply every exemption to release wherever possible, even if prudence does not dictate exemption.

I have even heard that Town Employees and the SAU have been instructed to be more mindful of what they put in email correspondence due to 91A. I heard Councilman Farrell is doing the same.

I have been documenting this for much of the last calendar year and it is my intent to engage the State of NH, either the SoS or the AG's office, to force an outside review of how Londonderry as a town and our SAU handles Right to Know Requests.

Figured I would give you all courtesy heads up, but also wanted fo document this concern for future record.

Regards

Jonathan Esposito

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

IIt has come to my attention that the town is taking the position of being less than forthcoming with 91A requests.

To the Town's credit, the current Town Manager has been more responsive and forthcoming than the last and i believe Mr. Malaguti has done a very fair job.

Unfortunately, this municipality as a whole is making every attempt possible to withhold information and apply every exemption to release wherever possible, even if prudence does not dictate exemption.

I have even heard that Town Employees and the SAU have been instructed to be more mindful of what they put in email correspondence due to 91A. I heard Councilman Farrell is doing the same.

I have been documenting this for much of the last calendar year and it is my intent to engage the State of NH, either the SoS or the AG's office, to force an outside review of how Londonderry as a town and our SAU handles Right to Know Requests.

Figured I would give you all courtesy heads up, but also wanted fo document this concern for future record.

Regards

Jonathan Esposito

**Subject:** Application of Abortion Rights group

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I was told that while the town received only a handful of communications regarding the Confederate flag that over 30+ complaints were made regarding the reproductive rights group display

Considering how hasty the town was to put out comment on the former flag matter, I am now quite impatient regarding the Town's Response to this issue, folks.

**Subject:** Application of Abortion Rights group

I just want to also thank the approving official for the town who approved and endorsed the pro-choice group's participation in the parade.

Nothing like having angry people with megaphone shouting into my children's faces in front of Mack's Apples that abortion should be on demand.

Had to have an "abortion centric" and not just "personal body/reproductive health" centric conversation with my 8 year old daughter after the parade thanks to the Town's endorsement of that behavior.

Addendum

I would also like to add that the use of the golf carts themselves was not done in a very safe manner. Soecifically John Farrell as well as Kirby Brown were operating the rec vehicles far too quickly for prudent safety around others. Members of a town organization at OHD observed J Farrells use and my spouse Kaylee personally observed Kirby's lack of diligent safety also.

Emphasis on the do better please.

**Subject:** The Town does not appear to be inclusive to all citizens.

There is going to be a fair bit of feedback on alternate about how Old Home Day was not very disability centric in the setup.

I just want to highlight that the chairman of the town council riding around in a golf cart everywhere for the days events rather than using it in a more limited fashion as needed kind of highlights this disparity.

Watching Sherry Farrell ride in an official town golf cart up the hill from the bonfire, after she ran the Boot Scoot and Boogie 5K,

While watching elderly people and disabled veterans have to shuffle up the uneven sandy grade of that hill,

Was downright ableist of you folks.

A very poor look for the Town of Londonderry. Not very a inclusive look for our town, folks.

Let's try to do better.

**Subject:** The Town does not appear to be inclusive to all citizens.

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

There is going to be a fair bit of feedback on alternate about how Old Home Day was not very disability centric in the setup.

I just want to highlight that the chairman of the town council riding around in a golf cart everywhere for the days events rather than using it in a more limited fashion as needed kind of highlights this disparity.

Watching Sherry Farrell ride in an official town golf cart up the hill from the bonfire, after she ran the Boot Scoot and Boogie 5K,

While watching elderly people and disabled veterans have to shuffle up the uneven sandy grade of that hill,

Was downright ableist of you folks.

A very poor look for the Town of Londonderry. Not very a inclusive look for our town, folks.

Let's try to do better.

Not to make a fool of the very kind officer who came to the neighborhood

And was told it was "just there for the day for utility work"

Has been there since that encounter several days ago, unmoved from where it has sat

I understand our friends from PD were gonna drop by eventually and also check with zoning

--Kirby, I did not receive a response from the town - can you confirm if Londonderry has had past zoning/legal issues with 6A/6B Shelley Drive as Donna verbally stated?--

Please consider this a formal inquiry and please respond no later than close of business 7.25.22.

Thank you!

**Subject:** RE: RSA 91-A request regarding Lions Hall

Dear Mr. Esposito:

It has come to my attention that you have inquired of the Town about a "policy" regarding the leasing or management of real property. Please be advised that Londonderry follows RSA 41:11-a, which provides as follows:

**41:11-a Town Property. –**
I. The selectmen shall have authority to manage all real property owned by the town and to regulate its use, unless

such management and regulation is delegated to other public officers by vote of the town, or is governed by other statutes, including but not limited to RSA 31:112, RSA 35-B, RSA 36-A:4, and RSA 202-A:6.

II. The authority under paragraph I shall include the power to rent or lease such property during periods not needed for public use, provided, however, that any rental or lease agreement for a period of more than one year shall not be valid unless ratified by vote of the town.

III. Notwithstanding paragraph II, the legislative body may vote to authorize the board of selectmen to rent or lease municipal property for a term of up to 5 years without further vote or ratification of the town. Once adopted, this authority shall remain in effect until specifically rescinded by the legislative body at any duly warned meeting provided that the term of any lease entered into prior to the rescission shall remain in effect.

There also are provisions in the Londonderry Town Charter that impact the management of the Town's property, including:

Section 4.6A The Manager shall be charged with the preservation of the health, safety and welfare of persons and property and shall see to the enforcement of the ordinances of the Town, this Charter and general State Laws governing administration of the Town.

Section 4.6D The Manager shall have full jurisdiction over the rental and use of all Town facilities under the Manager's control. The Manager shall be responsible for the maintenance and repair of all Town property under the Manager's control, within the limits of existing appropriation.

Section 4.6E. The Manager shall keep a full and complete inventory of all property of the Town, both real and personal.

I hope this response satisfies your inquiry.

**From:** Michael D. Ramsdell
**Sent:** Monday, July 18, 2022 8:17 AM
**To:** Jonathan Esposito <[redacted]
**Cc:** John W. Farrell <jfarrell@londonderrynh.org>; Michael Malaguti <mmalaguti@londonderrynh.org>
**Subject:** RSA 91-A request regarding Lions Hall

Dear Mr. Esposito:

This firm represents the Town of Londonderry, New Hampshire ("Town" or "Londonderry") regarding your RSA 91-A request sent to the Londonderry Town Council ("Town Council") via email on July 14, 2022. The request states as follows:

*I am requesting copies of work product from/between John Farrell, Joe Green, Jim Butler, Chad Franz, and Deb Paul.*

*Subject: all correspondence RE Lions Hall & 256 Mammoth Rd Londonderry*

*Dates: 4.1.22 - 7.1.22*

*Scope: to include but not be limited to letters, emails, meeting minutes, written notes, instant messages, phone records, texts and any other work product related to the subject above*

*Also to include correspondence with David Wholley and Public Works, as well as any correspondence with David Steinhauer on the subject*

Please be advised that when responding to an RSA 91-A request, the Town complies with the definition of government records stated in RSA 91-A:1-a:

> *any information created, accepted, or obtained by, or on behalf of, any public body, or a quorum or majority thereof, or any public agency in furtherance of its official function. Without limiting the foregoing, the term 'governmental records' includes any written communication or other information, whether in paper, electronic, or other physical form, received by a quorum or majority of a public body in furtherance of its official function, whether at a meeting or outside a meeting of the body. The term 'governmental records' shall also include the term 'public records.'*

The Town also complies with the exemptions stated in RSA 91-A:5.

The Town interprets your requests as seeking: all correspondence of any kind from 4.1.22 to 7.1.22: (a) between and among any members of the Town Council; (b) between any member of the Town Council and David Wholley: (c) between any member of the Town Council or David Wholley and any member of Public Works; and (d) any correspondence between a member of the Town Council or David Wholley and David Steinhauer concerning the Lions Club.

The Town Council does not possess any government records responsive to your request. In the interests of being over-inclusive, however, the Town Council has located a single government record regarding the same subject matter that involves a Town Councilor and the Town Manager. The government record, an email chain, appears in green below.

**From:** Michael Malaguti
**Sent:** Wednesday, May 4, 2022 9:59 PM
**To:** John W. Farrell
**Subject:** Fw: Urgent - Lion's Hall

FYI.

Do you want to inform the Council or should I?

---

**From:** Michael Malaguti
**Sent:** Wednesday, May 4, 2022 9:57 PM
**To:** [redacted]; Brian McCurley
**Cc:** Dave Wholley; Nick Codner; Brian G. Johnson
**Subject:** Urgent - Lion's Hall

Brian and Kara:

I am writing with some bad news. There have been several inspections of the Lion's Hall in the last couple of weeks that have given rise to serious life safety concerns vis à vis the structure and existing uses. Specifically:

- The sag in the floor has grown larger.
- It has come to my attention there is an educational use being made of the facility involving K-8 children, some of whom are learning in a small room on the second floor. Neither of the two existing means of egress is compliant with the building or fire code, and both are, in fact, seriously deficient in this regard. The learning group is not in compliance with the annual education inspection requirement. I am informed that if the required inspection took place tomorrow the building would fail for this use. The group is also not compliant with fire drill requirements. Lastly, the upstairs space is not designed or equipped to prevent smoke infiltration in event of a fire;
- We have observed larger rentals and more intensive uses of the structure as the Lion's, to their credit, have begun focusing more on establishing and maintaining a positive financial condition. However, such uses are concerning given the sag in the floor, and other recently observed issues including:
    - Exposed electrical, rotted wire insulation;
    - Bulging walls;
    - Foundation cracks and evidence of shifting; and
    - An improperly installed moisture barrier under the floor, allowing mold to grow.
- An example of a larger use is the comedy night scheduled for this Friday. Based on what we have found, we were initially quite worried about this event. However, I learned that as of this evening, only six tickets have been purchased.

As you know, we started conducting these inspections as part of the Town's and Lion's discussions concerning a renegotiating of the parties' lease. We did not anticipate finding issues of such concern.

I well recognize the hardships involved, but it is my obligation as Town Manager to see to the "preservation of the health, safety and welfare of persons and property." (Town Charter § 4.6(A)). For the above reasons, and in the exercise of my authority as Town Manager, and with the support of the Fire Department and Building and Code Enforcement Department, the Town is immediately **prohibiting the educational use of the structure and is stipulating that the facility is closed off indefinitely until such a time that either a formal evaluation of the extent of danger has been determined and/or a plan of significant repair can be ascertained.** Given this closure, I request that the Lion's communicate with us concerning all future rentals and uses. These will be taken on a case-by-case basis with the determining factor being whether they can be conducted safely.

As for two matters of immediate concern:

- Thursday 5/5 and Friday 5/6 - The Town recognizes it may work an extreme hardship on parents to close the building entirely to the Prenda on Thursday and Friday. I request that if the Prenda desires to remain in the building for these two days, it immediately reach out to Division Chief Brian Johnson tomorrow morning to determine if this is feasible and what will be required. At a minimum, it will be required that only the first floor be utilized, and that appropriate clearance around the sagging floor be maintained.
- Comedy night - Recognizing this event appears much smaller in scope than had been feared, the Town will likely permit it, provided clearance around the sagging area is maintained, and provided further that the Lion's informs the Town if the attendance is expected to exceed 25 people.

Following 5/6, however, the Town expects the bolded directive above to be honored.

Please understand the Town does not lightly take this action, and will gladly assist in lessening its impact and in securing alternative arrangements. I am happy to discuss the matter as well.

For clear communication going forward, please include Chief Building Inspector Nick Codner, Division Chief Brian Johnson, DPW Director Dave Wholley, and me on all correspondence. For clarity, Nick is responsible for determinations concerning the Building Code, and is also the Health Officer, Brian is responsible for determinations concerning the Fire Code, and Dave is responsible for municipal facilities in general.

I look forward to working through these issues with you and appreciate your understanding that we are acting solely for the safety of our residents, and especially our children.

Mike

**Subject:** RSA 91-A request regarding Lions Hall

Dear Mr. Esposito:

This firm represents the Town of Londonderry, New Hampshire ("Town" or "Londonderry") regarding your RSA 91-A request sent to the Londonderry Town Council ("Town Council") via email on July 14, 2022. The request states as follows:

*I am requesting copies of work product from/between John Farrell, Joe Green, Jim Butler, Chad Franz, and Deb Paul.*

*Subject: all correspondence RE Lions Hall & 256 Mammoth Rd Londonderry*

*Dates: 4.1.22 - 7.1.22*

*Scope: to include but not be limited to letters, emails, meeting minutes, written notes, instant messages, phone records, texts and any other work product related to the subject above*

*Also to include correspondence with David Wholley and Public Works, as well as any correspondence with David Steinhauer on the subject*

Please be advised that when responding to an RSA 91-A request, the Town complies with the definition of government records stated in RSA 91-A:1-a:

> *any information created, accepted, or obtained by, or on behalf of, any public body, or a quorum or majority thereof, or any public agency in furtherance of its official function. Without limiting the foregoing, the term 'governmental records' includes any written communication or other information, whether in paper, electronic, or other physical form, received by a quorum or majority of a public body in furtherance of its official function, whether at a meeting or outside a meeting of the body. The term 'governmental records' shall also include the term 'public records.'*

The Town also complies with the exemptions stated in RSA 91-A:5.

The Town interprets your requests as seeking: all correspondence of any kind from 4.1.22 to 7.1.22: (a) between and among any members of the Town Council; (b) between any member of the Town Council and David Wholley: (c) between any member of the Town Council or David Wholley and any member of Public Works; and (d) any correspondence between a member of the Town Council or David Wholley and David Steinhauer concerning the Lions Club.

**Subject:** RSA 91-A request regarding Lions Hall

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Very interesting that my inquiries which were originally responded to by town officials directly.

Are now being routed and responded to via counsel. Thank you folks from the law firm for your prompt reply and attention.

Mr. Malaguti, Lisa, John,

could you or counsel kindly clarify if all 91As to the town are being routed thru Shaheen Phinney and Bass, or just ones of sensitive subject matter?

Mr. Malaguti, I have some serious concerns regarding how the attached policies have been applied. I understand they give broad leeway and discretion to Town Officials but I am noticing discrepancies and inequities in how this policy and discretion have been applied. Some town assets have clearly benefited more from the discretion of Town Officials than other town assets in my view.

I will follow up with either a request to meet or another 91A shortly, because I do not feel the complete scope of this Mammoth Rd property matter has made it to the public sphere to my satisfaction. I think this will be a public comment item at an upcoming TC session.

Please do advise on how the town is diapositioning those (all or some 91As to Sheehan Phinney Bass)

Very Respectfully

Jonathan Esposito

**Subject:** RE: RSA 91-A request regarding Lions Hall

Dear Mr. Esposito:

It has come to my attention that you have inquired of the Town about a "policy" regarding the leasing or management of real property. Please be advised that Londonderry follows RSA 41:11-a, which provides as follows:

**41:11-a Town Property. –**

I. The selectmen shall have authority to manage all real property owned by the town and to regulate its use, unless such management and regulation is delegated to other public officers by vote of the town, or is governed by other statutes, including but not limited to RSA 31:112, RSA 35-B, RSA 36-A:4, and RSA 202-A:6.

II. The authority under paragraph I shall include the power to rent or lease such property during periods not needed for public use, provided, however, that any rental or lease agreement for a period of more than one year shall not be valid unless ratified by vote of the town.

III. Notwithstanding paragraph II, the legislative body may vote to authorize the board of selectmen to rent or lease municipal property for a term of up to 5 years without further vote or ratification of the town. Once adopted, this authority shall remain in effect until specifically rescinded by the legislative body at any duly warned meeting provided that the term of any lease entered into prior to the rescission shall remain in effect.

There also are provisions in the Londonderry Town Charter that impact the management of the Town's property, including:

Section 4.6A The Manager shall be charged with the preservation of the health, safety and welfare of persons and property and shall see to the enforcement of the ordinances of the Town, this Charter and general State Laws governing administration of the Town.

Section 4.6D The Manager shall have full jurisdiction over the rental and use of all Town facilities under the Manager's control. The Manager shall be responsible for the maintenance and repair of all Town property under the Manager's control, within the limits of existing appropriation.

Section 4.6E. The Manager shall keep a full and complete inventory of all property of the Town, both real and personal.

I hope this response satisfies your inquiry.

**From:** Michael D. Ramsdell
**Sent:** Monday, July 18, 2022 8:17 AM
**To:** Jonathan Esposito <[redacted]
**Cc:** John W. Farrell <jfarrell@londonderrynh.org>; Michael Malaguti <mmalaguti@londonderrynh.org>
**Subject:** RSA 91-A request regarding Lions Hall

Dear Mr. Esposito:

This firm represents the Town of Londonderry, New Hampshire ("Town" or "Londonderry") regarding your RSA 91-A request sent to the Londonderry Town Council ("Town Council") via email on July 14, 2022. The request states as follows:

*I am requesting copies of work product from/between John Farrell, Joe Green, Jim Butler, Chad Franz, and Deb Paul.*

*Subject: all correspondence RE Lions Hall & 256 Mammoth Rd Londonderry*

*Dates: 4.1.22 - 7.1.22*

*Scope: to include but not be limited to letters, emails, meeting minutes, written notes, instant messages, phone records, texts and any other work product related to the subject above*

*Also to include correspondence with David Wholley and Public Works, as well as any correspondence with David Steinhauer on the subject*

Please be advised that when responding to an RSA 91-A request, the Town complies with the definition of government records stated in RSA 91-A:1-a:

> *any information created, accepted, or obtained by, or on behalf of, any public body, or a quorum or majority thereof, or any public agency in furtherance of its official function. Without limiting the foregoing, the term 'governmental records' includes any written communication or other information, whether in paper, electronic, or other physical form, received by a quorum or majority of a public body in furtherance of its official function, whether at a meeting or outside a meeting of the body. The term 'governmental records' shall also include the term 'public records.'*

The Town also complies with the exemptions stated in RSA 91-A:5.

The Town interprets your requests as seeking: all correspondence of any kind from 4.1.22 to 7.1.22: (a) between and among any members of the Town Council; (b) between any member of the Town Council and David Wholley: (c) between any member of the Town Council or David Wholley and any member of Public Works; and (d) any correspondence between a member of the Town Council or David Wholley and David Steinhauer concerning the Lions Club.

The Town Council does not possess any government records responsive to your request. In the interests of being over-inclusive, however, the Town Council has located a single government record regarding the same subject matter that involves a Town Councilor and the Town Manager. The government record, an email chain, appears in green below.

**From:** Michael Malaguti
**Sent:** Wednesday, May 4, 2022 9:57 PM
**To:** [redacted]; Brian McCurley
**Cc:** Dave Wholley; Nick Codner; Brian G. Johnson
**Subject:** Urgent - Lion's Hall

Brian and Kara:

I am writing with some bad news. There have been several inspections of the Lion's Hall in the last couple of weeks that have given rise to serious life safety concerns vis à vis the structure and existing uses. Specifically:

- The sag in the floor has grown larger.
- It has come to my attention there is an educational use being made of the facility involving K-8 children, some of whom are learning in a small room on the second floor. Neither of the two existing means of egress is compliant with the building or fire code, and both are, in fact, seriously deficient in this regard. The learning group is not in compliance with the annual education inspection requirement. I am informed that if the required inspection took place tomorrow the building would fail for this use. The group is also not compliant with fire drill requirements. Lastly, the upstairs space is not designed or equipped to prevent smoke infiltration in event of a fire;
- We have observed larger rentals and more intensive uses of the structure as the Lion's, to their credit, have begun focusing more on establishing and maintaining a positive financial condition. However, such uses are concerning given the sag in the floor, and other recently observed issues including:
    - Exposed electrical, rotted wire insulation;
    - Bulging walls;
    - Foundation cracks and evidence of shifting; and
    - An improperly installed moisture barrier under the floor, allowing mold to grow.
- An example of a larger use is the comedy night scheduled for this Friday. Based on what we have found, we were initially quite worried about this event. However, I learned that as of this evening, only six tickets have been purchased.

As you know, we started conducting these inspections as part of the Town's and Lion's discussions concerning a renegotiating of the parties' lease. We did not anticipate finding issues of such concern.

I well recognize the hardships involved, but it is my obligation as Town Manager to see to the "preservation of the health, safety and welfare of persons and property." (Town Charter § 4.6(A)). For the above reasons, and in the exercise of my authority as Town Manager, and with the support of the Fire Department and Building and Code Enforcement Department, the Town is immediately **prohibiting the educational use of the structure and is stipulating that the facility is closed off indefinitely until such a time that either a formal evaluation of the extent of danger has been determined and/or a plan of significant repair can be ascertained.** Given this closure, I request that the Lion's communicate with us concerning all future rentals and uses. These will be taken on a case-by-case basis with the determining factor being whether they can be conducted safely.

As for two matters of immediate concern:

- Thursday 5/5 and Friday 5/6 - The Town recognizes it may work an extreme hardship on parents to close the building entirely to the Prenda on Thursday and Friday. I request that if the Prenda desires to remain in the building for these two days, it immediately reach out to Division Chief Brian Johnson tomorrow morning to determine if this is feasible and what will be required. At a minimum, it will be required that only the first floor be utilized, and that appropriate clearance around the sagging floor be maintained.
- Comedy night - Recognizing this event appears much smaller in scope than had been feared, the Town will likely permit it, provided clearance around the sagging area is maintained, and provided further that the Lion's informs the Town if the attendance is expected to exceed 25 people.

Following 5/6, however, the Town expects the bolded directive above to be honored.

Please understand the Town does not lightly take this action, and will gladly assist in lessening its impact and in securing alternative arrangements. I am happy to discuss the matter as well.

For clear communication going forward, please include Chief Building Inspector Nick Codner, Division Chief Brian Johnson, DPW Director Dave Wholley, and me on all correspondence. For clarity, Nick is responsible for determinations concerning the Building Code, and is also the Health Officer, Brian is responsible for determinations concerning the Fire Code, and Dave is responsible for municipal facilities in general.

I look forward to working through these issues with you and appreciate your understanding that we are acting solely for the safety of our residents, and especially our children.

Mike

**Subject:** RSA 91-A request regarding Lions Hall

Dear Mr. Esposito:

This firm represents the Town of Londonderry, New Hampshire ("Town" or "Londonderry") regarding your RSA 91-A request sent to the Londonderry Town Council ("Town Council") via email on July 14, 2022. The request states as follows:

*I am requesting copies of work product from/between John Farrell, Joe Green, Jim Butler, Chad Franz, and Deb Paul.*

*Subject: all correspondence RE Lions Hall & 256 Mammoth Rd Londonderry*

*Dates: 4.1.22 - 7.1.22*

*Scope: to include but not be limited to letters, emails, meeting minutes, written notes, instant messages, phone records, texts and any other work product related to the subject above*

*Also to include correspondence with David Wholley and Public Works, as well as any correspondence with David Steinhauer on the subject*

Please be advised that when responding to an RSA 91-A request, the Town complies with the definition of government records stated in RSA 91-A:1-a:

> *any information created, accepted, or obtained by, or on behalf of, any public body, or a quorum or majority thereof, or any public agency in furtherance of its official function. Without limiting the foregoing, the term 'governmental records' includes any written communication or other information, whether in paper, electronic, or other physical form, received by a quorum or majority of a public body in furtherance of its official function, whether at a meeting or outside a meeting of the body. The term 'governmental records' shall also include the term 'public records.'*

The Town also complies with the exemptions stated in RSA 91-A:5.

The Town interprets your requests as seeking: all correspondence of any kind from 4.1.22 to 7.1.22: (a) between and among any members of the Town Council; (b) between any member of the Town Council and David Wholley: (c) between any member of the Town Council or David Wholley and any member of Public Works; and (d) any correspondence between a member of the Town Council or David Wholley and David Steinhauer concerning the Lions Club.

The Town Council does not possess any government records responsive to your request. In the interests of being over-inclusive, however, the Town Council has located a single government record regarding the same subject matter that involves a Town Councilor and the Town Manager. The government record, an email chain, appears in green below.

**Subject:** RSA 91-A request regarding Lions Hall

Dear Mr. Esposito:

This firm represents the Town of Londonderry, New Hampshire ("Town" or "Londonderry") regarding your RSA 91-A request sent to the Londonderry Town Council ("Town Council") via email on July 14, 2022. The request states as follows:

*I am requesting copies of work product from/between John Farrell, Joe Green, Jim Butler, Chad Franz, and Deb Paul.*

*Subject: all correspondence RE Lions Hall & 256 Mammoth Rd Londonderry*

*Dates: 4.1.22 - 7.1.22*

*Scope: to include but not be limited to letters, emails, meeting minutes, written notes, instant messages, phone records, texts and any other work product related to the subject above*

*Also to include correspondence with David Wholley and Public Works, as well as any correspondence with David Steinhauer on the subject*

Please be advised that when responding to an RSA 91-A request, the Town complies with the definition of government records stated in RSA 91-A:1-a:

> *any information created, accepted, or obtained by, or on behalf of, any public body, or a quorum or majority thereof, or any public agency in furtherance of its official function. Without limiting the foregoing, the term 'governmental records' includes any written communication or other information, whether in paper, electronic, or other physical form, received by a quorum or majority of a public body in furtherance*

*of its official function, whether at a meeting or outside a meeting of the body. The term 'governmental records' shall also include the term 'public records.'*

The Town also complies with the exemptions stated in RSA 91-A:5.

The Town interprets your requests as seeking: all correspondence of any kind from 4.1.22 to 7.1.22: (a) between and among any members of the Town Council; (b) between any member of the Town Council and David Wholley: (c) between any member of the Town Council or David Wholley and any member of Public Works; and (d) any correspondence between a member of the Town Council or David Wholley and David Steinhauer concerning the Lions Club.

The Town Council does not possess any government records responsive to your request. In the interests of being over-inclusive, however, the Town Council has located a single government record regarding the same subject matter that involves a Town Councilor and the Town Manager. The government record, an email chain, appears in green below.

**Subject:** Urgent - Lion's Hall

Brian and Kara:

I am writing with some bad news. There have been several inspections of the Lion's Hall in the last couple of weeks that have given rise to serious life safety concerns vis à vis the structure and existing uses. Specifically:

- The sag in the floor has grown larger.
- It has come to my attention there is an educational use being made of the facility involving K-8 children, some of whom are learning in a small room on the second floor. Neither of the two existing means of egress is compliant with the building or fire code, and both are, in fact, seriously deficient in this regard. The learning group is not in compliance with the annual education inspection requirement. I am informed that if the required inspection took place tomorrow the building would fail for this use. The group is also not compliant with fire drill requirements. Lastly, the upstairs space is not designed or equipped to prevent smoke infiltration in event of a fire;

- We have observed larger rentals and more intensive uses of the structure as the Lion's, to their credit, have begun focusing more on establishing and maintaining a positive financial condition. However, such uses are concerning given the sag in the floor, and other recently observed issues including:
    - Exposed electrical, rotted wire insulation;
    - Bulging walls;
    - Foundation cracks and evidence of shifting; and
    - An improperly installed moisture barrier under the floor, allowing mold to grow.
- An example of a larger use is the comedy night scheduled for this Friday. Based on what we have found, we were initially quite worried about this event. However, I learned that as of this evening, only six tickets have been purchased.

As you know, we started conducting these inspections as part of the Town's and Lion's discussions concerning a renegotiating of the parties' lease. We did not anticipate finding issues of such concern.

I well recognize the hardships involved, but it is my obligation as Town Manager to see to the "preservation of the health, safety and welfare of persons and property." (Town Charter § 4.6(A)). For the above reasons, and in the exercise of my authority as Town Manager, and with the support of the Fire Department and Building and Code Enforcement Department, the Town is immediately **prohibiting the educational use of the structure and is stipulating that the facility is closed off indefinitely until such a time that either a formal evaluation of the extent of danger has been determined and/or a plan of significant repair can be ascertained.** Given this closure, I request that the Lion's communicate with us concerning all future rentals and uses. These will be taken on a case-by-case basis with the determining factor being whether they can be conducted safely.

As for two matters of immediate concern:

- Thursday 5/5 and Friday 5/6 - The Town recognizes it may work an extreme hardship on parents to close the building entirely to the Prenda on Thursday and Friday. I request that if the Prenda desires to remain in the building for these two days, it immediately reach out to Division Chief Brian Johnson tomorrow morning to determine if this is feasible and what will be required. At a minimum, it will be required that only the first floor be utilized, and that appropriate clearance around the sagging floor be maintained.
- Comedy night - Recognizing this event appears much smaller in scope than had been feared, the Town will likely permit it, provided clearance around the sagging area is maintained, and provided further that the Lion's informs the Town if the attendance is expected to exceed 25 people.

Following 5/6, however, the Town expects the bolded directive above to be honored.

Please understand the Town does not lightly take this action, and will gladly assist in lessening its impact and in securing alternative arrangements. I am happy to discuss the matter as well.

For clear communication going forward, please include Chief Building Inspector Nick Codner, Division Chief Brian Johnson, DPW Director Dave Wholley, and me on all correspondence. For clarity, Nick is responsible for determinations concerning the Building Code, and is also the Health Officer, Brian is responsible for determinations concerning the Fire Code, and Dave is responsible for municipal facilities in general.

I look forward to working through these issues with you and appreciate your understanding that we are acting solely for the safety of our residents, and especially our children.

Mike

Michael J. Malaguti

**Subject:** Re: 91A

Thank you sir

Please note for the purposes of the request that Mr. Malaguti has been able to compile and produce records pertinent to this matter upon receipt of request

I have sent him/his office almost identically worded 91A on this topic twice now (maybe 3X!) And he has been able to produce records without noting an additional review from Counsel first.

Please note that if the town council is having my 91A reviewed by legal counsel

That that is excessive to this line of inquiry, historically speaking.

I am sure any fees from such review shall be borne by the council/town and not myself as the requestor

Universal realities are using records for quest fees to keep records out of reach of average citizens and I know Londonderry would not want that public perception.

Thank you for your receipt of this additional correspondence.

Good evening

This email shall serve as a written 91A request under New Hampshire's right to know law

I am requesting copies of work product from/between John Farrell, Joe Green, Jim Butler, Chad Franz, and Deb Paul.

Subject: all correspondence RE Lions Hall & 256 Mammoth Rd Londonderry

Dates: 4.1.22 - 7.1.22

Scope: to include but not be limited to letters, emails, meeting minutes, written notes, instant messages, phone records, texts and any other work product related to the subject above

Also to include correspondence with David Wholley and Public Works, as well as any correspondence with David Steinhauer on the subject

I am requesting that the documents be electronically scanned and uploaded to a Dropbox for my review in order to avoid any printing fees.

I agree to pay any labor fees for collection/redaction.

Please respond confirming receipt and advise when this request may be completed?

Respectfully

Jonathan Esposito

**Subject:** 91A

Good evening

This email shall serve as a written 91A request under New Hampshire's right to know law

I am requesting copies of work product from/between John Farrell, Joe Green, Jim Butler, Chad Franz, and Deb Paul.

Subject: all correspondence RE Lions Hall & 256 Mammoth Rd Londonderry

Dates: 4.1.22 - 7.1.22

Scope: to include but not be limited to letters, emails, meeting minutes, written notes, instant messages, phone records, texts and any other work product related to the subject above

Also to include correspondence with David Wholley and Public Works, as well as any correspondence with David Steinhauer on the subject

I am requesting that the documents be electronically scanned and uploaded to a Dropbox for my review in order to avoid any printing fees.

I agree to pay any labor fees for collection/redaction.

Please respond confirming receipt and advise when this request may be completed?

Respectfully

Jonathan Esposito

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Thank you sir

Please note for the purposes of the request that Mr. Malaguti has been able to compile and produce records pertinent to this matter upon receipt of request

I have sent him/his office almost identically worded 91A on this topic twice now (maybe 3X!) And he has been able to produce records without noting an additional review from Counsel first.

Please note that if the town council is having my 91A reviewed by legal counsel

That that is excessive to this line of inquiry, historically speaking.

I am sure any fees from such review shall be borne by the council/town and not myself as the requestor

Universal realities are using records for quest fees to keep records out of reach of average citizens and I know Londonderry would not want that public perception.

Thank you for your receipt of this additional correspondence.

05.09.22

To the Londonderry Town Manager

This document shall serve as a written request for Release of Information under NH RSA 91-A:4. New Hampshire's Right to Know Law.

I am requesting immediate Release of all communications, to include but not be limited to emails, instant messages, internal and interoffice memos, and text messages,

All communications between the Town Manager, Chief Building Inspector, their entire respective offices and subordinate staffs, and officers of the Londonderry Lions Club

Regarding the Londonderry Lions Club Hall at 256 Mammoth Rd Londonderry NH 03053, it's lease, renovations, fire safety, and occupancy limits,

Between 1September21 and 9May22

It is the intent of this request to inform the lay public of working matters; is not the intent or scope of this request to trigger any exemption under the existing Right To Know Law regarding privileged workings of municipal bodies.

Again, I understand that some information is exempt from release under the exemptions section of this RSA-I am specifically requesting all non exempt information that is subject to release under law. I agree to pay any and all applicable fees under the RSA.

Jonathan Esposito

To the Londonderry Town Manager

This document shall serve as a written request for Release of Information under NH RSA 91-A:4. New Hampshire's Right to Know Law.

I am requesting immediate Release of all communications, to include but not be limited to emails, instant messages, internal and interoffice memos, and text messages,

All communications between the Town Manager, Chief Building Inspector, their entire respective offices and subordinate staffs, and officers of the Londonderry Lions Club

Regarding the Londonderry Lions Club Hall at 256 Mammoth Rd Londonderry NH 03053, it's lease, renovations, fire safety, and occupancy limits,

Between 1September21 and 9May22

It is the intent of this request to inform the lay public of working matters; is not the intent or scope of this request to trigger any exemption under the existing Right To Know Law regarding privileged workings of municipal bodies.

Again, I understand that some information is exempt from release under the exemptions section of this RSA-I am specifically requesting all non exempt information that is subject to release under law. I agree to pay any and all applicable fees under the RSA.

Hello

I would like to renew the registrations for my truck and RV but unfortunately our Van was recently declared a total loss, the Toyota

what are my requirements to complete that transaction without the Toyota? Thank you

Water Infrastructure is a big issue in this town

I moved to off Auburn Rd nearly 7 years ago and have heard from multiple residents in other neighborhoods who were promised connection to Manchester water years ago and the Town never made good on it.

It's about time, but this Warrant Article is worded poorly.

Please attach this email to the meeting record.

The Town understands well that this 1.9.23 meeting is not public comment or a public hearing-

However, it is arbitrary and poorly serving the public for Chairman Farrell to determine that he will allow questions from the public on some warrant items but not others.

As chair, his duty is to facilitate orderliness, not dictate, and the Town expects better.

I request this email be added to the minutes/record for tonight's meeting.

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I am not surprised, but I am ultimately disappointed in the 11th hour vote situation that occurred.

I want to thank councilors Paul and Franz for voting with integrity and transparency to the benefit of the Londonderry taxpayer in mind.

Although I respect and am glad that the will of the voter will be heard during the march voting session, as usual the administrative process and way that this worked itself out from the town to the council to the ballot was disreputable, as Londonderry business often is.

I thank you for the opportunity to have previously spoken to this as a citizen, and for the town manager and finance director clarifying that we do in fact have a sufficient rule of three in place regarding safeguards against wayward treasurer action. This move is not required in order for the Town to have sufficient safeguards in place.

It is clear that this effort has political concerns rather than compliance ones at it's heart, and I will look forward to educating londonderry's voters as such prior to march.

**Subject:** Citizen engagement at Town Council meetings

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

How do I formally request this engagement as a citizen?

I speak to a lot of things Joe but I'll never fake it, I'll always be up front with you about what I -don't- know.

I understand this would be a notification that is above and beyond what the council/town is required to post regarding Council meetings and public sessions. I know the Council complies with the letter of the law there is no question there.

I am specifically to see an additional emphasis on citizen outreach, to include the suggestions you referenced. Perhaps publishing the agenda and an invitation to attend to citizens who have registered their emails with the town, as well as an additional notice in the paper.

If we are going to entrust the voters with casting their weight on this decision next year, we should engage as many of them as possible to ensure that we are welcoming the qualified opinions of our professional class electorate.

I believe Chief Bernard was inviting senior citizens to come by the police department at the Senior info day I attended. We had joked about him doing a podcast or a newsletter called the shift brief, but we had also seriously discussed some type of "coffee with the chief" method of engagement, because he raised several issues that I may not have heard outside of my participation in leadership londonderry.

I think these are weighty matters before the council and perhaps some sort of coffee with the council could be used as a draw to welcome people to the conversation, and invite them to public sessions, especially as we get deep into the weeds on budget season and this Treasurer issue.

I would be willing to provide for that meals expense as a donation to the town if the council were willing to schedule open sessions with citizens of that nature, but I also would like to see targeted Outreach for the upcoming public sessions.

Please respond at your earliest convenience, no expected suspense, and let me know what measurable steps we can take before the end of the calendar year? I know we have LACTV and I know you folks are as busy as ever but i think we could cooperatively make some real gains here Thank you for your response Joe, much appreciated

Jonathan, thank you for your comment and support. I wonder if we could start sending the agendas out to people who sign up to receive them electronically. Maybe we can advertise this service on the website and put it in the local free papers too. This way folks will get notice of what will be discussed -delivered directly to their inboxes. It may peak more interest. When I first got on the council , we used to have a mass email address list. Just an idea.

I think councilman green made a great point tonight during the public comment section regarding amending the town charter for the elected treasurer.

I believe the statement he made was that the small group of people who had gathered in that room do not necessarily speak for the full bloc of Londonderry townsfolk

Obviously it's a struggle to get people to the polls but there is a lot of pertinent Town business that goes on far before anyone shows up to vote on a warrant article.

In accordance with the town council's vote tonight to have the town manager move forward with a proposal to the state on amending the town charter, I would like to charge the Town Council in how they can drive citizen engagement at the upcoming public hearings.

What are your ideas? How can I help?

I think councilman green made a great point tonight during the public comment section regarding amending the town charter for the elected treasurer.

I believe the statement he made was that the small group of people who had gathered in that room do not necessarily speak for the full bloc of Londonderry townsfolk

Obviously it's a struggle to get people to the polls but there is a lot of pertinent Town business that goes on far before anyone shows up to vote on a warrant article.

In accordance with the town council's vote tonight to have the town manager move forward with a proposal to the state on amending the town charter, I would like to charge the Town Council in how they can drive citizen engagement at the upcoming public hearings.

What are your ideas? How can I help?

**Subject:** Citizen engagement at Town Council meetings

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

How do I formally request this engagement as a citizen?

I speak to a lot of things Joe but I'll never fake it, I'll always be up front with you about what I -don't- know.

I understand this would be a notification that is above and beyond what the council/town is required to post regarding Council meetings and public sessions. I know the Council complies with the letter of the law there is no question there.

I am specifically to see an additional emphasis on citizen outreach, to include the suggestions you referenced. Perhaps publishing the agenda and an invitation to attend to citizens who have registered their emails with the town, as well as an additional notice in the paper.

If we are going to entrust the voters with casting their weight on this decision next year, we should engage as many of them as possible to ensure that we are welcoming the qualified opinions of our professional class electorate.

I believe Chief Bernard was inviting senior citizens to come by the police department at the Senior info day I attended. We had joked about him doing a podcast or a newsletter called the shift brief, but we had also seriously discussed some type of "coffee with the chief" method of engagement, because he raised several issues that I may not have heard outside of my participation in leadership londonderry.

I think these are weighty matters before the council and perhaps some sort of coffee with the council could be used as a draw to welcome people to the conversation, and invite them to public sessions, especially as we get deep into the weeds on budget season and this Treasurer issue.

I would be willing to provide for that meals expense as a donation to the town if the council were willing to schedule open sessions with citizens of that nature, but I also would like to see targeted Outreach for the upcoming public sessions.

Please respond at your earliest convenience, no expected suspense, and let me know what measurable steps we can take before the end of the calendar year? I know we have LACTV and I know you folks are as busy as ever but i think we could cooperatively make some real gains here Thank you for your response Joe, much appreciated

Jonathan, thank you for your comment and support. I wonder if we could start sending the agendas out to people who sign up to receive them electronically. Maybe we can advertise this service on the website and put it in the local free papers too. This way folks will get notice of what will be discussed -delivered directly to their inboxes. It may peak more interest. When I first got on the council , we used to have a mass email address list. Just an idea.

For the official record as related to tonight's 11/21/22 Town Council meeting, I would like to respectfully note that just 10 months ago the Town Council Chair had noted this issue was "not for this Council to deal with." Added emphasis is the Chair's.

That is quite the about-face and I certainly hope citizens will see that inconsistency for what it is.

**Subject:** Golf Carts and other thoughts for the written record

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I am still not quite sure if internal minutes are kept for Council purposes but if they are I would like the following email appended to them.

1. For all of my criticism I just want to take the time to thank the Town Council chair and associates for their efforts assisting voters this past election Day with some of the Town's golf carts.

I had previously made remarks to the council around old home day and the primaries about certain "Londonderry royalty" riding around in them and the bad optics around that.

It did me good to see the equipment put to use benefiting citizens.

2. With respect to the esteemed Chief of Police whom I regard highly, I want to briefly respond to some of his commentary during this past Mondays council meeting, remarks he made on the 14th during the last half hour or so of the council meeting. I caught up with it by video as I was unable to attend in person.

It is ironic that he used old home day as an example of a rhetorical question of where the police would not want to cut over time for services. I still have copies of my wife's audio calls to the department regarding the behavior of certain citizens and political candidates that were not satisfactorily responded to.

So yes, I am at least one citizen voice that would like to say, obviously we -don't- need to spend that much money on overtime for old home day, because the assets are not utilized efficiently to respond to citizen complaints.

3. I would also like to refresh comments that were made by Ann Ciampa, regarding old home day being originally citizen-led and the town participation was voluntary and contributory.

There is no reason an event like old home day should be so co-opted by the town that it is used as justification for budgeting any more than a nominal amount of overtime for it. That may not be a popular opinion but there it is.

That being said, after hearing the chief talk during leadership Londonderry about using other line items in the budget for staffing, I am glad to see that things are finally being done with the correct approach to budgeting and personnel.

Warm regards
Jonathan Esposito

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

An interesting tidbit to append to the rest of the historical traffic I have sent to the town about this issue probably the last item I send.

Very interesting that the Lions International has requested a summary of the last few months of events from the local leadership, to include a summary of the hall issue with the town.

I was also made aware that unlike most clubs which can manage to operate honestly enough to keep one general account, our local Club has been recommended to split off accounts for other donation revenue.

Seems to me that's a direct follow up to my questioning them internally as a member whether or not donations restricted for specific purposes (building) were going to be allotted to the club's general expenditures. Directly in accordance with what another long time member attested to in writing.

I certainly hope the town will use more discretion and be more mindful about the honesty and integrity of the community organizations we partner with in the future. We need to be careful with whom we partner with and make joint statements, and ensure that the accuracy thereto is absolutely 100%

Our citizens deserve nothing less.

Yours in integrity

Jonathan Esposito

An interesting tidbit to append to the rest of the historical traffic I have sent to the town about this issue probably the last item I send.

Very interesting that the Lions International has requested a summary of the last few months of events from the local leadership, to include a summary of the hall issue with the town.

I was also made aware that unlike most clubs which can manage to operate honestly enough to keep one general account, our local Club has been recommended to split off accounts for other donation revenue.

Seems to me that's a direct follow up to my questioning them internally as a member whether or not donations restricted for specific purposes (building) were going to be allotted to the club's general expenditures. Directly in accordance with what another long time member attested to in writing.

I certainly hope the town will use more discretion and be more mindful about the honesty and integrity of the community organizations we partner with in the future. We need to be careful with whom we partner with and make joint statements, and ensure that the accuracy thereto is absolutely 100%

Our citizens deserve nothing less.

Yours in integrity

Appreciated seeing the Council Chair at the Crossroads Mall this evening.

Was a great showing of involved citizens. I even got to test out my new hearing aids. Had great turnout of some Republican candidates, not all, although I'm sure the Town Council Chair wasn't there for our partisan sign waving hour.

A nice reminder despite recent contentious traffic that we all shop at the same places in our beloved community.

Be well in this election season

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I don't understand your minimization of the issue, or what your personal bent is Tom, but I welcome your feedback.

Ill correct you gently once again on your statement in error: I as an individual or committee member have no personal grievance with our chairperson.

We have a fiduciary duty to this committee and to our Republican base, to ensure funds the Committee raises are correctly accounted for and invested in the efforts of electing Republicans.

When by laws are not closely followed regarding expenditures, that fiduciary duty to our Republican supporters is breached.

That's it sir. Thats the issue. Not opinions, not perceptions, actual breaches of duty.

Thank you.

Whether true or not, it appears that way. Your efforts do not seem to be focused on electing Republicans and defeating Democrats. I would urge you to reassess your efforts and put whatever your minor disagreements are with our Chairperson aside.

Remember, this isn't about YOU. It's about electing Republicans. That's it.

Thank you for your concerned email as a Rep Tom.

It is regretful that you wrongly perceived email correspondence as immature internal power struggles.

No power struggle has ensued sir. There is a question of breach of fiduciary responsibility by the chair and treasurer, hardly an "immature" issue.

Because there are only 4 of us on the executive committee, this compromises our ability to examine the matter internally in an ethical manner, and so the wider committee was duly notified for transparency.

We are working hard to hold strict accountability to by laws in accordance with fiscal expenditures PRECISELY so that we may continue to support LRC's mission of electing quality Republicans.

Unfortunately, concerns regarding proper procedure of expenditures have compromised both our fiscal position as a committee, as well as the faith and trust in our members. Several members have expressed a reluctance to continue to support Committee efforts if financial affairs are not strictly controlled according to by laws, which they have not been.

These emails need to stop.

The LRC exists to elect and support Republicans. These emails which appear to be immature local power struggles only distract from the LRC purpose and mission.

If they continue, then decertification of the LRC by the state is certainly in order and should be considered.

**Subject:** 91A Request

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good morning

I gingerly send this request with my appreciation in advance

I know the town (Mike, really) just produced a very sizable lift on a 91a request for me and it was not my intent that that request be as time or labor intensive as it was. I am still reviewing the 1400 pages sent to me and I still intend on scheduling a future time to follow up with the Town Council regarding my concerns about Old Home Day, not to mention other concerning selections from Kirby's emails.

That all being said:

THIS email shall serve as its own right to know request under RSA 91-A

I am requesting:

detail copies of all legal invoices and expenses incurred by the Town of Londonderry for Fiscal Year 2019. This shall include backup documentation from the Accounts Payable process, including correspondence such as (but not limited to) internal approval emails, purchase or requisition orders, and other requests for legal services generated by the Town Manager, Town Council, or other municipal bodies.

I would also like to request a copy of the 1099 filing or other IRS filing document that the town may have used to report total legal expenditures for FY2019.

I understand this is another sizeable lift, and I thank you for the work.

If redactions under 91A are necessary, there needs to be clear articulation of each redacted item, which exemption was applied, and why.

Please reply with initial confirmation of my request No Later Than close of business 10.24.22.

I am reviewing my sent emails for confirmation that this message was transmitted and I do not see it so I am sending it for a second time for record. If you already received this correspondence from me you may disregard this second copy or include it with the other for reference. When the Town Council chairman is using his gavel to request order, he absolutely needs to contain his angry red face as well as his ridiculous angry tone. No matter how inconvenient The accidental conversational disruption from citizens may have been, John has consistently addressed me as a citizen at meetings in a manner that is beginning to amount to harassment.

The next time I get angrily yelled at instead of professionally spoken to by the Town Council chairman, it becomes a harassment complaint and I will ask for a police department response as a private citizen. I will ask Chief Bernard to come back in and respond as an LEO, write up an incident statement and all.

Never again will I be spoken to by John Farrell with his angry Red rage face. He can resign if he can't contain himself. I highly recommend that the other councilors get their peer in check before I have to seek formal redress from the town regarding his inappropriate conduct when conducting a council meeting.

I am reviewing my sent emails for confirmation that this message was transmitted and I do not see it so I am sending it for a second time for record. If you already received this correspondence from me you may disregard this second copy or include it with the other for reference. When the Town Council chairman is using his gavel to request order, he absolutely needs to contain his angry red face as well as his ridiculous angry tone. No matter how inconvenient The accidental conversational disruption from citizens may have been, John has consistently addressed me as a citizen at meetings in a manner that is beginning to amount to harassment.

The next time I get angrily yelled at instead of professionally spoken to by the Town Council chairman, it becomes a harassment complaint and I will ask for a police department response as a private citizen. I will ask Chief Bernard to come back in and respond as an LEO, write up an incident statement and all.

Never again will I be spoken to by John Farrell with his angry Red rage face. He can resign if he can't contain himself. I highly recommend that the other councilors get their peer in check before I have to seek formal redress from the town regarding his inappropriate conduct when conducting a council meeting.

I do apologize for any conversational interruptions that occurred due to myself as a citizen

I will say it again for public record that even when calling for order and using the gavel, that the Town Council chairman needs to lower his tone, calm his red face, and shall far more respect to the citizens that he is serving by conducting said meeting. I will never be addressed in an angry tone by John again. Next time I file a harassment complaint.

Jonathan

I have raised several concerns with the town regarding having a shared candidate/supporter pen for the upcoming mid term election.

The Town Council has asserted that this decision is entirely yours sir.

I understand the town attorney believes the town and town council have fulfilled their obligations under law with the current plan

However, State RSA is very clear that candidates and their supporters are to have conversational level access to voters entering and leaving the polling station

This current plan denies equal 1st Amendment coverage to citizens on all sides of the political spectrum, because those candidates and supporters relegated to further away from the polling station entrance will not have that conversational access right as recognized in the applicable RSA.

Furthermore, as a town citizen, I reported issues on both sides (I believe fairness is non partisan) on Old Home Day. Select Democrats were screaming in my children's face thru a megaphone during the parade, and select Republicans were being unsafe with their vehicles near children during parade staging and at the touch a truck event parking lot.

Old Home Day was not even a politically charged event and we still had political misconduct. The town and PDs response to mine and my spouses safety complaints were utterly insufficient and lackluster. I lack confidence in the Town's commitment to make dedicated follow up IF issues DO arise in the pen on election Day.

The response from the PD "hoping everyone will act like adults" is insufficient. The response from the Town Council that you all have fulfilled your obligations with the current plan is not correct in my view.

The Council made it clear that this decision and plan were within your purview alone.

Please reconsider, and please respond at your earliest convenience sir.

Requesting this be added to Town Council meeting minutes RE the election pen statement from John Farrell

I would like to request that this email correspondence be added to tonight's Council Meeting minutes, attached under town agenda item relative to the state of the 256 Mammoth Rd "Lions Club" property.

This correspondence from barely 1 month ago is from Lions Club member Don Charette to myself, Jonathan Esposito,. I was a Lions club member at the time (I am not any longer)

As this correspondence directly relates to the current State of the property and the Lions fulfillment of the prior lease and property conditions therein, this correspondence shall be included in the Council meeting minutes for public transparency.

I have included an officer of the club for transparency.

A concerned citizen,

Jonathan Esposito

**Subject:** October 6th meeting concerns RE by laws vote

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Thank you very much for your email tonight Jan and your hard work as chair

Thank you also for the refresher on the bylaws which we only voted on a few short months ago as a committee. As previously expressed, many members do not feel it presents a positive image for the committee to hold another by law vote on 10.06.

You have not substantiated to us or the other officers any member request from the prior meeting that absolutely demands and dictates that we hold a bylaw vote this upcoming meeting. We have requested that this meeting agenda focus entirely on the vote for a vice chair and then election business, and have requested that bylaw votes be tabled until after the November election at the very least.

Also, while we understand that "The **Chairperson shall** ensure that the duties and activities of the LRC are accomplished as defined by the bylaws" there is a crucial component that was missed in your statement: namely, that the duties and activities of the lrc are defined by the committee itself-the members. We define how the committee's duties are to be fulfilled and in what order, and what the activities of the committee will be. Your job is not to set the duties and activities themselves but rather to see that the committee at Large is accomplishing OUR shared intent in accordance with bylaws.

There isn't a CEO out there who isn't beholden to his or her executive staff or who isn't accountable to a board of directors. The way this business leading up to Octobers committee meeting has been conducted gives you the appearance of acting as an independent agent, rather than one closely intertwined and connected with committee intent.

I hereby request that this communication be added as an addendum to the 10/6/22 minutes once the meeting has concluded and the minutes are prepared, given the concerns that members have raised.

Very respectfully

Jonathan Esposito

**Subject:** 91A

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I understand that recent commentary has been made regarding the burden of 91a requests on the town.

I know there are some knucklehead parents out there who will file frivolous ones on the regular just to make trouble for the district, town, etc.

That was not my intent here, and I am slightly regretful to hear that the release has generated so much for you to have to review prior to releasing to me

I did not feel that the town's response to the old home day concerns that I raised was satisfactory, as I have noted before.

Had I received a bit more of an apologetic or accountable response from the town, this release would likely not be necessary. However, I now have to take the time to compile the information you are releasing to me from Kirby (keep in mind i will have to read all of that also, as i am not going to waste the time you just invested) correlate it with the information from the police department, write up a nice narrative, and then request to sit down with John Farrell afterwards to once again give my breakdown on all this.

I guess what I am saying sir is in an ideal World, none of this would be necessary, but that choice was made by the town and not by me as a citizen. So thank you for completing that, no worries if you cannot by the Friday deadline.

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I understand that recent commentary has been made regarding the burden of 91a requests on the town.

I know there are some knucklehead parents out there who will file frivolous ones on the regular just to make trouble for the district, town, etc.

That was not my intent here, and I am slightly regretful to hear that the release has generated so much for you to have to review prior to releasing to me

**Subject:** School resource officer statement

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I don't understand the statement made by the Town Council chair last night at Alice training basically taking credit for the fact that there are now four school resource officers instead of one.

I'm pretty sure that the department has had a great hand in this, along with the will of many parents.

It just seemed a singular, credit taking statement and it should be corrected or should not have been made at all.

**Subject:** Vendor Contracting

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Could someone from the console kindly update me on where we are regarding updating our vendor contracting procedures?

I am not delighted to see that Peter Curro is staying on but I did have serious concerns regarding the qualifications of his replacement after I met with the both of them in june, so it is what it is.

When I met with Peter in June it was to discuss vendor qualification procedures and how the town was updating them, they had to go for public reading, etc. I have lost track of where the policy is in that process.

I find it greatly concerning that the state of New Hampshire does not require towns to put items out to bid, but that is my lesser concern.

My greater concern is that Londonderry does not do a good qualification process on the vendors they do select.

Londonderry as our Town should be ensuring that any vendor entity selected to perform work:

1. Does not employ felons (personal security risk)

2. Is not delinquent with their NH Business taxes (the Secretary of State has a free website you can literally plug it in and check-not being current with taxes opens organizations up to fraud and blackmail per the feds)

3. Is not otherwise prohibited from receiving Federal funds

4. Is financially solvent in case redress is necessary in the future (think 256 Mammoth Rd, Lions Hall, town hired a floor contractor who did shoddy work, town engineer signed off on it, work was poor and now town can't seek redress to get floor redone)

I went over vendor qualification procedures quite extensively with Peter and he was unable to assure me that either the school district or the town was making these four checks before selecting vendors to do work for the town. This has chilling liability and safety/security implications, the fact that we as a municipality are so lacks about this, and I'm just wondering where we are at in the process of you folks fixing it.

Peter was not convinced that the current policy changes going for public reading we're going to address all of the concerns that I raised above but he suggested they would be a start.

Requested suspense for your response is 9.23.22

**Subject:** Oktoberfest and updates

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Congratulations on a successful Oktoberfest. Kindly forgive me if you received this email 2X as I may have has an error in transmission.

Jan sorry we haven't connected further I must have missed your communications. We played a bit of text tag over the weekend and I left you a couple of emails.

Could you kindly update the membership on the status of an interrim Vice Chair? Has one been appointed between now and the 10.06 vote? Members have been asking our former VC and we have not been able to provide a satisfactory answer,

I had personally reached out to offer to volunteer to fill the role as interim until someone is voted on to replace Maureen but it is not my desire to push myself to preeminence here. Rather, I want to help ensure we continue with the positive gains we have made as an organization, which were kindly touched upon by Gen. Bolduc.

Thank you for the meeting announcement in the paper BTW. In addition, I would like to hereby request as a member that a summary of proposed bylaw changes be put out to the entire committee, with summary reasoning as to the necessity of such, no later than 7 days prior to the 10.06.22 meeting. Please let me know if you foresee an issue meeting this time ask with this communication and I will be glad to help.

We just duly voted on by-laws as a committee after discovering that old unsigned ones were being adhered to, and that the prior officers were not upholding by laws RE involving expenditures.

We had a full complement of voting members who voted and agreed to holding elections in January. Why would we now ask the committee to vote to postpone executive elections to April? I have serious concerns as to the optics of such a move, considering that you as chair know as well as anyone how much this Committee and it's leadership have been maligned over the proper but uncomfortable change in leadership that occurred in the Spring.

Another vote to move yet another officer election undermines our credibility as a Committee.

Surely we need time to ensure compliance and adherence to the current set before making another change. I am also concerned if there is Regional or State GOP by-laws or State rules regarding how often our local ones can be changed. Have we done this due diligence? If we have, that information has not been made available to me as a voting member.

We should have the opportunity as members to have a discussion as a Committee, and THEN a vote possibly conducted at a follow-on meeting. I do not mean to muckrake here but this feels hasty. We also struggle to conduct efficient meetings while also attending to all matters of business, and giving the general membership the chance to be heard RE concerns. It does not make sense from an organizational perspective to attempt to conduct an election and a by law change at the same meeting, and it also produces bad optics there as well.

I will be at the 10.6.22 meeting to raise concerns and object to a rushed vote as needed but I am confident we will make some course corrections as a committee before then.

Please do advise Jan and I welcome commentary from other members also, as I am not the only general member or leadership committee member who has expressed reservations against the proposed and announced committee business

Yours in voting red for quality candidates

**Subject:** K. Smith candidate signs Londonderry HS polling station

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good morning, it has come to my attention that John Farrell as the Council chair has pulled out and laid down the Kevin Smith signs in question that were reported today.

However, illegally placed election signs are to be collected and turned in to the town. Simply taking his signs off of their metal stake posting and laying them down, still at the polling station, until after 8:00 p.m. tonight is not a redress.

Please instruct Mr Farrell or another town official to take custody and possession of the illegally placed campaign signs. I have copied the election law unit to ensure compliance.

There are Kevin Smith signs down the walkway on Londonderry high School property in clear violation of where they are allowed to be placed

Given the fact that the Town council chairs wife is running around official events in Kevin Smith gear, this is really a poor look and I'm assuming you're going to fix it shortly

I would like this email to serve as a right to know request

I would like to request that the town produce call logs for Saturday August 20th 2022

For calls placed to the Londonderry police department non emergency line

between the hours of 8 AM and 12 PM and 12 PM that day.

I do believe the dispatcher states you are on a recorded line when they answer,

so I would also like to request any recording from a phone call generated from Xfinity Mobile customer [redacted] in the same date and time window.

I simply do not accept the PDs explanation that the dispatcher may have too busy or otherwise occupied with something else to log a safety call from a lead volunteer on Old Home Day. That flies in the face of everything the other councilman said about "get involved and help."

It's not about someone running over a safety cone. It's about putting a whole area of town volunteers as well as vehicle owners and businesses, who donated their time and equipment, at unnecessary risk.

I can't imagine that kind of behavior is what Chair Farrell had in mind when he was talking about building relationships.

Copying the council as I intend on following up after response is issued to this 91A request

Requested suspense for initial response to this request is Thur 9.1.22.

**Subject:** Inquiries X2

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

While I have your ear though since we were recently corresponding;

1. Is there a rough projected cost on the pump station project that the unanticipated revenue is expected to offset? I see the amount of the unanticipated revenue but I'm unfamiliar with the actual cost of the pump project.

2. (And this may seem out of left field) could you advise me on approximately what date you became aware / or informed that the Lions Hall lease at 256 Mammoth Road specified that the club was responsible to pay the costs of maintaining the property per the lease? That question is not a criticism of you, simply my trying to establish a timeline for the club.

3. Is there any current dialogue or plan for the Lions club to remunerate the approximately $16,000 in donations they received from Home Depot and Benson's hardware, specifically earmarked for the building, to the town of Londonderry?

I would be interested to know if those donations were going to offset the towns current costs for 256 Mammoth since the Lions quit their lease.

As you may or may not be aware, the club discharged me from the organization when I protested them adding those donations to their benevolent giving coffers. I had brought this up to Michael maliguti in the fall of last year while they were still in the time period of quitting the lease, and I think it may be a pertinent time to revisit that convo.

Thank you for taking the time to respond to my above two inquiries and for the further dialogue

Jonathan

**Subject:** Request for update/informal feedback

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I am sorry, when I said I would love to hear of any constructive update, I was simply referring back to my initial question of appointees and their status.

I was not pointing back to any other update relevant to the town council meeting, I was simply acknowledging that I was ignorant if anyone had been appointed as Trustees because I was not able to be there.

Regarding my remarks of reticence in answering questions, that comment would also not be specific to any recent town council meeting, but was more of a general observation that was provided. The individual(s) who mentioned it did not do so out of any sense of serious complaining, and I am sure if they had any significant issues they would have come to you directly. It was an offhand observation and I would note it was in response to my inquiry of how things were going, as opposed to someone seeking me out in order to complain.

I am sure you will continue to do your part and look forward to dialoguing further. I will stay tuned for a meeting update after oaths are taken and I do wish you a great rest of the day / week!

Jonathan

**Subject:** RE: Request for update/informal feedback

Good Afternoon,

- **Trustees of the Trust Fund update**: At Monday's Town Council meeting both open positions were filled, the Town council appointed the two individuals below to the positions. These individuals still need to come into Town Hall to take their Oath of Office, once they have we can set up an introductory meeting.
    - Jim Green
        - 2 Year Position
    - Cindi Rice-Conley
        - 1 Year Position

- **Town Council Meeting Constructive update**: I have never been asked this question and am not sure what you are looking for in terms of an answer. If my response is not what you intended it to be, I apologize as I mentioned I have never had this question asked before.
    - Town Council Accepted $ 10,000.00 in unanticipated revenue for Fire Department training

- Town Council Accepted $ 4,000,000.00 in unanticipated revenue for use towards the Pillsbury Pump station and Force Main project
- Town Council approved $ 120,000 in use of ARPA funds for Thermal Imagining Cameras for the Fire Department

I want to thank you for reaching out and informing me of these individuals concerns. It affords me the opportunity to address and rectify the situation. I will discuss this matter in further detail with the Budget Committee to work towards not only these individuals, but all residents having an increased comfort in reaching out to me regarding questions they may have. I do wish these individuals would have called, stopped by or reached out to me directly regarding this. We could have resolved the issue together and they would not have been informing other residents, such as yourself, that they felt this way about my handling of questions. The Budget Committee and myself can use this as learning opportunity and work to prevent a situation like this from occurring again and hopefully it will reiterate to the public that I am here as their hired professional and they are welcome to reach out to me. Thank you again for bringing this matter to my attention so I am able to address it before it became a bigger issue.

I will reach out to you and the other two trustees once they have taken their oath of office.

Thank you and have a wonderful day,

**Justin W. Campo**
Finance Director
Town of Londonderry, NH
603-432-1100, ext. 138

**Subject:** Request for update/informal feedback

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good morning sir two items on the brain this morning

I would like to request an update on the appointment of open positions for trustees of the trust fund.

I have not yet had the pleasure of watching the most recent Town Council meeting and I was unable to attend due to my wife's community obligations, so I would love to hear of any constructive update there.

I also want to provide a bit of informal feedback on the record.

I have heard from certain numbers of the budget committee that...As much as it pains me to write this...That you have seemed a touch -reticent- to answer certain questions about certain issues.

Now, several members of that committee are newer and this may have simply been a matter of personal perception in dialogue, where some members have a longer track record of working with you than others.

But, as I was often reminded in the service, perception is often reality. It is not the perception that Londonderry nor its finance director wishes to generate, as a transparent working relationship between the towns various budget related officials is key to achieving the long-term efficiency improvements that the town manager has sought to bring to Town Hall.

Take this second half for what it is worth, as it is not intended to be pot stirring, nor to be a personal attack, but rather an opportunity to reflect on how we can best serve the citizens of the town going forward.

Out of courtesy I have sent this transmission to you alone and not mentioned it to others, so as to not accidentally/unfairly malign the job you are trying to do.

Thank you for reading and I will stay tuned for those trustee updates.

Very respectfully

Jonathan Esposito

**Subject:** Public comment 4.24.23 | Request to include correspondence

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

As a citizen of the town of Londonderry I would like to briefly address remarks made by Mackenzie Farrell at public comment at the 4.24.23 town council meeting.

Ms. Farrell was grossly incorrect in making the statement that it is a small group of mal contents or disgruntled citizens bringing forth issues. Ms Farrell also used faulty logic in making what would be known as an "argument from silence." I.e. we don't hear more citizens complaining, so therefore citizens must be content and satisfied that government is working. Sadly, just as in other arenas outside of local governance, this statement and the logical conclusion it arrives at carry virtually no weight.

It is extremely interesting that citizen Farrell's remarks seem to echo remarks that Councilman Butler made on April 10th, in which he also falsely suggested that it's a small group of people who are having issues in tiwn

While I appreciate the Town and fellow citizens coordinated attempts to frame the narrative as if there are small group of mal contents, their behavior must be called out as exactly that; attempting to frame a false narrative that is beneficial to Town government rather than the residents.

The recent mass departure from the planning department as a result of town manager malaguti's reorganization plan, labor complaints against the town of Londonderry that are public record, and the recent outbursts of behavior from the Town Clerk and Councillor Butler at the April 10th meeting, all clearly show that there are systematic issues in how Town Hall is managed; hardly the petty complaints of a small group of citizens.

There has been collaboration between the town manager, the town council, and the police chief to lawfully yet unethically prohibit citizens from taxpayer-owned common spaces in town that citizens have previously enjoyed using. This behavior favors some groups of citizens over others, behavior that negatively impacts every citizen in Londonderry, who ALL should enjoy equal and free access to the spaces that they pay for, regardless of political affiliation.

The town of Londonderry releasing a false statement with the Lions Club in 2022 regarding declining rental revenues, when the club actually had a record year of rental revenue (I have the spreadsheets to show it) was an intentional falsehood that had to be retracted by the Town after I brought the club's fiscal mismanagement to public light. The town inappropriately paying for expenses at 256 Mammoth Road that the Lions Club was responsible for, affects all citizens in Londonderry, not just a small group of mal contents. The Lions Club received approximately $16,000 in earmarked donations for the 256 Mammoth Road property in the last couple of years, money that to my knowledge, has still not been remunerated to the Town. Surely, not even Ms. Farrell could argue the assertion that errant use of taxpayer dollars affects us all.

The recent email smear campaign by Councilman Butler and Chairman Farrell, including the inappropriate use of Chairman Farrell's private email, and the flagrant violations of the Towns internet policy for staff, all constitute poor behavior that affects all citizens in Londonderry, not just those who come to speak at public comment.

The town's attempts to whitewash the public record by selective inclusion of minutes, arbitrary determinations of who may have their correspondence included in the record, falsely limiting public comment to 3 minutes for years, combined with the council not following its own charter by not properly recording Council votes...these are all issues that affect every citizen in Londonderry.

There is a concerted attempt by those in authority to paint citizens not happy with the lack of transparency coming out of town hall, as a small group of fringe citizens. This false narrative was perpetuated by town manager Maliguti in his previous letters to the Londonderry Times, falsely claiming that citizens simply want to cause disruption and chaos, as opposed to seeing our government run better.

I firmly reject the Town Council and associates' false information narrative that only some citizens are not pleased with how things are going. Many citizens are watching, and we will remember next election cycle.

in accordance with Councilman Butler's calls to include more information in the public record, remarks that he made on 4.10.23's meeting, I request that this correspondence be included with the 4.24.23 Town Council meeting minutes for widest transparency in dialogue.

Surely, not even Ms. Farrell could argue the assertion that errant use of taxpayer dollars affects us all.

The recent email smear campaign by Councilman Butler and Chairman Farrell, including the inappropriate use of Chairman Farrell's private email, and the flagrant violations of the Towns internet policy for staff, all constitute poor behavior that affects all citizens in Londonderry, not just those who come to speak at public comment.

The town's attempts to whitewash the public record by selective inclusion of minutes, arbitrary determinations of who may have their correspondence included in the record, falsely limiting public comment to 3 minutes for years, combined with the council not following its own charter by not properly recording Council votes...these are all issues that affect every citizen in Londonderry.

There is a concerted attempt by those in authority to paint citizens not happy with the lack of transparency coming out of town hall, as a small group of fringe citizens. This false narrative was perpetuated by town manager Maliguti in his previous letters to the Londonderry Times, falsely claiming that citizens simply want to cause disruption and chaos, as opposed to seeing our government run better.

I firmly reject the Town Council and associates' false information narrative that only some citizens are not pleased with how things are going. Many citizens are watching, and we will remember next election cycle.

in accordance with Councilman Butler's calls to include more information in the public record, remarks that he made on 4.10.23's meeting, I request that this correspondence be included with the 4.24.23 Town Council meeting minutes for widest transparency in dialogue.

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

As a citizen of the town of Londonderry I would like to briefly address remarks made by Mackenzie Farrell at public comment at the 4.24.23 town council meeting.

Ms. Farrell was grossly incorrect in making the statement that it is a small group of mal contents or disgruntled citizens bringing forth issues. Ms Farrell also used faulty logic in making what would be known as an "argument from silence." I.e. we don't hear more citizens complaining, so therefore citizens must be content and satisfied that government is working. Sadly, just as in other arenas outside of local governance, this statement and the logical conclusion it arrives at carry virtually no weight.

It is extremely interesting that citizen Farrell's remarks seem to echo remarks that Councilman Butler made on April 10th, in which he also falsely suggested that it's a small group of people who are having issues in tiwn

While I appreciate the Town and fellow citizens coordinated attempts to frame the narrative as if there are small group of mal contents, their behavior must be called out as exactly that; attempting to frame a false narrative that is beneficial to Town government rather than the residents.

The recent mass departure from the planning department as a result of town manager malaguti's reorganization plan, labor complaints against the town of Londonderry that are public record, and the recent outbursts of behavior from the Town Clerk and Councillor Butler at the April 10th meeting, all clearly show that there are systematic issues in how Town Hall is managed; hardly the petty complaints of a small group of citizens.

There has been collaboration between the town manager, the town council, and the police chief to lawfully yet unethically prohibit citizens from taxpayer-owned common spaces in town that citizens have previously enjoyed using. This behavior favors some groups of citizens over others, behavior that negatively impacts every citizen in Londonderry, who ALL should enjoy equal and free access to the spaces that they pay for, regardless of political affiliation.

The town of Londonderry releasing a false statement with the Lions Club in 2022 regarding declining rental revenues, when the club actually had a record year of rental revenue (I have the spreadsheets to show it) was an intentional falsehood that had to be retracted by the Town after I brought the club's fiscal mismanagement to public light. The town inappropriately paying for expenses at 256 Mammoth Road that the Lions Club was responsible for, affects all citizens in Londonderry, not just a small group of mal contents. The Lions Club received approximately $16,000 in earmarked donations for the 256 Mammoth Road property in the last couple of years, money that to my knowledge, has still not been remunerated to the Town. Surely, not even Ms. Farrell could argue the assertion that errant use of taxpayer dollars affects us all.

**Subject:** 20 seconds

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I made it 20 seconds into your remarks at public comment.

I was not able to attend Monday's Meeting as Kaylee was committed at another organization in town. I also like to occasionally skip a meeting if I have had contentious dialogue with the council of the previous meeting, just to allow a little extra buffer time.

Considering you are vice chair on the council, You have a platform to take more of a stand than this and I am extremely disappointed at your weak kneed remarks Chad. Londonderry elected you to be better than this and as a fellow veteran I personally expect higher from you than this.

Kristine Perez nailed it right on the head discussing councillor Butler's lack of decorum. But you make it 20 seconds into a speech about how we need to get along and have better dialogue, and you outright lie. Why?

Jim Butler wasn't pushing back against any misinformation. No one who spoke at the April 10th council meeting that I left said anything that was untrue that night. Jim made vague references to the newspaper and to false narratives on April 10th.

As sitting council members, either of the two of you are welcome to call me, or we can schedule a meeting with malaguti and plenty of witnesses, and you are welcome to show me where I have made false statements that Mr Butler was supposedly pushing back against when he called me a joke.

You have a platform with which to hold your peers accountable and to call for better decorum, and instead you sat silently by while your peers blatantly disrespected citizens.

You stated that public comment is an opportunity, although it is not debate, for you to hear our concerns. But then you let Sherry Farrell make a mockery of public comment and of the councils unofficial, not voted on rules of order.

I will give you the professional courtesy that you are due as a fellow member of the other organization in town that we participate with, but I will never personally associate with you again, nor will I ever support you being elected to a position of governance again.

And it's not out of resentment or retaliation (although I am mad and disappointed.)

I simply cannot associate with those who do not live their lives and conduct themselves above reproach. And while it pains me to state this, I hope you will receive it as a self check and not an attack;

You are not an ally of transparency, sir, and you are not an ally of the truth.

"Truth, by nature, is separate from error, and it is far better for us to be divided by the truth, than to be united in error.

Oh my gosh Erin

I am so embarrassed and so sorry

I am still at work I ran late on the weekly reporting and have been trying to figure out variances

I completely lost track of the time and date and it was not my intent to waste yours or the access centers time whatsoever. My head is spinning I am so knee-deep in spreadsheets.

If you would kindly forgive my discourtesy, would it be possible to schedule another day? I was greatly looking forward to this and am very bummed that I blew it!

Jonathan

Hi Jim,

Thank you for your non apology. I believe citizen Tara Myles, who I vehemently disagree with on many political positions, recently addressed a session of the Town Council and called for more kindness all around. I can see that request fell on deaf ears.

As befitting your unapologetic arrogance;

We will make sure that this clip, as well as those of your previous inappropriate outbursts towards citizens, get played many times around election season, should you choose to run again.

Can't wait to receive my 91A with the emails that you sent to your private distribution list, with the intent to bully me as a citizen and to falsely malign the Londonderry Republican Committee.

I will look forward to putting up ----------> "He's sick and tired of hearing from citizens" signs next to all of yours next election, should you so choose to run. I will personally pay for them out of my own pocket.

I believe Londonderry voters gave Joseph Green a pretty clear signal of how they felt things were going in town regarding transparency and accountability. I look forward to citizens giving you the same message at the ballot box.

You should stay tuned for this week's paper.

We will be corresponding soon no doubt.

Warmly yours

Jonathan Esposito

**Subject:** Request for update/informal feedback

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good morning sir two items on the brain this morning

I would like to request an update on the appointment of open positions for trustees of the trust fund.

I have not yet had the pleasure of watching the most recent Town Council meeting and I was unable to attend due to my wife's community obligations, so I would love to hear of any constructive update there.

I also want to provide a bit of informal feedback on the record.

I have heard from certain numbers of the budget committee that...As much as it pains me to write this...That you have seemed a touch -reticent- to answer certain questions about certain issues.

Now, several members of that committee are newer and this may have simply been a matter of personal perception in dialogue, where some members have a longer track record of working with you than others.

But, as I was often reminded in the service, perception is often reality. It is not the perception that Londonderry nor its finance director wishes to generate, as a transparent working relationship between the towns various budget related officials is key to achieving the long-term efficiency improvements that the town manager has sought to bring to Town Hall.

Take this second half for what it is worth, as it is not intended to be pot stirring, nor to be a personal attack, but rather an opportunity to reflect on how we can best serve the citizens of the town going forward.

Out of courtesy I have sent this transmission to you alone and not mentioned it to others, so as to not accidentally/unfairly malign the job you are trying to do.

Thank you for reading and I will stay tuned for those trustee updates.

Very respectfully

Jonathan Esposito

Jim Green doubling down on his rudeness tonight and the Council Chair not addressing it is yet again shameful behavior from this council. He is an out of control animal with the way he addresses citizens.

Interesting watching Michael Malaguti stumble thru the presentation on the Macks lease. Judging from public comment, you people have been making backroom deals again.

I'll be inquiring.

Please add this letter to the minutes of tonight's TC meeting.

So it has been asked at public comment but I do think it needs to be asked here in writing also.

Can the town explain why there is still a no trespass order against Chris and Laura Gandia?

I don't really want to burden the town with another 91A but I would respectfully offer that if I were to do so, the personnel exemption would not apply for Chris Gandia because he was not an employee of the town at the time.

Town members are still discussing this and the order is still in place.

I would like to request a constructive response to this issue on behalf of the citizens of Londonderry if you would be so kind.

In addition to the prior correspondence that was requested to be appended to the meeting minutes,

I'd like it to be entered into the record that the town council chair is hereby requested to be neutral to all citizens when applying even unofficial, unvoted on rules of conduct.

It was observed by several citizens tonight, not just myself, that no declaration of being out of order was made when the town clerk, Sherry Farrell, began an outburst of clapping and gave her out of order opinion on what did or did not need to be said (the prohibited fighting words from Councilor Butler)

While Sherry may have been representing herself as a private citizen, it is a poor look for the Town for such a visible public employee to applaud and approve of such a lack of decorum.

Thank you

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

In addition to the prior correspondence that was requested to be appended to the meeting minutes,

I'd like it to be entered into the record that the town council chair is hereby requested to be neutral to all citizens when applying even unofficial, unvoted on rules of conduct.

It was observed by several citizens tonight, not just myself, that no declaration of being out of order was made when the town clerk, Sherry Farrell, began an outburst of clapping and gave her out of order opinion on what did or did not need to be said (the prohibited fighting words from Councilor Butler)

While Sherry may have been representing herself as a private citizen, it is a poor look for the Town for such a visible public employee to applaud and approve of such a lack of decorum.

Thank you

Jonathan Esposito

In response to councillor Butler's remarks made after I exited tonight's session of the town council;

Perhaps the Town Council should exercise its own rules of order in accordance with the briefing given by Stephen Buckley Esquire back in 2017, because councillor Butler calling me a joke certainly sounds like fighting words, which would be prohibited under the rules you didn't vote to adopt, and also not covered under free speech.

I would also like to observe as a citizen that the only joke tonight was that councillor Butler's remarks were the only substantive ones in regards to several process and procedure violations observed by citizens.

It remains entered into the public record that you did not follow the town charter and did not vote at the reorganization meeting to adopt any prior iteration of rules of the time console, be they 2012, 2017, rules of public comment, or any other set of rules. There was no motion and no vote to adopt any set of rules at the March 27th 2023 reorganizational meeting of the Town Council.

We are telling you how to do things better. And your response is to put citizens on a private hit list and blast them in your private correspondence, mis-attributing their actions to Tom political committees registered with the Secretary of State.

I would also note that while speaking at public comment as a private citizen, I am not bound by the same rules of decorum that Councillor Butler is.

His raging episode is going to be broadcast to the public via the Londonderry access channel YouTube for others even outside of our community to see and that is a poor look for this newest session of the town council.

I will be prepared to resume dialogue at the next iteration of public comment and I thank you for your time. I understand that you are under no obligation to, but I would request this correspondence be entered into the meeting minutes nonetheless.

That way, in accordance with councillor Butlers suggestions, everything will be transparent and there will be no question about people trying to interact with government from the shadows or secret correspondence lists held by council members.

Thank you for your time

Good Afternoon,

These 2 positions will be posted with a couple other ones that are currently open, (1 budget committee seat, and 1 alternate position on the planning board). I believe they will be posted today and will remain open until April 24th, 2023 at 5:00 pm.

Anyone interest will need to e-mail Kirby to fill out the talent bank form.

Thank you,

**Justin W. Campo**

I greatly appreciate you keeping me in the loop and I will stay tuned. I do have two questions if I may:

What is the time period for accepting applications for this vacancy? I am sure there are interested citizens who could fill out a talent bank form but I haven't seen a notice from the town

Thank you for taking the time to answer on that

Jonathan Esposito

Good Afternoon,

I wanted to e-mail you to keep you in the loop on your question as it has been two weeks since I last replied.

As you may or not may not be aware of, there are 3 positions for the Trustees of the Trust Funds. Currently two of those positions are vacant as the individuals gave up their position for different reasons. The Town will be posting these two positions for appointment and then we will be able to schedule an introductory meeting to discuss the Trust funds.

The actual funds for the Trust Funds are held with Cambridge Trust. The Trust Funds advisor at Cambridge Trust will typically work with the Trustees to determine the best vehicles of investment for these funds to be put into. Any other funds outside the scope of a Trust fund is Collateralized, and in a Citizens Bank account that earns interest.

Once the other two positions are appointed I will reach out to all 3 of you to try and schedule an introductory meeting.

Thank you,

**Justin W. Campo**
Finance Director
Town of Londonderry, NH

Good afternoon, I think you sent me a congratulatory email a couple of days ago and I apologize I cannot locate it in my inbox

I did just take the oath this afternoon as a trustee

When you have a time frame in mind, could you kindly advise when my first date of responsibility will be for the town? Not looking for a full calendar I would just like to begin planning appropriately

Thank you for taking the time, looking forward to serving with humility

**Subject:** Groups of citizens seeking Town Facility Access

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

In accordance with Chair Farrell's remarks during public comment on 3.20.23

In which it was stated that "any group of citizens" may apply to be sanctioned by the council to use Town Facilities

May I request the Town Council make the mechanism of making that request available to me? The Town Manager is stating that the sanctioning process only applies to recreation groups but I have already referenced that the historical Society has previously met with permission in the Moose Hill council chambers.

It is my intent to request that a group of citizens be allowed to meet for non-recreation purposes, respectfully and with reasonable notice and restriction, in a town hall meeting room as the historical Society and the soccer association has been able to.

As the town manager does not currently have a mechanism to receive this request, but Chairman Farrell stated that you would accommodate it, could you kindly direct me as to how I may request the sanction from the council for non-recreation meeting of citizens at Town Hall?

I would respectfully request a constructive response from the Town Council within 5 days.

Jonathan Esposito

**Subject:** RE: Groups of citizens seeking Town Facility Access

Mr. Esposito,

As I previously advised, the only mechanism to apply for sanctioning of which I am aware is the one we have been discussing. To apply for sanctioning under that ordinance, "All groups looking to be sanctioned must apply with the Recreation Commission. All applications and recommendations of the Committee will be forwarded to the Town Council for consideration."

A sanctioning ordinance for non-recreational groups does not currently exist. If the Town Council directs me to develop one, I will. In the meantime, I am continuing my evaluation as discussed below.

Sincerely,

Michael J. Malaguti
Town Manager

Town of Londonderry

**Subject:** Re: Groups of citizens seeking Town Facility Access

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good evening,

Id like to begin by stating that I just peaceably assembled with Litchfield citizens last night in their Fire Department common room. Their station is a lot smaller and more humble than ours, and yet we had access even to visual communication software provider by the FD, to set up Zoom for Virtual Attendees. No cost, no problem.

I imagine that the Londonderry Fire chief, much like Police Chief Bernard, has delegated authority to be a steward of that property and grounds. I offer that example not as a request to use the FD, but specifically as a model of what reasonable access for citizens, with restrictions, can and should look like.

I do seek to be less contrarian in the nature of our communications, but I am compelled to offer that I have taken a fairly comprehensive sampling of our local communities, both geographic comparison and per Capita comparison (similar population sizes and town budgets) to include their various municipally owned, taxpayer funded facilities that have meeting spaces/halls/community rooms (not just Town Hall). I would be glad to summarize this data in an excel sheet and present it to you, but allow me to generalize and state that the trend is overwhelmingly in favor of citizen access, without cost, with reservation/reasonable notice, and with restrictions (as you noted.)

I do appreciate that you are continuing to examine the feasibility of rental of Town Hall to groups of citizens, as the Town Manager in charge of facilities under the Charter.

However, I must refer to John Farrell's statement as the Town Council Chairman during public comment on 3.20.23, in response to remarks that I made during public comment. Chairman Farrell stated plainly:

-there was a resolution in the 2000s,

- there is an entire sanctioning process as a result of this resolution, to be sanctioned "by the Town Council" was the authority he cited, and

-that "any group" of citizens can apply for said sanction from the Council, to use Town Facilities in the same fashion as the example I cited (the nonprofit Londonderry Soccer Club.)

We have agreed on the fact that the sanction process referenced by Mr. Chairman was the one offered to Recreation groups, which is, to use Town Hall facilities without cost, with reasonable notice and restriction.

In keeping with Mr. Chairman's remarks that "any group" of citizens may be sanctioned by the council, The Town has historically sanctioned even non recreation groups to use Town Hall, such as the Historical Society, a nonprofit that has met in the Moose Hill Council Chambers in the past.

If I may Mr. Town Manager, while I believe examining renting Town Hall for a modest fee to citizens is a step in the right direction;

I am still plainly and separately once again requesting that the sanctioning process/mechanism be made available to me, as applied even to non recreation groups.

It is my intent to apply for sanction/approval from Town Council, to gather at a Town Hall meeting space, with notice, with restrictions, but without cost, as per the LSC and Historical Society examples cited.

Kindly advise thru what mechanism I may make this request?

Jonathan Esposito

Hello again,

I have reviewed prior email traffic and believe I have accurately set forth the Town's historic and existing policy about the reservation and use of town hall meeting spaces.

I have reached out to 4 surrounding communities, and heard back from 3.

Of the entities I surveyed and heard back from:

- 1 does not rent Town Hall; and
- 2 do rent Town Hall, for $75 and $80 per meeting.

All have restrictions.

I am evaluating the feasibility of making space available for public rental on the first floor of Town Hall and intend to soon address this publicly.

In the meantime, the Senior Center is currently available for rental. Please let me know if you would like me to connect you with them.

Sincerely,

Michael J. Malaguti

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

In accordance with Chair Farrell's remarks during public comment on 3.20.23

In which it was stated that "any group of citizens" may apply to be sanctioned by the council to use Town Facilities

May I request the Town Council make the mechanism of making that request available to me? The Town Manager is stating that the sanctioning process only applies to recreation groups but I have already referenced that the historical Society has previously met with permission in the Moose Hill council chambers.

It is my intent to request that a group of citizens be allowed to meet for non-recreation purposes, respectfully and with reasonable notice and restriction, in a town hall meeting room as the historical Society and the soccer association has been able to.

As the town manager does not currently have a mechanism to receive this request, but Chairman Farrell stated that you would accommodate it, could you kindly direct me as to how I may request the sanction from the council for non-recreation meeting of citizens at Town Hall?

I would respectfully request a constructive response from the Town Council within 5 days.

Mr. Esposito,

As I previously advised, the only mechanism to apply for sanctioning of which I am aware is the one we have been discussing. To apply for sanctioning under that ordinance, "All groups looking to be sanctioned must apply with the Recreation Commission. All applications and recommendations of the Committee will be forwarded to the Town Council for consideration."

A sanctioning ordinance for non-recreational groups does not currently exist. If the Town Council directs me to develop one, I will. In the meantime, I am continuing my evaluation as discussed below.

Sincerely,

Michael J. Malaguti

**Subject:** Re: Groups of citizens seeking Town Facility Access

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good evening,

Id like to begin by stating that I just peaceably assembled with Litchfield citizens last night in their Fire Department common room. Their station is a lot smaller and more humble than ours, and yet we had access even to visual communication software provider by the FD, to set up Zoom for Virtual Attendees. No cost, no problem.

I imagine that the Londonderry Fire chief, much like Police Chief Bernard, has delegated authority to be a steward of that property and grounds. I offer that example not as a request to use the FD, but specifically as a model of what reasonable access for citizens, with restrictions, can and should look like.

I do seek to be less contrarian in the nature of our communications, but I am compelled to offer that I have taken a fairly comprehensive sampling of our local communities, both geographic comparison and per Capita comparison (similar population sizes and town budgets) to include their various municipally owned, taxpayer funded facilities that have meeting spaces/halls/community rooms (not just Town Hall). I would be glad to summarize this data in an excel sheet and present it to you, but allow me to generalize and state that the trend is overwhelmingly in favor of citizen access, without cost, with reservation/reasonable notice, and with restrictions (as you noted.)

I do appreciate that you are continuing to examine the feasibility of rental of Town Hall to groups of citizens, as the Town Manager in charge of facilities under the Charter.

However, I must refer to John Farrell's statement as the Town Council Chairman during public comment on 3.20.23, in response to remarks that I made during public comment. Chairman Farrell stated plainly:

-there was a resolution in the 2000s,

- there is an entire sanctioning process as a result of this resolution, to be sanctioned "by the Town Council" was the authority he cited, and

-that "any group" of citizens can apply for said sanction from the Council, to use Town Facilities in the same fashion as the example I cited (the nonprofit Londonderry Soccer Club.)

**Subject:** Violation of acceptable use policy

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I notice that the Town Manager had time to put a letter in the paper, suggesting that citizens who currently come to Town Council Meetings are ones with extreme polar ends of views and that more moderate citizens need to attend.

I agree that more citizens need to attend so more voices are in being heard in the public sphere. I disagree with the contention made that those who are currently attending are of extreme ends of citizens viewpoints. Holding government officials accountable is not divisive, contrary to attempts to paint citizens in a negative light.

As there has been time to draft correspondence criticizing the citizens who participate in Town government, I just wanted to query if the Town Manager also had time to follow up on this complaint of misuse of electronic resources.

Could you kindly confirm receipt and advise?

**Subject:** Violation of acceptable use policy

Hello,

I contend that the retransmission of my emails sent to the town as citizen correspondence with the municipality,

From John Farrell's personal email address, as well as Jim Butler's distributed correspondence,

Both violated the towns acceptable use policy as attached.

Both councillors transmitted emails regarding complaints about corruption and complaints, as well as official 91A work product, to private email groups.

The acceptable use policy states that it covers board and committee members and anyone entrusted with information from the town of Londonderry.

The acceptable use policy and applicable subsections spell out clearly:

A. network access provided by the town is for business purposes only.

B. information sent to the town is priorietary and may only be shared with Town Manager approval.

C. blanket forwarding of emails outside the towns network is specifically prohibited.

D. Concealing one's identity is prohibited (intentionally not signing off on emails).

E. intimidating, hostile, or offensive comments are prohibited.

Please note that there is a specific provision in the acceptable use policy that states these tenets apply, even when accessing the internet network from personal means, if the individual is doing so in a manner in which they may be identified as an official of the town of Londonderry. John Farrell's use of his JW Farrell Jr email which he has previously transmitted official correspondence on, identifies him as an official of the town of Londonderry.

It is my contention that emails sent on March 7th and March 8th by both chairman Farrell and councilor Butler, violate the above terms of the acceptable use policy, with the exception of item d, as I believe counselor Butler identified himself in his emails, so this section would not apply.

Please note that in denying to substantiate my election law complaint, the department of Justice clearly accepted the fact that town officials were transmitting private correspondence from their personal email address. This is a material fact not disputed by the DOJ, as the assistant attorney general stated that their behavior was not an election law violation, but covered free speech.

As there is no contest as to whether or not these officials were engaged in the aforementioned behavior, and even if it was free speech, I respectfully submit that the town of Londonderry and the town manager are obligated to enforce the acceptable use policy for the violations noted.

Please advise

Good afternoon, I think you sent me a congratulatory email a couple of days ago and I apologize I cannot locate it in my inbox

I did just take the oath this afternoon as a trustee

When you have a time frame in mind, could you kindly advise when my first date of responsibility will be for the town? Not looking for a full calendar I would just like to begin planning appropriately

Thank you for taking the time, looking forward to serving with humility

Good morning,

At the behest of the Town Council chairman I reviewed the attached exception form and it appears to only apply to recreation groups.

I am seeking to peaceably assemble with a group of citizens and to utilize the sunnycrest meeting room at Town Hall for this purpose. The primary purpose of our citizen meeting would not be recreation.

Could you kindly advise if there is another form I should use to apply for the suggested exemption, so that we may gather at a town hall meeting room?

I await your reply.

# ORDINANCE 2006-08 (A)
## *AN AMENDMENT TO THE MUNICIPAL CODE, TITLE I, CHAPTER XXIII, RELATING TO APPROVAL OF SANCTIONED RECREATION GROUPS*

***WHEREAS*** the Town of Londonderry owns and manages many recreation facilities; and,

***WHEREAS*** the Londonderry Recreation Commission does not directly manage many recreation programs and consequently receives numerous requests from youth and adult groups to utilize Town recreation facilities; and,

***WHEREAS*** a policy is necessary to ensure that facilities are utilized in a safe and efficient manner;

***NOW THEREFORE BE IT ORDAINED*** by the Town Council of the Town of Londonderry that the Municipal Code of the Town of Londonderry, Title I, Chapter XXIII, Approval of Sanctioned Recreation Groups, is hereby adopted as attached, effective six months from the adoption date.

***10/20/2014***

## Chapter XXIII - APPROVAL OF SANCTIONED RECREATION GROUPS

### SECTION I PURPOSE

A. The Town of Londonderry owns and manages many recreational facilities, however, the Town does not operate many recreation programs. Youth and Adult programs are organized and managed by various non-profit groups. To ensure that town facilities are utilized in a safe manner for the benefit of town residents, the Town Council has adopted the following guidelines when recognizing Sanctioned groups.

### SECTION II AUTHORITY

A. This policy is authorized under Article 3, Section 3.12 of the Town of Londonderry Charter.

### SECTION III APPLICATION

A. All groups looking to be sanctioned must apply with the Recreation Commission. All applications and recommendations of the Committee will be forwarded to the Town Council for consideration.

B. Recognition by the Recreation Commission does not guarantee exclusivity to times or locations of any facility.

C. Upon approval of an Sanctioned Group by the Town Council, that Group is eligible to utilize town recreation facilities pursuant to the use and scheduling policies and practices as promulgated by the Recreation Commission.

### SECTION IV ELIGIBILITY CRITERIA

A. In order to be considered eligible for approval as an Sanctioned Recreation Group, the following guidelines shall be met:

1. A minimum 60% of the participants are residents of Londonderry and the program is available to all age-appropriate Londonderry residents. The participation ratio applies to all teams within an organization, with exception to adult recreation teams whose participation ratio applies to the organization. If any team within an organization is unable to meet the 60% criteria, the organization may petition the Commission for a waiver to this rule.

2. A majority of the coaches/supervisors are residents of Londonderry.

3. The governing body consists of Londonderry residents

4. In recognition of the limited availability of facilities and the desire to avoid scheduling conflicts, all groups must demonstrate that the program offering is new or unique to the Town, and if not, justification for starting a similar program.

5. All groups must demonstrate that the program is not temporary, but is designed to continue to provide recreational opportunities for an indefinite period.

6. All groups must demonstrate that the program has been well planned and will be properly supervised, as set forth in the group's Articles of Agreement (if a fund-raising group), By-Laws and Code of Conduct. The charters of each organization should clearly reflect the goals of the group and should mirror the charter granted by the Town Council. Each organization must adhere to the guidelines of the resolutions approved by the town council.

7. All groups must demonstrate that they have the proper framework for leadership, and that the coaches/supervisors will provide this leadership.

8. All groups must demonstrate that the group is non-profit and does not have any outstanding obligations to the Town and has the ability to financially support the group's activities.

9. All Sanctioned groups must comply with all the rules set forth by the Recreation Commission regarding the usage of facilities. No changes can be made to the use of fields without the prior approval of the Recreation Commission.

10. The facilities exist to accommodate the new activity.

11. Once sanctioned, all groups must comply with all of the rules set forth within this eligibility criteria section.

12. Sanctioned groups may not enter into any contracts with, or give permission to, any other unsanctioned group for use any of the fields. All field use will be arranged through the recreation commission to sanctioned groups only.

B. Fund-Raising Groups – In addition to meeting the Eligibility Requirements as set forth in Section IV. A, Recreational Groups which seek donations and/or financial assistance to support their activities shall be required to meet the following requirements:

1. Any fund-raising recreational group has been registered as a Volunteer Corporation with the New Hampshire Secretary of State, in accordance with RSA 292, and remains in good standing.

2. Once sanctioned by the Town Council, all Fund-Raising Groups must maintain the

following documents with the Commission (documents must be current to demonstrate a group's good standing with the appropriate agencies):

- Articles of Agreement
- By-Laws
- Code of Conduct
- IRS Filings (if applicable)
- State of New Hampshire Filings with Secretary of State and/or Attorney General's Office, Charitable Trust Division
- Current board of directors with contact information (title, name, address, phone number and e-mail)
- Proof of Insurance
- Membership/enrollment total broken down by town

C. Other Independent Groups - Once sanctioned by the Town Council, all non-fund raising, independent groups must maintain the following documents with the Commission (documents must be current to demonstrate a group's good standing with the appropriate agencies):

- By-Laws
- Code of Conduct
- IRS Filings (if applicable)
- State of New Hampshire Filings with Secretary of State and/or Attorney General's Office, Charitable Trust Division (if applicable)
- Current board of directors with contact information (title, name, address, phone number and e-mail)
- Proof of Insurance
- Membership/enrollment total broken down by town

D. Exemptions to the Sanctioning Process – It is hereby recognized that the Recreation Commission may organize, sponsor and/or coordinate a number of recreational activities, with said activities not falling within the definition of Section IV. B or C. These activities shall be exempt from the Sanctioning process. Examples, for illustrative purposes only, may include:

- Youth Camps
- Skills Training
- Coaches' Training
- Open pick up type adult activities (e.g.. free play basketball, coed volleyball, line dancing, ballroom dancing)

E. Effective Date shall be six months after the adoption date.

Good afternoon, I think enough attention has been drawn to discussion regarding spending in town, and with a changeover in the town council as well as my recent election as trustee of the trust fund, I feel confident that citizens will feel a bit better about transparency going forward, and such a monthly examination may not be necessary. Thank you for taking the time and I wish you an excellent day also!

**Subject:** Accounts Payable January & February Request RE: 91A

Good Afternoon,

I have attached the AP warrants with their approval from the Town Manager and myself which is what I believe you are requesting. As I have learned from my days as an auditor, the same document/report may be called something completely different person to person, or municipality to municipality. If this is the case or if I have misunderstood your request and these are not the documents you are looking for, please let me know and we can work together to rectify it.

Going forward should you have questions regarding what I have sent you, or if you have a question on a payment you are welcome to reach out to myself directly.

I hope you have a wonderful day.

Good morning,

Short request

I would like to request Accounts Payable process data for January and February 2023. Specifically, I am looking for outgoing check registers as well as the review/approval of expenses by the TM/TC/Finance Director.

I know the School District business office does a big end of month export on payables that the School Board signs off on - I am not 100% sure on the details of the Town Process but that is what I am looking for here.

Please include any February dated payables processed to the ERP in March also.

It is my intent to make a monthly citizens review of spending as checks go out the door. I believe all documents should be easily exported to and sent via electronic process with little redaction/review necessary, so it is my goal to streamline this request so that it is of minimal burden to the Town going forward.

Please advise as always and thank you

This is a right to know request under 91A

I am requesting a copy of the Esposito 91A Excel tracking spreadsheet that was distributed through Chairman Farrell's personal email correspondence

I am also requesting work product of the town related to the formulation of that spreadsheet, such as the request for it to be drawn up and any correspondence or other documentation related to its creation, distribution, utilization, and release.

Time frame for this request is one January 23 to present, 17 March 23

Requested method of release is electronic Dropbox per usual

Please advise within the standard 5-day working time frame.

Jonathan Esposito
Londonderry

**From:** Jonathan Esposito
**Sent:** Friday, March 17, 2023 8:02 AM
**To:** Michael Malaguti; TownCouncil
**Subject:** 91A FW: Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good morning

As I have not heard from the municipality within the requested suspense time frame

This is a request under 91A right to know for:

Copies of emails from [redacted] as well as councilman Jim Butler's Londonderry.org email address

Transmitted between March 6th and March 9th

Relevant to town work product transmitted from Jonathan Esposito to the Town Council and the town manager

As this work product was public distribution, email copies should include sent versions that show blind copied distribution lists.

Although I am requesting copies from a non.org email, 91A applies due to the clear identification of the email address belonging to the town council chairman, as well as the personal email being used to distribute town work product.

Preferred method of release would be the usual Dropbox electronic method

Please advise within the standard five working day response time frame.

Please note that further public distribution of my correspondence to the town will continue to be put in the newspaper as long as John Farrell continues to utilize that subversive tactic.

Thank you
Jonathan Esposito
Londonderry

**To:** Michael Malaguti <mmalaguti@londonderrynh.org>; TownCouncil <towncouncil@londonderrynh.org>
**Cc:** John W. Farrell <jfarrell@londonderrynh.org>; Jim J. Butler <jjbutler@londonderrynh.org>
**Subject:** Query in lieu of 91A | FW: Londonderry Times Ad (request to include letter in minutes)

Good morning,

It was brought to my attention that the chairman of the Town council forwarded correspondence that I had sent to the municipality to his personal email, before sending such correspondence out to an undisclosed list of community members.

I have provided full copies of correspondence to anyone who wishes to inquire, and it is my intent that dialogue with the municipality be part of public record anyways.

As he did not even bother to change the subject line of the email, the email transmission to his personal email and subsequent distribution to community members would constitute a continuation of work product from the town. Chairman Farrell also copied and included in his email, official correspondence from councilman Jim Butler regarding my actions in the community.

As this email product is now official work product of the Town,

I would like to request a copy of the full distribution list of the email sent from jwfarrelljr@hotmail.com

I would like to also request any copies of correspondence between chairman Farrell and councilor Butler on this matter, to include correspondence exchanged between personal emails, as the planning of this distribution on 3.8.23 to the community would also constitute official work product.

It is my understanding that the municipality has concerns with expenditures related to 91:A, so I presume that you will reproduce these documents in electronic format without the need for a request. According to councilman Butler's email, another option for us instead of filing 91A requests is "simply to ask for information since it's all public record, most of it is accessible to anyone."

Although this is not a standard right to know request, suspense for your response is 5 working days so that I can determine if the municipality is going to be as transparent as councillor Butler suggested, or if I will have to follow up with a subsequent 91A to obtain the information I am seeking.

Thank you for your time in this matter.

**Subject:** Violation of acceptable use policy
**Attachments:** internet_acceptable_use_policy.pdf

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Hello,

I contend that the retransmission of my emails sent to the town as citizen correspondence with the municipality,

From John Farrell's personal email address, as well as Jim Butler's distributed correspondence,

Both violated the towns acceptable use policy as attached.

Both councillors transmitted emails regarding complaints about corruption and complaints, as well as official 91A work product, to private email groups.

The acceptable use policy states that it covers board and committee members and anyone entrusted with information from the town of Londonderry.

The acceptable use policy and applicable subsections spell out clearly:

A. network access provided by the town is for business purposes only.

B. information sent to the town is priorietary and may only be shared with Town Manager approval.

C. blanket forwarding of emails outside the towns network is specifically prohibited.

D. Concealing one's identity is prohibited (intentionally not signing off on emails).

E. intimidating, hostile, or offensive comments are prohibited.

Please note that there is a specific provision in the acceptable use policy that states these tenets apply, even when accessing the internet network from personal means, if the individual is doing so in a manner in which they may be identified as an official of the town of Londonderry. John Farrell's use of his JW Farrell Jr email which he has previously transmitted official correspondence on, identifies him as an official of the town of Londonderry.

It is my contention that emails sent on March 7th and March 8th by both chairman Farrell and councilor Butler, violate the above terms of the acceptable use policy, with the exception of item d, as I believe counselor Butler identified himself in his emails, so this section would not apply.

Please note that in denying to substantiate my election law complaint, the department of Justice clearly accepted the fact that town officials were transmitting private correspondence from their personal email address. This is a material

fact not disputed by the DOJ, as the assistant attorney general stated that their behavior was not an election law violation, but covered free speech.

As there is no contest as to whether or not these officials were engaged in the aforementioned behavior, and even if it was free speech, I respectfully submit that the town of Londonderry and the town manager are obligated to enforce the acceptable use policy for the violations noted.

Please advise

Jonathan Esposito

# CHAPTER XV - INTERNET ACCEPTABLE USE POLICY

## SECTION I POLICY STATEMENT

The policy is published for the employees' information and to minimize the likelihood that any employee, through misunderstanding or otherwise, becomes subject to any disciplinary action resulting from the misuse of the Town's technology. It is only fair that the Town expects employees to become familiar with the guidelines the Town considers important regarding information services and Internet access. While the Town believes in outlining rules that are fair to all employees, violation of this policy will result in disciplinary action up to and including discharge.

Internet access provided by the Town of Londonderry to the Town of Londonderry users (i.e., all full-time and part-time and subsidiary employees, contractors, subcontractors, and consultants) is considered a Town-owned resource, and as such may only be used for conducting Town business. While incidental and occasional personal use is permitted, users of the Town of Londonderry Internet access are reminded that the Town maintains the right to examine, for maintenance or other purposes, any information contained within the systems. Every user is responsible for the appropriate use of Town Internet access, as defined within this policy. The Town's management shall ensure that all users are fully informed concerning use of Town Internet access and the directives set forth in this policy. This policy applies to all Internet access achieved through Town networking infrastructure, including access through the Town network from non-Town locations, such as off-site work locations or employees' residences.

## SECTION II SCOPE

This policy applies to all full-time and part-time Town employees and contractors, subcontractors, consultants, board and commission members, and anyone entrusted with the Town of Londonderry information. The definition of information networks and information resources is: any configuration of computer hardware and software that connects users. An information network includes all of the computer hardware, software, stored text and data files. This includes electronic mail, local databases, externally accessed databases, CDs, magnetic or optical media, imagery, digitized information, the internet, the World Wide Web, communications technologies and other technologies not covered herein. Stand-alone workstations are also governed by this policy.

## SECTION III INTENDED USE

The Town information networks provide access to local, regional and international sources of information. Only authorized staff may use Town information networks, and the networks shall not constitute a public forum. Staff shall have no rights of privacy with regard to their use of Town's information networks. Authorized staff shall use Town information networks with respect for the public trust that they have been provided and in accordance with policy and regulations established by the Town. This policy does not attempt to articulate all required and prohibited behavior by information network users.

Successful operation of information networks requires that all users conduct themselves in a responsible, decent, ethical and polite manner while using the networks. The user is ultimately responsible for his/her actions in accessing and using network service. The Town Internet access is intended for Town business use and should be considered a privilege, not a right. All users of the Town's computer equipment and network will adhere to the following procedures:

- There will be no hardware or software changes to computer equipment without the involvement of the Information Services (IS) Department. This includes the downloading of files from diskettes or other media, which were obtained from a computer not connected to the network.
- There should be no unauthorized duplication, installation or use of software on any computer. Non-compliance with this direction may violate federal copyright laws and be subject to various civil and/or criminal penalties. This may also expose the system to computer viruses, which may damage or destroy programs and data.
- All media must be virus scanned prior to introduction to the Town's computer systems. If a computer becomes infected with a virus, contact the IS Department immediately. No employee outside of the IS Department should attempt to clean or remove the virus.
- It is standard procedure to run virus-scanning software at all computers. It is strictly prohibited to tamper or alter with the anti-virus software that has been installed on any computer.
- All accounts for non-Town of Londonderry employees require the authorization of the IS Department Manager prior to the start date. No unauthorized individual will obtain accounts to access the network without prior authorization and notification to the IS Department.
- External access to the Town network is for employees only. Use of a Town account by friends or family members is strictly prohibited.

- Network access will be protected by passwords, which will be maintained by the IS Department. The passwords will expire and must be changed routinely. Passwords may not be shared under any circumstances. If necessary, employees may grant proxy rights to their email accounts to allow other employees access.
- Any computer with a modem installed runs the risk of a hacker attack. Be aware of this factor and keep your computer connections via the modem to an as-needed basis when traveling or away from the office. Do not allow your computer to sit connected via the modem for an extended period of time unattended. In addition, when at the office, your computer should never be connected via your network connection and an outgoing modem connection simultaneously.
- Information maintained on Town provided computers is the property of the Town and may be accessed, copied, deleted or otherwise handled as deemed appropriate by the Town. An employee should have no expectation of privacy with regard to such information.
- Any Asset entrusted to an employee becomes that employee's responsibility to safeguard and regulate access to it.
- No one shall attempt to bypass security procedures established by the Town of Londonderry.
- The Town of Londonderry provides e-mail for business purposes.
- Town information is proprietary and cannot be disclosed outside the Town without management authorization. It should be recognized that Internet e-mail is unsecured and care should be taken concerning message content. Blanket forwarding of e-mail to addresses outside of the Town's network is not allowed.
- E-mail messages shall not contain offensive, intimidating or hostile comments and/or material.
- All inbound and outbound messages that contain attachments will be virus scanned.
- Internet access provided by the Town shall be for business purposes only.
- Personal Internet accounts shall not be accessed from any computer attached to the network.

- All downloads shall be for business purposes only. The Internet connection will not be used to access offensive, obscene (as defined by community standards), intimidating, hostile or discriminatory information. No one shall access material via the internet that violates local, state or federal law including but not limited to: attempting to gain access to another entity's internal network, information systems and services or databases without proper approval; attempting to conceal your identity when accessing websites, sending email, or otherwise using the internet; attempting to establish a permanent connection to the internet without conforming to the Town procedures; transmitting computer viruses; accessing or transmitting obscene or pornographic materials.
- All downloads shall be virus scanned.
- Downloads of software programs are prohibited unless approved by the IS Department.
- The use of internal chat programs (such as Instant Messenger) is permitted in accordance with the responsible use conduct put forth in this policy and is subject to the same scrutiny as email and web access.
- Any violations of copyright laws are prohibited.

Since Internet sites can maintain records of the names and locations of individuals that accessed their site, the Town of Londonderry employees must not visit sites that may bring discredit upon the Town and must not engage in any activity that would invite destructive retaliation to the Town's information system. The following activities are specifically prohibited and are considered security violations:

- Attempting to gain access to another entity's internal network, information systems and services, or databases without proper approval
- Attempting to conceal your identity when accessing web sites, sending electronic mail, or otherwise using the internet
- Attempting to establish a permanent connection to the internet without conforming to the Town of Londonderry procedures on External Town of Londonderry Connectivity
- Transmitting computer viruses
- Accessing or transmitting obscene or pornographic materials

These tenets also apply to Town of Londonderry users accessing the Internet via personal or other means, yet identifying themselves (or in a way that they can be easily identified) as Town of Londonderry employees.

Each occurrence of an information security violation requires the initiation of a security investigation to determine the source of the violation and the damage that has been caused. This process is very costly, intrusive to employees and deflects staff from performing work that supports the business in a productive fashion. It is the responsibility of all employees to comply with the Town of Londonderry Information Security Policies and Procedures. Failure to comply will result in severe disciplinary action. Furthermore, if during an information security investigation, any illegal activity is discovered (e.g., accessing child pornography) the appropriate state and federal authorities will also be notified. The policies apply when any Town resource is utilized – including the use of a personal Internet Service Provider (ISP) account on a Town computer. The Town of Londonderry makes no exceptions in following this course of action.

## SECTION IV INCIDENTAL AND OCCASIONAL PERSONAL USE

While incidental and occasional personal use of the Town Internet access is permitted, information stored in the Town systems implementing Internet access will be treated no differently from other business-related information. In this context, incidental and occasional personal use must comply with the Intended Use section of this Policy. In addition, personal use is permitted only if it complies with the following:

- It does not consume more than a trivial amount of resources
- It does not interfere with worker productivity
- It does not preempt any business activity
- It does not constitute private business activity

The Town of Londonderry staff will not resolve technical problems for users relating to their incidental and occasional personal use of the Town Internet access.

## SECTION V ACCESS TO INTERNET TRAFFIC

The Town Internet access is intended for business use. Accordingly, all audit trails and records of activity are considered company property. The Town of Londonderry must, and does, maintain the right and the ability to enter into, for maintenance and other purposes, all of the systems and to review any and all data recorded in those systems. This includes, but is not limited to, records of Internet sites visited by the Town users. Because the Town of Londonderry has the right to obtain access to all information retrieved or transmitted over these systems, users should not assume transactions and activities involving the Town Internet access are private and confidential. If necessary, the Town may disclose information associated with Internet access within or outside of the Town of Londonderry. Users should not expect that any information stored on their computers – whether the information is contained on workstation hard drives, file or database servers, removable computer media, within audit logs, or anywhere else – will be private.

## SECTION VI CONFIDENTIALITY OF INTERNET USE

Users of the Town internet access should understand that, with the exception of a very few instances, all transactions across the internet (e.g., newsgroup access and participation, web browsing, file transfer, software and document downloads, etc.) leave an electronic "trail" and are completely open to any public scrutiny or eavesdropping from any point in the world, both in real-time and in collected form for later examination. There are many organizations, both legitimate and illicit, that track Internet use in general and by companies. Additionally, even when individuals use their own methods to access the Internet, it is often very easy to identify them as employees of (or otherwise associated with) the Town of Londonderry.

## SECTION VII PURCHASING ISSUES AND INTERNET ACCESS

Often, the act of downloading software via Internet access may imply the acceptance of licensing agreements, which can consequently imply agreement to fees. Inspect all licensing agreements for such clauses. The Town users of Internet access may not undertake any licensing agreements for the corporation through the use of software acquired from the Internet. Please contact the IS Department with any questions.

## SECTION VIII DISCIPLINE

It is the Town of Londonderry's policy to place as few restraints on personal conduct as possible. The Town is justifiably proud of its employees and the manner in which they conduct themselves. Each employee is expected to act in an appropriate and responsible manner, using good judgment at all times. However, for the protection of the Town's property, business interest, and other employees, the Town has established certain rules and a specific policy and procedures regarding information services.

Disciplinary action taken will depend on the seriousness of the violation. Disciplinary action will be taken by the appropriate Department Head, in accordance with the Town of Londonderry policy, following the appropriate union contract in place for that employee. Such action may include: counseling, informal or formal reprimands, oral or written warnings, suspension, demotion, transfer, or other forms of sanctions including termination of employment. Department Heads and/or supervisors are responsible for strictly enforcing adherence to this policy.

## CERTIFICATE OF ACKNOWLEDGMENT

I have received a copy of the Town of Londonderry's Internet Acceptable Use Policy. I understand that I am responsible for reading and becoming familiar with the Policy. Should I have questions regarding interpretation of the information, I will contact the Human Resources Department for clarification.

**From:** Jonathan Esposito
**Sent:** Tuesday, March 14, 2023 8:08 AM
**To:** Michael Malaguti; TownCouncil
**Subject:** Violation of acceptable use policy
**Attachments:** internet_acceptable_use_policy.pdf

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Hello,

I contend that the retransmission of my emails sent to the town as citizen correspondence with the municipality,

From John Farrell's personal email address, as well as Jim Butler's distributed correspondence,

Both violated the towns acceptable use policy as attached.

Both councillors transmitted emails regarding complaints about corruption and complaints, as well as official 91A work product, to private email groups.

The acceptable use policy states that it covers board and committee members and anyone entrusted with information from the town of Londonderry.

The acceptable use policy and applicable subsections spell out clearly:

A. network access provided by the town is for business purposes only.

B. information sent to the town is priorietary and may only be shared with Town Manager approval.

C. blanket forwarding of emails outside the towns network is specifically prohibited.

D. Concealing one's identity is prohibited (intentionally not signing off on emails).

E. intimidating, hostile, or offensive comments are prohibited.

Please note that there is a specific provision in the acceptable use policy that states these tenets apply, even when accessing the internet network from personal means, if the individual is doing so in a manner in which they may be identified as an official of the town of Londonderry. John Farrell's use of his JW Farrell Jr email which he has previously transmitted official correspondence on, identifies him as an official of the town of Londonderry.

It is my contention that emails sent on March 7th and March 8th by both chairman Farrell and councilor Butler, violate the above terms of the acceptable use policy, with the exception of item d, as I believe counselor Butler identified himself in his emails, so this section would not apply.

Please note that in denying to substantiate my election law complaint, the department of Justice clearly accepted the fact that town officials were transmitting private correspondence from their personal email address. This is a material

fact not disputed by the DOJ, as the assistant attorney general stated that their behavior was not an election law violation, but covered free speech.

As there is no contest as to whether or not these officials were engaged in the aforementioned behavior, and even if it was free speech, I respectfully submit that the town of Londonderry and the town manager are obligated to enforce the acceptable use policy for the violations noted.

Please advise

Jonathan Esposito

# CHAPTER XV - INTERNET ACCEPTABLE USE POLICY

## SECTION I POLICY STATEMENT

The policy is published for the employees' information and to minimize the likelihood that any employee, through misunderstanding or otherwise, becomes subject to any disciplinary action resulting from the misuse of the Town's technology. It is only fair that the Town expects employees to become familiar with the guidelines the Town considers important regarding information services and Internet access. While the Town believes in outlining rules that are fair to all employees, violation of this policy will result in disciplinary action up to and including discharge.

Internet access provided by the Town of Londonderry to the Town of Londonderry users (i.e., all full-time and part-time and subsidiary employees, contractors, subcontractors, and consultants) is considered a Town-owned resource, and as such may only be used for conducting Town business. While incidental and occasional personal use is permitted, users of the Town of Londonderry Internet access are reminded that the Town maintains the right to examine, for maintenance or other purposes, any information contained within the systems. Every user is responsible for the appropriate use of Town Internet access, as defined within this policy. The Town's management shall ensure that all users are fully informed concerning use of Town Internet access and the directives set forth in this policy. This policy applies to all Internet access achieved through Town networking infrastructure, including access through the Town network from non-Town locations, such as off-site work locations or employees' residences.

## SECTION II SCOPE

This policy applies to all full-time and part-time Town employees and contractors, subcontractors, consultants, board and commission members, and anyone entrusted with the Town of Londonderry information. The definition of information networks and information resources is: any configuration of computer hardware and software that connects users. An information network includes all of the computer hardware, software, stored text and data files. This includes electronic mail, local databases, externally accessed databases, CDs, magnetic or optical media, imagery, digitized information, the internet, the World Wide Web, communications technologies and other technologies not covered herein. Stand-alone workstations are also governed by this policy.

## SECTION III INTENDED USE

The Town information networks provide access to local, regional and international sources of information. Only authorized staff may use Town information networks, and the networks shall not constitute a public forum. Staff shall have no rights of privacy with regard to their use of Town's information networks. Authorized staff shall use Town information networks with respect for the public trust that they have been provided and in accordance with policy and regulations established by the Town. This policy does not attempt to articulate all required and prohibited behavior by information network users.

Successful operation of information networks requires that all users conduct themselves in a responsible, decent, ethical and polite manner while using the networks. The user is ultimately responsible for his/her actions in accessing and using network service. The Town Internet access is intended for Town business use and should be considered a privilege, not a right. All users of the Town's computer equipment and network will adhere to the following procedures:

- There will be no hardware or software changes to computer equipment without the involvement of the Information Services (IS) Department. This includes the downloading of files from diskettes or other media, which were obtained from a computer not connected to the network.
- There should be no unauthorized duplication, installation or use of software on any computer. Non-compliance with this direction may violate federal copyright laws and be subject to various civil and/or criminal penalties. This may also expose the system to computer viruses, which may damage or destroy programs and data.
- All media must be virus scanned prior to introduction to the Town's computer systems. If a computer becomes infected with a virus, contact the IS Department immediately. No employee outside of the IS Department should attempt to clean or remove the virus.
- It is standard procedure to run virus-scanning software at all computers. It is strictly prohibited to tamper or alter with the anti-virus software that has been installed on any computer.
- All accounts for non-Town of Londonderry employees require the authorization of the IS Department Manager prior to the start date. No unauthorized individual will obtain accounts to access the network without prior authorization and notification to the IS Department.
- External access to the Town network is for employees only. Use of a Town account by friends or family members is strictly prohibited.

- Network access will be protected by passwords, which will be maintained by the IS Department. The passwords will expire and must be changed routinely. Passwords may not be shared under any circumstances. If necessary, employees may grant proxy rights to their email accounts to allow other employees access.
- Any computer with a modem installed runs the risk of a hacker attack. Be aware of this factor and keep your computer connections via the modem to an as-needed basis when traveling or away from the office. Do not allow your computer to sit connected via the modem for an extended period of time unattended. In addition, when at the office, your computer should never be connected via your network connection and an outgoing modem connection simultaneously.
- Information maintained on Town provided computers is the property of the Town and may be accessed, copied, deleted or otherwise handled as deemed appropriate by the Town. An employee should have no expectation of privacy with regard to such information.
- Any Asset entrusted to an employee becomes that employee's responsibility to safeguard and regulate access to it.
- No one shall attempt to bypass security procedures established by the Town of Londonderry.
- The Town of Londonderry provides e-mail for business purposes.
- Town information is proprietary and cannot be disclosed outside the Town without management authorization. It should be recognized that Internet e-mail is unsecured and care should be taken concerning message content. Blanket forwarding of e-mail to addresses outside of the Town's network is not allowed.
- E-mail messages shall not contain offensive, intimidating or hostile comments and/or material.
- All inbound and outbound messages that contain attachments will be virus scanned.
- Internet access provided by the Town shall be for business purposes only.
- Personal Internet accounts shall not be accessed from any computer attached to the network.

- All downloads shall be for business purposes only. The Internet connection will not be used to access offensive, obscene (as defined by community standards), intimidating, hostile or discriminatory information. No one shall access material via the internet that violates local, state or federal law including but not limited to: attempting to gain access to another entity's internal network, information systems and services or databases without proper approval; attempting to conceal your identity when accessing websites, sending email, or otherwise using the internet; attempting to establish a permanent connection to the internet without conforming to the Town procedures; transmitting computer viruses; accessing or transmitting obscene or pornographic materials.
- All downloads shall be virus scanned.
- Downloads of software programs are prohibited unless approved by the IS Department.
- The use of internal chat programs (such as Instant Messenger) is permitted in accordance with the responsible use conduct put forth in this policy and is subject to the same scrutiny as email and web access.
- Any violations of copyright laws are prohibited.

Since Internet sites can maintain records of the names and locations of individuals that accessed their site, the Town of Londonderry employees must not visit sites that may bring discredit upon the Town and must not engage in any activity that would invite destructive retaliation to the Town's information system. The following activities are specifically prohibited and are considered security violations:

- Attempting to gain access to another entity's internal network, information systems and services, or databases without proper approval
- Attempting to conceal your identity when accessing web sites, sending electronic mail, or otherwise using the internet
- Attempting to establish a permanent connection to the internet without conforming to the Town of Londonderry procedures on External Town of Londonderry Connectivity
- Transmitting computer viruses
- Accessing or transmitting obscene or pornographic materials

These tenets also apply to Town of Londonderry users accessing the Internet via personal or other means, yet identifying themselves (or in a way that they can be easily identified) as Town of Londonderry employees.

Each occurrence of an information security violation requires the initiation of a security investigation to determine the source of the violation and the damage that has been caused. This process is very costly, intrusive to employees and deflects staff from performing work that supports the business in a productive fashion. It is the responsibility of all employees to comply with the Town of Londonderry Information Security Policies and Procedures. Failure to comply will result in severe disciplinary action. Furthermore, if during an information security investigation, any illegal activity is discovered (e.g., accessing child pornography) the appropriate state and federal authorities will also be notified. The policies apply when any Town resource is utilized – including the use of a personal Internet Service Provider (ISP) account on a Town computer. The Town of Londonderry makes no exceptions in following this course of action.

## SECTION IV INCIDENTAL AND OCCASIONAL PERSONAL USE

While incidental and occasional personal use of the Town Internet access is permitted, information stored in the Town systems implementing Internet access will be treated no differently from other business-related information. In this context, incidental and occasional personal use must comply with the Intended Use section of this Policy. In addition, personal use is permitted only if it complies with the following:

- It does not consume more than a trivial amount of resources
- It does not interfere with worker productivity
- It does not preempt any business activity
- It does not constitute private business activity

The Town of Londonderry staff will not resolve technical problems for users relating to their incidental and occasional personal use of the Town Internet access.

## SECTION V ACCESS TO INTERNET TRAFFIC

The Town Internet access is intended for business use. Accordingly, all audit trails and records of activity are considered company property. The Town of Londonderry must, and does, maintain the right and the ability to enter into, for maintenance and other purposes, all of the systems and to review any and all data recorded in those systems. This includes, but is not limited to, records of Internet sites visited by the Town users. Because the Town of Londonderry has the right to obtain access to all information retrieved or transmitted over these systems, users should not assume transactions and activities involving the Town Internet access are private and confidential. If necessary, the Town may disclose information associated with Internet access within or outside of the Town of Londonderry. Users should not expect that any information stored on their computers – whether the information is contained on workstation hard drives, file or database servers, removable computer media, within audit logs, or anywhere else – will be private.

## SECTION VI CONFIDENTIALITY OF INTERNET USE

Users of the Town internet access should understand that, with the exception of a very few instances, all transactions across the internet (e.g., newsgroup access and participation, web browsing, file transfer, software and document downloads, etc.) leave an electronic "trail" and are completely open to any public scrutiny or eavesdropping from any point in the world, both in real-time and in collected form for later examination. There are many organizations, both legitimate and illicit, that track Internet use in general and by companies. Additionally, even when individuals use their own methods to access the Internet, it is often very easy to identify them as employees of (or otherwise associated with) the Town of Londonderry.

## SECTION VII PURCHASING ISSUES AND INTERNET ACCESS

Often, the act of downloading software via Internet access may imply the acceptance of licensing agreements, which can consequently imply agreement to fees. Inspect all licensing agreements for such clauses. The Town users of Internet access may not undertake any licensing agreements for the corporation through the use of software acquired from the Internet. Please contact the IS Department with any questions.

## SECTION VIII DISCIPLINE

It is the Town of Londonderry's policy to place as few restraints on personal conduct as possible. The Town is justifiably proud of its employees and the manner in which they conduct themselves. Each employee is expected to act in an appropriate and responsible manner, using good judgment at all times. However, for the protection of the Town's property, business interest, and other employees, the Town has established certain rules and a specific policy and procedures regarding information services.

Disciplinary action taken will depend on the seriousness of the violation. Disciplinary action will be taken by the appropriate Department Head, in accordance with the Town of Londonderry policy, following the appropriate union contract in place for that employee. Such action may include: counseling, informal or formal reprimands, oral or written warnings, suspension, demotion, transfer, or other forms of sanctions including termination of employment. Department Heads and/or supervisors are responsible for strictly enforcing adherence to this policy.

## CERTIFICATE OF ACKNOWLEDGMENT

I have received a copy of the Town of Londonderry's Internet Acceptable Use Policy. I understand that I am responsible for reading and becoming familiar with the Policy. Should I have questions regarding interpretation of the information, I will contact the Human Resources Department for clarification.

# CHAPTER XV - INTERNET ACCEPTABLE USE POLICY

## SECTION I POLICY STATEMENT

The policy is published for the employees' information and to minimize the likelihood that any employee, through misunderstanding or otherwise, becomes subject to any disciplinary action resulting from the misuse of the Town's technology. It is only fair that the Town expects employees to become familiar with the guidelines the Town considers important regarding information services and Internet access. While the Town believes in outlining rules that are fair to all employees, violation of this policy will result in disciplinary action up to and including discharge.

Internet access provided by the Town of Londonderry to the Town of Londonderry users (i.e., all full-time and part-time and subsidiary employees, contractors, subcontractors, and consultants) is considered a Town-owned resource, and as such may only be used for conducting Town business. While incidental and occasional personal use is permitted, users of the Town of Londonderry Internet access are reminded that the Town maintains the right to examine, for maintenance or other purposes, any information contained within the systems. Every user is responsible for the appropriate use of Town Internet access, as defined within this policy. The Town's management shall ensure that all users are fully informed concerning use of Town Internet access and the directives set forth in this policy. This policy applies to all Internet access achieved through Town networking infrastructure, including access through the Town network from non-Town locations, such as off-site work locations or employees' residences.

## SECTION II SCOPE

This policy applies to all full-time and part-time Town employees and contractors, subcontractors, consultants, board and commission members, and anyone entrusted with the Town of Londonderry information. The definition of information networks and information resources is: any configuration of computer hardware and software that connects users. An information network includes all of the computer hardware, software, stored text and data files. This includes electronic mail, local databases, externally accessed databases, CDs, magnetic or optical media, imagery, digitized information, the internet, the World Wide Web, communications technologies and other technologies not covered herein. Stand-alone workstations are also governed by this policy.

## SECTION III INTENDED USE

The Town information networks provide access to local, regional and international sources of information. Only authorized staff may use Town information networks, and the networks shall not constitute a public forum. Staff shall have no rights of privacy with regard to their use of Town's information networks. Authorized staff shall use Town information networks with respect for the public trust that they have been provided and in accordance with policy and regulations established by the Town. This policy does not attempt to articulate all required and prohibited behavior by information network users.

Successful operation of information networks requires that all users conduct themselves in a responsible, decent, ethical and polite manner while using the networks. The user is ultimately responsible for his/her actions in accessing and using network service. The Town Internet access is intended for Town business use and should be considered a privilege, not a right. All users of the Town's computer equipment and network will adhere to the following procedures:

- There will be no hardware or software changes to computer equipment without the involvement of the Information Services (IS) Department. This includes the downloading of files from diskettes or other media, which were obtained from a computer not connected to the network.
- There should be no unauthorized duplication, installation or use of software on any computer. Non-compliance with this direction may violate federal copyright laws and be subject to various civil and/or criminal penalties. This may also expose the system to computer viruses, which may damage or destroy programs and data.
- All media must be virus scanned prior to introduction to the Town's computer systems. If a computer becomes infected with a virus, contact the IS Department immediately. No employee outside of the IS Department should attempt to clean or remove the virus.
- It is standard procedure to run virus-scanning software at all computers. It is strictly prohibited to tamper or alter with the anti-virus software that has been installed on any computer.
- All accounts for non-Town of Londonderry employees require the authorization of the IS Department Manager prior to the start date. No unauthorized individual will obtain accounts to access the network without prior authorization and notification to the IS Department.
- External access to the Town network is for employees only. Use of a Town account by friends or family members is strictly prohibited.

- Network access will be protected by passwords, which will be maintained by the IS Department. The passwords will expire and must be changed routinely. Passwords may not be shared under any circumstances. If necessary, employees may grant proxy rights to their email accounts to allow other employees access.
- Any computer with a modem installed runs the risk of a hacker attack. Be aware of this factor and keep your computer connections via the modem to an as-needed basis when traveling or away from the office. Do not allow your computer to sit connected via the modem for an extended period of time unattended. In addition, when at the office, your computer should never be connected via your network connection and an outgoing modem connection simultaneously.
- Information maintained on Town provided computers is the property of the Town and may be accessed, copied, deleted or otherwise handled as deemed appropriate by the Town. An employee should have no expectation of privacy with regard to such information.
- Any Asset entrusted to an employee becomes that employee's responsibility to safeguard and regulate access to it.
- No one shall attempt to bypass security procedures established by the Town of Londonderry.
- The Town of Londonderry provides e-mail for business purposes.
- Town information is proprietary and cannot be disclosed outside the Town without management authorization. It should be recognized that Internet e-mail is unsecured and care should be taken concerning message content. Blanket forwarding of e-mail to addresses outside of the Town's network is not allowed.
- E-mail messages shall not contain offensive, intimidating or hostile comments and/or material.
- All inbound and outbound messages that contain attachments will be virus scanned.
- Internet access provided by the Town shall be for business purposes only.
- Personal Internet accounts shall not be accessed from any computer attached to the network.

- All downloads shall be for business purposes only. The Internet connection will not be used to access offensive, obscene (as defined by community standards), intimidating, hostile or discriminatory information. No one shall access material via the internet that violates local, state or federal law including but not limited to: attempting to gain access to another entity's internal network, information systems and services or databases without proper approval; attempting to conceal your identity when accessing websites, sending email, or otherwise using the internet; attempting to establish a permanent connection to the internet without conforming to the Town procedures; transmitting computer viruses; accessing or transmitting obscene or pornographic materials.
- All downloads shall be virus scanned.
- Downloads of software programs are prohibited unless approved by the IS Department.
- The use of internal chat programs (such as Instant Messenger) is permitted in accordance with the responsible use conduct put forth in this policy and is subject to the same scrutiny as email and web access.
- Any violations of copyright laws are prohibited.

Since Internet sites can maintain records of the names and locations of individuals that accessed their site, the Town of Londonderry employees must not visit sites that may bring discredit upon the Town and must not engage in any activity that would invite destructive retaliation to the Town's information system. The following activities are specifically prohibited and are considered security violations:

- Attempting to gain access to another entity's internal network, information systems and services, or databases without proper approval
- Attempting to conceal your identity when accessing web sites, sending electronic mail, or otherwise using the internet
- Attempting to establish a permanent connection to the internet without conforming to the Town of Londonderry procedures on External Town of Londonderry Connectivity
- Transmitting computer viruses
- Accessing or transmitting obscene or pornographic materials

These tenets also apply to Town of Londonderry users accessing the Internet via personal or other means, yet identifying themselves (or in a way that they can be easily identified) as Town of Londonderry employees.

Each occurrence of an information security violation requires the initiation of a security investigation to determine the source of the violation and the damage that has been caused. This process is very costly, intrusive to employees and deflects staff from performing work that supports the business in a productive fashion. It is the responsibility of all employees to comply with the Town of Londonderry Information Security Policies and Procedures. Failure to comply will result in severe disciplinary action. Furthermore, if during an information security investigation, any illegal activity is discovered (e.g., accessing child pornography) the appropriate state and federal authorities will also be notified. The policies apply when any Town resource is utilized – including the use of a personal Internet Service Provider (ISP) account on a Town computer. The Town of Londonderry makes no exceptions in following this course of action.

## SECTION IV INCIDENTAL AND OCCASIONAL PERSONAL USE

While incidental and occasional personal use of the Town Internet access is permitted, information stored in the Town systems implementing Internet access will be treated no differently from other business-related information. In this context, incidental and occasional personal use must comply with the Intended Use section of this Policy. In addition, personal use is permitted only if it complies with the following:

- It does not consume more than a trivial amount of resources
- It does not interfere with worker productivity
- It does not preempt any business activity
- It does not constitute private business activity

The Town of Londonderry staff will not resolve technical problems for users relating to their incidental and occasional personal use of the Town Internet access.

## SECTION V ACCESS TO INTERNET TRAFFIC

The Town Internet access is intended for business use. Accordingly, all audit trails and records of activity are considered company property. The Town of Londonderry must, and does, maintain the right and the ability to enter into, for maintenance and other purposes, all of the systems and to review any and all data recorded in those systems. This includes, but is not limited to, records of Internet sites visited by the Town users. Because the Town of Londonderry has the right to obtain access to all information retrieved or transmitted over these systems, users should not assume transactions and activities involving the Town Internet access are private and confidential. If necessary, the Town may disclose information associated with Internet access within or outside of the Town of Londonderry. Users should not expect that any information stored on their computers – whether the information is contained on workstation hard drives, file or database servers, removable computer media, within audit logs, or anywhere else – will be private.

## SECTION VI CONFIDENTIALITY OF INTERNET USE

Users of the Town internet access should understand that, with the exception of a very few instances, all transactions across the internet (e.g., newsgroup access and participation, web browsing, file transfer, software and document downloads, etc.) leave an electronic "trail" and are completely open to any public scrutiny or eavesdropping from any point in the world, both in real-time and in collected form for later examination. There are many organizations, both legitimate and illicit, that track Internet use in general and by companies. Additionally, even when individuals use their own methods to access the Internet, it is often very easy to identify them as employees of (or otherwise associated with) the Town of Londonderry.

## SECTION VII PURCHASING ISSUES AND INTERNET ACCESS

Often, the act of downloading software via Internet access may imply the acceptance of licensing agreements, which can consequently imply agreement to fees. Inspect all licensing agreements for such clauses. The Town users of Internet access may not undertake any licensing agreements for the corporation through the use of software acquired from the Internet. Please contact the IS Department with any questions.

## SECTION VIII DISCIPLINE

It is the Town of Londonderry's policy to place as few restraints on personal conduct as possible. The Town is justifiably proud of its employees and the manner in which they conduct themselves. Each employee is expected to act in an appropriate and responsible manner, using good judgment at all times. However, for the protection of the Town's property, business interest, and other employees, the Town has established certain rules and a specific policy and procedures regarding information services.

Disciplinary action taken will depend on the seriousness of the violation. Disciplinary action will be taken by the appropriate Department Head, in accordance with the Town of Londonderry policy, following the appropriate union contract in place for that employee. Such action may include: counseling, informal or formal reprimands, oral or written warnings, suspension, demotion, transfer, or other forms of sanctions including termination of employment. Department Heads and/or supervisors are responsible for strictly enforcing adherence to this policy.

## CERTIFICATE OF ACKNOWLEDGMENT

I have received a copy of the Town of Londonderry's Internet Acceptable Use Policy. I understand that I am responsible for reading and becoming familiar with the Policy. Should I have questions regarding interpretation of the information, I will contact the Human Resources Department for clarification.

**From:** Jonathan Esposito
**Sent:** Tuesday, March 14, 2023 8:08 AM
**To:** Michael Malaguti; TownCouncil
**Subject:** Violation of acceptable use policy
**Attachments:** internet_acceptable_use_policy.pdf

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Hello,

I contend that the retransmission of my emails sent to the town as citizen correspondence with the municipality,

From John Farrell's personal email address, as well as Jim Butler's distributed correspondence,

Both violated the towns acceptable use policy as attached.

Both councillors transmitted emails regarding complaints about corruption and complaints, as well as official 91A work product, to private email groups.

The acceptable use policy states that it covers board and committee members and anyone entrusted with information from the town of Londonderry.

The acceptable use policy and applicable subsections spell out clearly:

A. network access provided by the town is for business purposes only.

B. information sent to the town is priorietary and may only be shared with Town Manager approval.

C. blanket forwarding of emails outside the towns network is specifically prohibited.

D. Concealing one's identity is prohibited (intentionally not signing off on emails).

E. intimidating, hostile, or offensive comments are prohibited.

Please note that there is a specific provision in the acceptable use policy that states these tenets apply, even when accessing the internet network from personal means, if the individual is doing so in a manner in which they may be identified as an official of the town of Londonderry. John Farrell's use of his JW Farrell Jr email which he has previously transmitted official correspondence on, identifies him as an official of the town of Londonderry.

It is my contention that emails sent on March 7th and March 8th by both chairman Farrell and councilor Butler, violate the above terms of the acceptable use policy, with the exception of item d, as I believe counselor Butler identified himself in his emails, so this section would not apply.

Please note that in denying to substantiate my election law complaint, the department of Justice clearly accepted the fact that town officials were transmitting private correspondence from their personal email address. This is a material

fact not disputed by the DOJ, as the assistant attorney general stated that their behavior was not an election law violation, but covered free speech.

As there is no contest as to whether or not these officials were engaged in the aforementioned behavior, and even if it was free speech, I respectfully submit that the town of Londonderry and the town manager are obligated to enforce the acceptable use policy for the violations noted.

Please advise

Jonathan Esposito

# CHAPTER XV - INTERNET ACCEPTABLE USE POLICY

## SECTION I POLICY STATEMENT

The policy is published for the employees' information and to minimize the likelihood that any employee, through misunderstanding or otherwise, becomes subject to any disciplinary action resulting from the misuse of the Town's technology. It is only fair that the Town expects employees to become familiar with the guidelines the Town considers important regarding information services and Internet access. While the Town believes in outlining rules that are fair to all employees, violation of this policy will result in disciplinary action up to and including discharge.

Internet access provided by the Town of Londonderry to the Town of Londonderry users (i.e., all full-time and part-time and subsidiary employees, contractors, subcontractors, and consultants) is considered a Town-owned resource, and as such may only be used for conducting Town business. While incidental and occasional personal use is permitted, users of the Town of Londonderry Internet access are reminded that the Town maintains the right to examine, for maintenance or other purposes, any information contained within the systems. Every user is responsible for the appropriate use of Town Internet access, as defined within this policy. The Town's management shall ensure that all users are fully informed concerning use of Town Internet access and the directives set forth in this policy. This policy applies to all Internet access achieved through Town networking infrastructure, including access through the Town network from non-Town locations, such as off-site work locations or employees' residences.

## SECTION II SCOPE

This policy applies to all full-time and part-time Town employees and contractors, subcontractors, consultants, board and commission members, and anyone entrusted with the Town of Londonderry information. The definition of information networks and information resources is: any configuration of computer hardware and software that connects users. An information network includes all of the computer hardware, software, stored text and data files. This includes electronic mail, local databases, externally accessed databases, CDs, magnetic or optical media, imagery, digitized information, the internet, the World Wide Web, communications technologies and other technologies not covered herein. Stand-alone workstations are also governed by this policy.

## SECTION III INTENDED USE

The Town information networks provide access to local, regional and international sources of information. Only authorized staff may use Town information networks, and the networks shall not constitute a public forum. Staff shall have no rights of privacy with regard to their use of Town's information networks. Authorized staff shall use Town information networks with respect for the public trust that they have been provided and in accordance with policy and regulations established by the Town. This policy does not attempt to articulate all required and prohibited behavior by information network users.

Successful operation of information networks requires that all users conduct themselves in a responsible, decent, ethical and polite manner while using the networks. The user is ultimately responsible for his/her actions in accessing and using network service. The Town Internet access is intended for Town business use and should be considered a privilege, not a right. All users of the Town's computer equipment and network will adhere to the following procedures:

- There will be no hardware or software changes to computer equipment without the involvement of the Information Services (IS) Department. This includes the downloading of files from diskettes or other media, which were obtained from a computer not connected to the network.
- There should be no unauthorized duplication, installation or use of software on any computer. Non-compliance with this direction may violate federal copyright laws and be subject to various civil and/or criminal penalties. This may also expose the system to computer viruses, which may damage or destroy programs and data.
- All media must be virus scanned prior to introduction to the Town's computer systems. If a computer becomes infected with a virus, contact the IS Department immediately. No employee outside of the IS Department should attempt to clean or remove the virus.
- It is standard procedure to run virus-scanning software at all computers. It is strictly prohibited to tamper or alter with the anti-virus software that has been installed on any computer.
- All accounts for non-Town of Londonderry employees require the authorization of the IS Department Manager prior to the start date. No unauthorized individual will obtain accounts to access the network without prior authorization and notification to the IS Department.
- External access to the Town network is for employees only. Use of a Town account by friends or family members is strictly prohibited.

- Network access will be protected by passwords, which will be maintained by the IS Department. The passwords will expire and must be changed routinely. Passwords may not be shared under any circumstances. If necessary, employees may grant proxy rights to their email accounts to allow other employees access.
- Any computer with a modem installed runs the risk of a hacker attack. Be aware of this factor and keep your computer connections via the modem to an as-needed basis when traveling or away from the office. Do not allow your computer to sit connected via the modem for an extended period of time unattended. In addition, when at the office, your computer should never be connected via your network connection and an outgoing modem connection simultaneously.
- Information maintained on Town provided computers is the property of the Town and may be accessed, copied, deleted or otherwise handled as deemed appropriate by the Town. An employee should have no expectation of privacy with regard to such information.
- Any Asset entrusted to an employee becomes that employee's responsibility to safeguard and regulate access to it.
- No one shall attempt to bypass security procedures established by the Town of Londonderry.
- The Town of Londonderry provides e-mail for business purposes.
- Town information is proprietary and cannot be disclosed outside the Town without management authorization. It should be recognized that Internet e-mail is unsecured and care should be taken concerning message content. Blanket forwarding of e-mail to addresses outside of the Town's network is not allowed.
- E-mail messages shall not contain offensive, intimidating or hostile comments and/or material.
- All inbound and outbound messages that contain attachments will be virus scanned.
- Internet access provided by the Town shall be for business purposes only.
- Personal Internet accounts shall not be accessed from any computer attached to the network.

- All downloads shall be for business purposes only. The Internet connection will not be used to access offensive, obscene (as defined by community standards), intimidating, hostile or discriminatory information. No one shall access material via the internet that violates local, state or federal law including but not limited to: attempting to gain access to another entity's internal network, information systems and services or databases without proper approval; attempting to conceal your identity when accessing websites, sending email, or otherwise using the internet; attempting to establish a permanent connection to the internet without conforming to the Town procedures; transmitting computer viruses; accessing or transmitting obscene or pornographic materials.
- All downloads shall be virus scanned.
- Downloads of software programs are prohibited unless approved by the IS Department.
- The use of internal chat programs (such as Instant Messenger) is permitted in accordance with the responsible use conduct put forth in this policy and is subject to the same scrutiny as email and web access.
- Any violations of copyright laws are prohibited.

Since Internet sites can maintain records of the names and locations of individuals that accessed their site, the Town of Londonderry employees must not visit sites that may bring discredit upon the Town and must not engage in any activity that would invite destructive retaliation to the Town's information system. The following activities are specifically prohibited and are considered security violations:

- Attempting to gain access to another entity's internal network, information systems and services, or databases without proper approval
- Attempting to conceal your identity when accessing web sites, sending electronic mail, or otherwise using the internet
- Attempting to establish a permanent connection to the internet without conforming to the Town of Londonderry procedures on External Town of Londonderry Connectivity
- Transmitting computer viruses
- Accessing or transmitting obscene or pornographic materials

These tenets also apply to Town of Londonderry users accessing the Internet via personal or other means, yet identifying themselves (or in a way that they can be easily identified) as Town of Londonderry employees.

Each occurrence of an information security violation requires the initiation of a security investigation to determine the source of the violation and the damage that has been caused. This process is very costly, intrusive to employees and deflects staff from performing work that supports the business in a productive fashion. It is the responsibility of all employees to comply with the Town of Londonderry Information Security Policies and Procedures. Failure to comply will result in severe disciplinary action. Furthermore, if during an information security investigation, any illegal activity is discovered (e.g., accessing child pornography) the appropriate state and federal authorities will also be notified. The policies apply when any Town resource is utilized – including the use of a personal Internet Service Provider (ISP) account on a Town computer. The Town of Londonderry makes no exceptions in following this course of action.

## SECTION IV INCIDENTAL AND OCCASIONAL PERSONAL USE

While incidental and occasional personal use of the Town Internet access is permitted, information stored in the Town systems implementing Internet access will be treated no differently from other business-related information. In this context, incidental and occasional personal use must comply with the Intended Use section of this Policy. In addition, personal use is permitted only if it complies with the following:

- It does not consume more than a trivial amount of resources
- It does not interfere with worker productivity
- It does not preempt any business activity
- It does not constitute private business activity

The Town of Londonderry staff will not resolve technical problems for users relating to their incidental and occasional personal use of the Town Internet access.

## SECTION V ACCESS TO INTERNET TRAFFIC

The Town Internet access is intended for business use. Accordingly, all audit trails and records of activity are considered company property. The Town of Londonderry must, and does, maintain the right and the ability to enter into, for maintenance and other purposes, all of the systems and to review any and all data recorded in those systems. This includes, but is not limited to, records of Internet sites visited by the Town users. Because the Town of Londonderry has the right to obtain access to all information retrieved or transmitted over these systems, users should not assume transactions and activities involving the Town Internet access are private and confidential. If necessary, the Town may disclose information associated with Internet access within or outside of the Town of Londonderry. Users should not expect that any information stored on their computers – whether the information is contained on workstation hard drives, file or database servers, removable computer media, within audit logs, or anywhere else – will be private.

## SECTION VI CONFIDENTIALITY OF INTERNET USE

Users of the Town internet access should understand that, with the exception of a very few instances, all transactions across the internet (e.g., newsgroup access and participation, web browsing, file transfer, software and document downloads, etc.) leave an electronic "trail" and are completely open to any public scrutiny or eavesdropping from any point in the world, both in real-time and in collected form for later examination. There are many organizations, both legitimate and illicit, that track Internet use in general and by companies. Additionally, even when individuals use their own methods to access the Internet, it is often very easy to identify them as employees of (or otherwise associated with) the Town of Londonderry.

## SECTION VII PURCHASING ISSUES AND INTERNET ACCESS

Often, the act of downloading software via Internet access may imply the acceptance of licensing agreements, which can consequently imply agreement to fees. Inspect all licensing agreements for such clauses. The Town users of Internet access may not undertake any licensing agreements for the corporation through the use of software acquired from the Internet. Please contact the IS Department with any questions.

## SECTION VIII DISCIPLINE

It is the Town of Londonderry's policy to place as few restraints on personal conduct as possible. The Town is justifiably proud of its employees and the manner in which they conduct themselves. Each employee is expected to act in an appropriate and responsible manner, using good judgment at all times. However, for the protection of the Town's property, business interest, and other employees, the Town has established certain rules and a specific policy and procedures regarding information services.

Disciplinary action taken will depend on the seriousness of the violation. Disciplinary action will be taken by the appropriate Department Head, in accordance with the Town of Londonderry policy, following the appropriate union contract in place for that employee. Such action may include: counseling, informal or formal reprimands, oral or written warnings, suspension, demotion, transfer, or other forms of sanctions including termination of employment. Department Heads and/or supervisors are responsible for strictly enforcing adherence to this policy.

## CERTIFICATE OF ACKNOWLEDGMENT

I have received a copy of the Town of Londonderry's Internet Acceptable Use Policy. I understand that I am responsible for reading and becoming familiar with the Policy. Should I have questions regarding interpretation of the information, I will contact the Human Resources Department for clarification.

# CHAPTER XV - INTERNET ACCEPTABLE USE POLICY

## SECTION I POLICY STATEMENT

The policy is published for the employees' information and to minimize the likelihood that any employee, through misunderstanding or otherwise, becomes subject to any disciplinary action resulting from the misuse of the Town's technology. It is only fair that the Town expects employees to become familiar with the guidelines the Town considers important regarding information services and Internet access. While the Town believes in outlining rules that are fair to all employees, violation of this policy will result in disciplinary action up to and including discharge.

Internet access provided by the Town of Londonderry to the Town of Londonderry users (i.e., all full-time and part-time and subsidiary employees, contractors, subcontractors, and consultants) is considered a Town-owned resource, and as such may only be used for conducting Town business. While incidental and occasional personal use is permitted, users of the Town of Londonderry Internet access are reminded that the Town maintains the right to examine, for maintenance or other purposes, any information contained within the systems. Every user is responsible for the appropriate use of Town Internet access, as defined within this policy. The Town's management shall ensure that all users are fully informed concerning use of Town Internet access and the directives set forth in this policy. This policy applies to all Internet access achieved through Town networking infrastructure, including access through the Town network from non-Town locations, such as off-site work locations or employees' residences.

## SECTION II SCOPE

This policy applies to all full-time and part-time Town employees and contractors, subcontractors, consultants, board and commission members, and anyone entrusted with the Town of Londonderry information. The definition of information networks and information resources is: any configuration of computer hardware and software that connects users. An information network includes all of the computer hardware, software, stored text and data files. This includes electronic mail, local databases, externally accessed databases, CDs, magnetic or optical media, imagery, digitized information, the internet, the World Wide Web, communications technologies and other technologies not covered herein. Stand-alone workstations are also governed by this policy.

## SECTION III INTENDED USE

The Town information networks provide access to local, regional and international sources of information. Only authorized staff may use Town information networks, and the networks shall not constitute a public forum. Staff shall have no rights of privacy with regard to their use of Town's information networks. Authorized staff shall use Town information networks with respect for the public trust that they have been provided and in accordance with policy and regulations established by the Town. This policy does not attempt to articulate all required and prohibited behavior by information network users.

Successful operation of information networks requires that all users conduct themselves in a responsible, decent, ethical and polite manner while using the networks. The user is ultimately responsible for his/her actions in accessing and using network service. The Town Internet access is intended for Town business use and should be considered a privilege, not a right. All users of the Town's computer equipment and network will adhere to the following procedures:

- There will be no hardware or software changes to computer equipment without the involvement of the Information Services (IS) Department. This includes the downloading of files from diskettes or other media, which were obtained from a computer not connected to the network.
- There should be no unauthorized duplication, installation or use of software on any computer. Non-compliance with this direction may violate federal copyright laws and be subject to various civil and/or criminal penalties. This may also expose the system to computer viruses, which may damage or destroy programs and data.
- All media must be virus scanned prior to introduction to the Town's computer systems. If a computer becomes infected with a virus, contact the IS Department immediately. No employee outside of the IS Department should attempt to clean or remove the virus.
- It is standard procedure to run virus-scanning software at all computers. It is strictly prohibited to tamper or alter with the anti-virus software that has been installed on any computer.
- All accounts for non-Town of Londonderry employees require the authorization of the IS Department Manager prior to the start date. No unauthorized individual will obtain accounts to access the network without prior authorization and notification to the IS Department.
- External access to the Town network is for employees only. Use of a Town account by friends or family members is strictly prohibited.

- Network access will be protected by passwords, which will be maintained by the IS Department. The passwords will expire and must be changed routinely. Passwords may not be shared under any circumstances. If necessary, employees may grant proxy rights to their email accounts to allow other employees access.
- Any computer with a modem installed runs the risk of a hacker attack. Be aware of this factor and keep your computer connections via the modem to an as-needed basis when traveling or away from the office. Do not allow your computer to sit connected via the modem for an extended period of time unattended. In addition, when at the office, your computer should never be connected via your network connection and an outgoing modem connection simultaneously.
- Information maintained on Town provided computers is the property of the Town and may be accessed, copied, deleted or otherwise handled as deemed appropriate by the Town. An employee should have no expectation of privacy with regard to such information.
- Any Asset entrusted to an employee becomes that employee's responsibility to safeguard and regulate access to it.
- No one shall attempt to bypass security procedures established by the Town of Londonderry.
- The Town of Londonderry provides e-mail for business purposes.
- Town information is proprietary and cannot be disclosed outside the Town without management authorization. It should be recognized that Internet e-mail is unsecured and care should be taken concerning message content. Blanket forwarding of e-mail to addresses outside of the Town's network is not allowed.
- E-mail messages shall not contain offensive, intimidating or hostile comments and/or material.
- All inbound and outbound messages that contain attachments will be virus scanned.
- Internet access provided by the Town shall be for business purposes only.
- Personal Internet accounts shall not be accessed from any computer attached to the network.

- All downloads shall be for business purposes only. The Internet connection will not be used to access offensive, obscene (as defined by community standards), intimidating, hostile or discriminatory information. No one shall access material via the internet that violates local, state or federal law including but not limited to: attempting to gain access to another entity's internal network, information systems and services or databases without proper approval; attempting to conceal your identity when accessing websites, sending email, or otherwise using the internet; attempting to establish a permanent connection to the internet without conforming to the Town procedures; transmitting computer viruses; accessing or transmitting obscene or pornographic materials.
- All downloads shall be virus scanned.
- Downloads of software programs are prohibited unless approved by the IS Department.
- The use of internal chat programs (such as Instant Messenger) is permitted in accordance with the responsible use conduct put forth in this policy and is subject to the same scrutiny as email and web access.
- Any violations of copyright laws are prohibited.

Since Internet sites can maintain records of the names and locations of individuals that accessed their site, the Town of Londonderry employees must not visit sites that may bring discredit upon the Town and must not engage in any activity that would invite destructive retaliation to the Town's information system. The following activities are specifically prohibited and are considered security violations:

- Attempting to gain access to another entity's internal network, information systems and services, or databases without proper approval
- Attempting to conceal your identity when accessing web sites, sending electronic mail, or otherwise using the internet
- Attempting to establish a permanent connection to the internet without conforming to the Town of Londonderry procedures on External Town of Londonderry Connectivity
- Transmitting computer viruses
- Accessing or transmitting obscene or pornographic materials

These tenets also apply to Town of Londonderry users accessing the Internet via personal or other means, yet identifying themselves (or in a way that they can be easily identified) as Town of Londonderry employees.

Each occurrence of an information security violation requires the initiation of a security investigation to determine the source of the violation and the damage that has been caused. This process is very costly, intrusive to employees and deflects staff from performing work that supports the business in a productive fashion. It is the responsibility of all employees to comply with the Town of Londonderry Information Security Policies and Procedures. Failure to comply will result in severe disciplinary action. Furthermore, if during an information security investigation, any illegal activity is discovered (e.g., accessing child pornography) the appropriate state and federal authorities will also be notified. The policies apply when any Town resource is utilized – including the use of a personal Internet Service Provider (ISP) account on a Town computer. The Town of Londonderry makes no exceptions in following this course of action.

## SECTION IV INCIDENTAL AND OCCASIONAL PERSONAL USE

While incidental and occasional personal use of the Town Internet access is permitted, information stored in the Town systems implementing Internet access will be treated no differently from other business-related information. In this context, incidental and occasional personal use must comply with the Intended Use section of this Policy. In addition, personal use is permitted only if it complies with the following:

- It does not consume more than a trivial amount of resources
- It does not interfere with worker productivity
- It does not preempt any business activity
- It does not constitute private business activity

The Town of Londonderry staff will not resolve technical problems for users relating to their incidental and occasional personal use of the Town Internet access.

## SECTION V ACCESS TO INTERNET TRAFFIC

The Town Internet access is intended for business use. Accordingly, all audit trails and records of activity are considered company property. The Town of Londonderry must, and does, maintain the right and the ability to enter into, for maintenance and other purposes, all of the systems and to review any and all data recorded in those systems. This includes, but is not limited to, records of Internet sites visited by the Town users. Because the Town of Londonderry has the right to obtain access to all information retrieved or transmitted over these systems, users should not assume transactions and activities involving the Town Internet access are private and confidential. If necessary, the Town may disclose information associated with Internet access within or outside of the Town of Londonderry. Users should not expect that any information stored on their computers – whether the information is contained on workstation hard drives, file or database servers, removable computer media, within audit logs, or anywhere else – will be private.

## SECTION VI CONFIDENTIALITY OF INTERNET USE

Users of the Town internet access should understand that, with the exception of a very few instances, all transactions across the internet (e.g., newsgroup access and participation, web browsing, file transfer, software and document downloads, etc.) leave an electronic "trail" and are completely open to any public scrutiny or eavesdropping from any point in the world, both in real-time and in collected form for later examination. There are many organizations, both legitimate and illicit, that track Internet use in general and by companies. Additionally, even when individuals use their own methods to access the Internet, it is often very easy to identify them as employees of (or otherwise associated with) the Town of Londonderry.

## SECTION VII PURCHASING ISSUES AND INTERNET ACCESS

Often, the act of downloading software via Internet access may imply the acceptance of licensing agreements, which can consequently imply agreement to fees. Inspect all licensing agreements for such clauses. The Town users of Internet access may not undertake any licensing agreements for the corporation through the use of software acquired from the Internet. Please contact the IS Department with any questions.

## SECTION VIII DISCIPLINE

It is the Town of Londonderry's policy to place as few restraints on personal conduct as possible. The Town is justifiably proud of its employees and the manner in which they conduct themselves. Each employee is expected to act in an appropriate and responsible manner, using good judgment at all times. However, for the protection of the Town's property, business interest, and other employees, the Town has established certain rules and a specific policy and procedures regarding information services.

Disciplinary action taken will depend on the seriousness of the violation. Disciplinary action will be taken by the appropriate Department Head, in accordance with the Town of Londonderry policy, following the appropriate union contract in place for that employee. Such action may include: counseling, informal or formal reprimands, oral or written warnings, suspension, demotion, transfer, or other forms of sanctions including termination of employment. Department Heads and/or supervisors are responsible for strictly enforcing adherence to this policy.

## CERTIFICATE OF ACKNOWLEDGMENT

I have received a copy of the Town of Londonderry's Internet Acceptable Use Policy. I understand that I am responsible for reading and becoming familiar with the Policy. Should I have questions regarding interpretation of the information, I will contact the Human Resources Department for clarification.

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

It appears the Town council chair is not only yet again sending official work product from his private email, as directly advised against by the town manager due to 91A provisions,

But he is also using his elected office to send out unsolicited communications to citizens who have no desire to engage with the municipality at this time and did not request the provided information.

I would also like to further add that another set of correspondence was transmitted this morning accusing the chairman of the Londonderry Republican committee of frivolous use of taxpayer dollars. See attached item for reference.

These statement are libelous at face.

I did not make these requests relevant to any political party affiliation or political committee involvement. This is intentional, partisan misstatement of my individual actions as a citizen and taxpayer. There is at least one request listed there if not multiple where I took the time to specifically enumerate that I was making the request as a private citizen. I should not have to make that enumeration each time.

I was not elected as the Chairman of the Town Political Committee until 01.2023. The dates for line items 2-7 reflect the 2022 time period in which Janet Huttula was the Chairperson of the Londonderry Republican Committee.

The statement by the Town Council chairman that these items were frivolous spending by the "LRC chairperson" falsely and dishonestly reflects on Janet Huttula, who still resides in this community, who had no involvement with any releases of information listed, and whose image risks injury due to false public statements by the Town of Londonderry.

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Allow me to be clear, Town Manager and Council Members;

This is a first amendment challenge to the town of Londonderry and not a matter of personal opinion in correspondence. Your refusal to append citizen correspondence to minutes that specifically request it, correspondence that is reasonable in scope and volume, and not otherwise profane prohibited or unlawful, I am arguing is a violation of taxpayers freedom of speech and our fundamental rights to a transparent and inclusive town council and municipality.

As you are aware, mental health is a big issue in our society, and written correspondence entered to the record is an easy accommodation for citizens who do not feel comfortable standing up in the citizen averse environment that you folks have created in the moose hill council chambers, with the town council sitting above and apart from us as if they are judge, with you and your assistant playing court recorder and bailiff. Therefore, I also make the contention that the towns refusal to include otherwise not prohibited correspondence with town council meeting minutes is declining to provide reasonable access and accommodation to other than abled citizens.

I will state for the record that you are factually incorrect in this statement that you have drafted. I will be more than glad to cite dates and times in which the town council and chairman have introduced correspondence favorable to them, but declined to introduce correspondence or attempted to disallow correspondence to be read from citizens during public comment, such as with the Laura Gandia matter at a February meeting of the council I attended.

I will also note that SAU12 the Londonderry School District makes a regular habit of appending parent correspondence, both positive and negative, to the school board meeting minutes, so while you may be correct in that there is no statute ordinance or policy requiring it,

It must be equally stated that there is no statute, ordinance, or policy against it. The public has a vested interest in being privy to correspondence that is shared with our elected officials and our public servants such

as yourself, especially when the intent of such correspondence is to be introduced into public record, which is quite the opposite of attempting to interact with government from the shadows.

You need to relax your tone Mike. You are not the sole arbiter under the Town charter on whether or not the town will continue to reply to a matter. The correspondence of citizens, no matter how superfluous you may feel such correspondence to be, is inherently more important than your petty, un-asked for personal opinion.

I am not content with solely reintroducing the matter during public comment, although I will be glad to do so as an additional resolution step.

I would like to request a formal sit-down meeting with the next session of the Town council after election, to discuss this matter further.

I await your reply as to when such a meeting can be arranged

Jonathan Esposito

**To:** [redacted] <[redacted]
**Cc:** TownCouncil <TownCouncil@londonderrynh.org>
**Subject:** Re: Londonderry Times Ad (request to include letter in minutes)

Good evening,

There is no statute, ordinance, or charter provision governing any attachments required to be appended to the Town Council's minutes. The Council's rules of procedure also do not require this.

In longstanding practice, those wishing to address the Council and the public have been required to attend Council meetings and speak in public comment. The Town Council Chairman has consistently and liberally permitted public comment, and has often lifted or relaxed time limitations in favor of full, meaningful public participation and input.

In extreme, extenuating circumstances, the Chairman, in his discretion, has relaxed this practice, as is his prerogative. In general, however, communications included in the minutes are those which occur in the Town Council Chambers, during meetings that are noticed well in advance, and aired on local access television and recorded for posterity. Our form of government is designed to occur in public for all to see, not in the shadows of social media or via email outside of public view.

If you have an extreme, extenuating circumstance, I would be happy to convey it to the Chairman for his consideration. In the absence of such a request, the official minutes of the Londonderry Town Council will not include every irrelevant, superfluous, inflammatory communication directed to this body.

While I recognize you may disagree with the Town's position, this will be the Town's only and final communication on this topic. You are of course free to revive the matter in public comment before the Town Council, but the Town will not be replying further.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry
603-432-1100 x 151

**Subject:** Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Joe stated in an ad to the times, published on 3.2.23, RE his reelection, that he was the only Councilor who voted against raising taxes.

I believe outgoing Councilwoman Paul voted similarly when the Town Tax Rate was set at the 11/14/22 meeting, so this appears to be a false statement at face value.

Tsk, tsk....very poor look for this Council, as were Mr. Butler's smarmy remarks at the end, but this is all very much in keeping with the usual tone John Farrell as Chair has set.

This Town deserves better -I will be living here a long time and will be doing my part as an involved citizen to ensure they get it .

Please add this email to the minutes from the 3.6.23 Town Council meeting.

If the town will not be appending this email to the minutes, please advise as to why not within 5 working days.

The public has a vested interest in being privy to correspondence that is shared with our elected officials and our public servants such as yourself, especially when the intent of such correspondence is to be introduced into public record, which is quite the opposite of attempting to interact with government from the shadows.

You need to relax your tone Mike. You are not the sole arbiter under the Town charter on whether or not the town will continue to reply to a matter. The correspondence of citizens, no matter how superfluous you may feel such correspondence to be, is inherently more important than your petty, un-asked for personal opinion.

I am not content with solely reintroducing the matter during public comment, although I will be glad to do so as an additional resolution step.

I would like to request a formal sit-down meeting with the next session of the Town council after election, to discuss this matter further.

I await your reply as to when such a meeting can be arranged

Jonathan Esposito

**Subject:** Re: Londonderry Times Ad (request to include letter in minutes)

Good evening,

There is no statute, ordinance, or charter provision governing any attachments required to be appended to the Town Council's minutes. The Council's rules of procedure also do not require this.

In longstanding practice, those wishing to address the Council and the public have been required to attend Council meetings and speak in public comment. The Town Council Chairman has consistently and liberally permitted public comment, and has often lifted or relaxed time limitations in favor of full, meaningful public participation and input.

In extreme, extenuating circumstances, the Chairman, in his discretion, has relaxed this practice, as is his prerogative. In general, however, communications included in the minutes are those which occur in the Town Council Chambers, during meetings that are noticed well in advance, and aired on local access television and recorded for posterity. Our form of government is designed to occur in public for all to see, not in the shadows of social media or via email outside of public view.

If you have an extreme, extenuating circumstance, I would be happy to convey it to the Chairman for his consideration. In the absence of such a request, the official minutes of the Londonderry Town Council will not include every irrelevant, superfluous, inflammatory communication directed to this body.

While I recognize you may disagree with the Town's position, this will be the Town's only and final communication on this topic. You are of course free to revive the matter in public comment before the Town Council, but the Town will not be replying further.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry
603-432-1100 x 151

**Subject:** Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Joe stated in an ad to the times, published on 3.2.23, RE his reelection, that he was the only Councilor who voted against raising taxes.

I believe outgoing Councilwoman Paul voted similarly when the Town Tax Rate was set at the 11/14/22 meeting, so this appears to be a false statement at face value.

Tsk, tsk....very poor look for this Council, as were Mr. Butler's smarmy remarks at the end, but this is all very much in keeping with the usual tone John Farrell as Chair has set.

This Town deserves better -I will be living here a long time and will be doing my part as an involved citizen to ensure they get it .

Please add this email to the minutes from the 3.6.23 Town Council meeting.

If the town will not be appending this email to the minutes, please advise as to why not within 5 working days.

**Subject:** Londonderry Times Ad (request to include letter in minutes)
**Attachments:** Screenshot_20230309_080855_Word.jpg

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

It appears the Town council chair is not only yet again sending official work product from his private email, as directly advised against by the town manager due to 91A provisions,

But he is also using his elected office to send out unsolicited communications to citizens who have no desire to engage with the municipality at this time and did not request the provided information.

I would also like to further add that another set of correspondence was transmitted this morning accusing the chairman of the Londonderry Republican committee of frivolous use of taxpayer dollars. See attached item for reference.

These statement are libelous at face.

I did not make these requests relevant to any political party affiliation or political committee involvement. This is intentional, partisan misstatement of my individual actions as a citizen and taxpayer. There is at least one request listed there if not multiple where I took the time to specifically enumerate that I was making the request as a private citizen. I should not have to make that enumeration each time.

I was not elected as the Chairman of the Town Political Committee until 01.2023. The dates for line items 2-7 reflect the 2022 time period in which Janet Huttula was the Chairperson of the Londonderry Republican Committee.

The statement by the Town Council chairman that these items were frivolous spending by the "LRC chairperson" falsely and dishonestly reflects on Janet Huttula, who still resides in this community, who had no involvement with any releases of information listed, and whose image risks injury due to false public statements by the Town of Londonderry.

**Subject:** Re: Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Allow me to be clear, Town Manager and Council Members;

This is a first amendment challenge to the town of Londonderry and not a matter of personal opinion in correspondence. Your refusal to append citizen correspondence to minutes that specifically request it, correspondence that is reasonable in scope and volume, and not otherwise profane prohibited or unlawful, I am arguing is a violation of taxpayers freedom of speech and our fundamental rights to a transparent and inclusive town council and municipality.

As you are aware, mental health is a big issue in our society, and written correspondence entered to the record is an easy accommodation for citizens who do not feel comfortable standing up in the citizen averse environment that you folks have created in the moose hill council chambers, with the town council sitting above and apart from us as if they are judge, with you and your assistant playing court recorder and bailiff. Therefore, I also make the contention that the towns refusal to include otherwise not prohibited correspondence with town council meeting minutes is declining to provide reasonable access and accommodation to other than abled citizens.

I will state for the record that you are factually incorrect in this statement that you have drafted. I will be more than glad to cite dates and times in which the town council and chairman have introduced correspondence favorable to them, but declined to introduce correspondence or attempted to disallow correspondence to be read from citizens during public comment, such as with the Laura Gandia matter at a February meeting of the council I attended.

I will also note that SAU12 the Londonderry School District makes a regular habit of appending parent correspondence, both positive and negative, to the school board meeting minutes, so while you may be correct in that there is no statute ordinance or policy requiring it,

It must be equally stated that there is no statute, ordinance, or policy against it. The public has a vested interest in being privy to correspondence that is shared with our elected officials and our public servants such

as yourself, especially when the intent of such correspondence is to be introduced into public record, which is quite the opposite of attempting to interact with government from the shadows.

You need to relax your tone Mike. You are not the sole arbiter under the Town charter on whether or not the town will continue to reply to a matter. The correspondence of citizens, no matter how superfluous you may feel such correspondence to be, is inherently more important than your petty, un-asked for personal opinion.

I am not content with solely reintroducing the matter during public comment, although I will be glad to do so as an additional resolution step.

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good morning,

It was brought to my attention that the chairman of the Town council forwarded correspondence that I had sent to the municipality to his personal email, before sending such correspondence out to an undisclosed list of community members.

I have provided full copies of correspondence to anyone who wishes to inquire, and it is my intent that dialogue with the municipality be part of public record anyways.

As he did not even bother to change the subject line of the email, the email transmission to his personal email and subsequent distribution to community members would constitute a continuation of work product from the town. Chairman Farrell also copied and included in his email, official correspondence from councilman Jim Butler regarding my actions in the community.

As this email product is now official work product of the Town,

I would like to request a copy of the full distribution list of the email sent from jwfarrelljr@hotmail.com

I would like to also request any copies of correspondence between chairman Farrell and councilor Butler on this matter, to include correspondence exchanged between personal emails, as the planning of this distribution on 3.8.23 to the community would also constitute official work product.

It is my understanding that the municipality has concerns with expenditures related to 91:A, so I presume that you will reproduce these documents in electronic format without the need for a request. According to councilman Butler's email, another option for us instead of filing 91A requests is "simply to ask for information since it's all public record, most of it is accessible to anyone."

Although this is not a standard right to know request, suspense for your response is 5 working days so that I can determine if the municipality is going to be as transparent as councillor Butler suggested, or if I will have to follow up with a subsequent 91A to obtain the information I am seeking.

Thank you for your time in this matter.

**Cc:** TownCouncil
**Subject:** Londonderry Times Ad (request to include letter in minutes)
**Attachments:** fy12_council_rules_of_order (1).pdf

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Persuant to section 3.6D of the Londonderry Town Charter, the attached rules of order are in place and currently live on the Londonderry NH website.

Per these Rules of order, section D (Rules of Order) 5 (Conduct of meetings) subparagraph d (Public comment):

"The public will be afforded the ability to provide input to the Council during the session. These comments are to be directed to the Chairman and are not intended to be a platform for debate." You will note that physical presence at the meeting in order to provide input is not enumerated in the rules.

Not only that, but is interesting that your made up requirement to present to a meeting, which is not delegated to you under the Charter or these rules, does not seem to be upheld when Councilman Franz cites conversations he has with individuals outside meetings, or when Chairman Farrell claims that he just got a text or message in support of a particular issue.

Further, Vernco Apple and Colleen Maihoux had letters appended to the 2.6.23 council meeting. These were not exigent or emergent circumstances, so your arbitrarily upholding the rights of some citizens over others clearly goes beyond making occasional, needs based exceptions.

I will look forward to discussing your arbitrary application of Town policy to voices you don't like when I have the opportunity to sit down and meet with you and the new session of the council.

I do see that a March 20th town council meeting is already on the schedule, so please advise if we are able to schedule this meeting at this time (meeting to be held post election) or if we need to wait to schedule until after 3.14 passes.

Please advise within five working days.

Jonathan Esposito

**Subject:** Re: Londonderry Times Ad (request to include letter in minutes)

Good evening,

There is no statute, ordinance, or charter provision governing any attachments required to be appended to the Town Council's minutes. The Council's rules of procedure also do not require this.

In longstanding practice, those wishing to address the Council and the public have been required to attend Council meetings and speak in public comment. The Town Council Chairman has consistently and liberally permitted public comment, and has often lifted or relaxed time limitations in favor of full, meaningful public participation and input.

In extreme, extenuating circumstances, the Chairman, in his discretion, has relaxed this practice, as is his prerogative. In general, however, communications included in the minutes are those which occur in the Town Council Chambers, during meetings that are noticed well in advance, and aired on local access television and recorded for posterity. Our form of government is designed to occur in public for all to see, not in the shadows of social media or via email outside of public view.

If you have an extreme, extenuating circumstance, I would be happy to convey it to the Chairman for his consideration. In the absence of such a request, the official minutes of the Londonderry Town Council will not include every irrelevant, superfluous, inflammatory communication directed to this body.

While I recognize you may disagree with the Town's position, this will be the Town's only and final communication on this topic. You are of course free to revive the matter in public comment before the Town Council, but the Town will not be replying further.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry
603-432-1100 x 151

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Joe stated in an ad to the times, published on 3.2.23, RE his reelection, that he was the only Councilor who voted against raising taxes.

I believe outgoing Councilwoman Paul voted similarly when the Town Tax Rate was set at the 11/14/22 meeting, so this appears to be a false statement at face value.

Tsk, tsk....very poor look for this Council, as were Mr. Butler's smarmy remarks at the end, but this is all very much in keeping with the usual tone John Farrell as Chair has set.

This Town deserves better -I will be living here a long time and will be doing my part as an involved citizen to ensure they get it .

Please add this email to the minutes from the 3.6.23 Town Council meeting.

If the town will not be appending this email to the minutes, please advise as to why not within 5 working days.

Jonathan Esposito

# RULES OF ORDER
# TOWN COUNCIL
# LONDONDERRY, NEW HAMPSHIRE

## A. PURPOSE:

Pursuant to Section 3.6 D of the Town Charter, these Rules of Order describe the duties and methods of operation of the Londonderry Town Council.

## B. ORGANIZATION:

### 1. Responsibilities of Members:

All members shall make every effort to attend each scheduled meeting.

The Council shall act in all matters as a body. Except as expressly provided elsewhere in this Charter, neither the Council nor any of its members shall direct or request the appointment of any person to office or employment; or direct the removal, suspension, discipline, adjustment in pay, benefits, or working conditions of any employee by the Manager or of any of the Town department heads.

No Councilor shall give orders to or interfere with the performance of the duties of any of the administrative officers or employees, either publicly or privately. Nothing contained in this section shall prohibit the Council from meeting with the Manager to discuss the operation or conduct of any department head or employee and to recommend an investigation and report by the Manager of any complaint. Any violation of the provisions of this section by a Councilor shall constitute grounds for forfeiture of office under the provisions of Town Charter Section 3.3. *(Charter Section 4.8)*

### 2. Officers:

(a) Election - A Chairman and Vice-Chairman shall be elected for a term of one (1) year at the first regular meeting within 10 calendar days following the annual election of officers. Election shall be by a majority vote of those present. *(Charter, Section 3.2)*

Vacancies occurring in the office of Councilor at any time shall be filled, by appointment, until the next regular election, by the Council at its next regular meeting by majority vote of the Councilors, provided, however, that, if the vacancy occurs fewer than ninety (90) days prior to the next regular election, the vacancy shall not be filled by appointment, but shall be filled at the next regular election. *(Charter Section 3.4)*

(b) Duties - The Chairman shall preside at all meetings of the Council and perform all duties required by law.

In the absence of the Chairman, the Vice-Chairman shall preside and assume all duties and responsibilities of the Chair.

**3. Committees:**
The Chairman may delegate members of the Council to serve on committees and to perform other duties.

## C. OPERATION:

**1. Meetings:**

(a) Organizational Meetings - An organizational meeting to elect officers shall be held in accordance with B.2(a). The Council may adopt the previous Council's Rules of Procedure, subject to amendment as provided in these Rules of Procedure. The Council shall establish a schedule for meetings.

(b) Regular Meetings - A formal meeting of the Council generally conducted in accordance with the order of the "Agenda" contained herein.

(c) Workshop Meetings - A less formalized meeting of the Council generally conducted for the purpose of providing Council members with a more detailed understanding of a limited number of issues or to permit discussion of issues in greater depth.

(d) Non-Public Meetings - A meeting of the Council held in accordance with RSA 91-A:3.

(e) Special Meetings - May be called by the Chairman upon the written request of at least three (3) members of the Council or the Town Manager through the Chair. The method of delivery of notice for special meetings shall be by established Council rule. *(Charter Section 3.6.C)*

(f) Emergency Meetings - May be called by the Chair when immediate un-delayed action is deemed to be imperative by the Chair, who shall employ whatever means are reasonably available to inform the public and all council members that an emergency meeting is to be held. *(Charter Section 3.6.C)*

(g) Committee Meetings - Meetings shall be called by the Chairman of the committee under the rules governing special meetings.

2. **Schedule of Meetings:**
Shall be published monthly on the Town's website. Each meeting shall be posted in accordance with RSA 91-A.

3. **Reports of Committees:**
Written/Oral reports from committees received by the Council shall be filed with and distributed with the minutes of the Council.

4. **Review of Audit Reports:**
The Council shall review the audit report as soon as the report is made available and take any action related thereto.

5. **Town Manager**
Annually, the Town Council is responsible for evaluating the job performance of the Town Manager. It is the Chairman's responsibility to coordinate the evaluation, including obtaining input from the other members of the Council, aggregating that information, and presenting to the Council a comprehensive draft of the evaluation document. The Town Council shall complete the final evaluation document during the budgetary process. *(Charter Section 4.2)*

The final evaluation document shall remain on file with the Human Resources Manager in the Finance and Administration Department.

## D. RULES OF ORDER:

1. **Quorum** - A quorum of the Council for the transaction of any business shall be three (3) of the members currently in office. However a smaller number may adjourn the meeting to another time or date. *(Charter Section 3.6.B)*

2. **Agenda** - Shall be published with meeting notice, and included in the minutes. A suggested agenda is provided below. It may be changed by the chair or by vote of the Council.

**AGENDA**

- Call to Order
- Public Comment
- Public Hearing
- Old Business
- New Business
- Meeting Minutes
- Other Business

- Liaison Reports
- Town Manager's Report
- Board/Committee Appointments/Reappointments.
- Adjourn

(a) Councilors wishing to place an item on the agenda must notify the Town Manager or his Executive Assistant at least five calendar days prior to a scheduled meeting. Citizens wishing to place an item on the Councilors' agenda and plan to make a presentation must provide a copy of all presentation material and documentation to be included in each Councilor's "packet" four days prior to a scheduled meeting.

(b) Adjournment - A motion for adjournment will usually not be in order until after the completion of the order of business, unless a motion has been made at the start of the meeting to adjourn at a specified time.

**3. Role of the Chairman:**

The Chairman's duties are as follows:

- To open the session at the time at which the Council is to meet by calling the members to order; to announce the business before the Council in the order in which it is to be acted upon;

- to recognize members entitled to the floor and to assure that all comments from the public are directed to the Chair;

- to state and put to vote all the questions which are regularly called or necessarily arise in the course of the proceedings and to announce the result of the vote;

- to protect the Council from annoyance;

- to assist in expediting all business in every way compatible with the rights of the members, as by allowing brief remarks when un-debatable motions are pending or by calling a brief recess to permit restoration of order or clarification of an obscure point if the Chair thinks it advisable;

- to restrain the members when engaged in debate within the rules or order;

- to enforce on all occasions the observance of order and decorum among the members, deciding all questions of order (subject to an appeal by any two (2) members) unless the Chair prefers to submit the question for the decision of the Council;

- to inform the Council on a point of order or practice pertinent to pending business;

- to authenticate by their signature, when necessary, all resolutions, orders and ordinances as directed by vote of the Council.

- to facilitate public comment during that portion of the session. The Chairman will assure members of the public are treated with respect.

The Chairman shall issue calls for candidates and specify dates for return of applications for positions appointed by the Council.

The Chairman shall vote as a member of the Council.

Discussions which are not addressing the business before the Council, or which are conducted in a disorderly or disrespectful manner, shall be ruled out of order. The Chairman shall take whatever action is necessary to achieve and maintain order, including ordering the removal of any person who continues disorderly conduct.

**4. Role of the Vice-Chairman:**
Please see section 2(b) above.

**5. Conduct of Meetings:**
Meetings shall be conducted in accordance with generally accepted practices of order and decorum. In the event of dispute regarding procedural matters a vote of the Council shall be the final deciding authority.

(a) **Motions** - All matters of business shall be brought before the Council by motion from a Councilor, duly seconded by another Councilor. All matters duly seconded will be subject to debate, discussion, amendment (by motion) and approval by a majority of the present Councilors. *(Charter, Section 3.6. A, D).*

(b) **Motion to Table** - A Councilor may move to table any pending matter of business. The motion to table shall be seconded and requires approval by a majority of the present Councilors. The motion is not debatable. Approval of the motion is equivalent to defeating the question tabled. Successive motions to table a matter of business previously voted on and defeated shall not be permitted. *(Charter, Section 3.6. A, D).*

(c) **Motion to Reconsider** – A Councilor who voted on the prevailing side in the original vote on a motion may make a motion to reconsider that vote. A motion to reconsider may only be made during the same meeting that

the vote whose reconsideration is sought passed. A motion to reconsider, made by a Councilor who was on the prevailing side, shall be seconded (by any Councilor) and is debatable. The motion to reconsider requires approval of a majority of the present Councilors. Motions to restrict reconsideration are not permissable *(Charter, Section 3.6. A, D).*

(d) **Public Comment** – The public will be afforded the ability to provide input to the Council during the session. These comments are to be directed to the Chairman and are not intended to be a platform for debate.

**6. Council Objection:**

On the first occasion that the question on adoption of a measure is put to the Council, if a single Councilor objects to the taking of the vote, the vote shall be postponed until the next meeting of the Council whether regular or special. If two (2) or more other Councilors shall join in the objection, such postponement shall be until the next regular meeting. This procedure shall not be used more than once for any agenda item. Any item once postponed shall not be further postponed under this section. The Council objection privilege is not available with respect to the emergency ordinance. *(Charter, Section 3.6. E)*

**7. Ordinances:**

A. An ordinance may be introduced by any member at any regular or special meeting of the Council. Upon introduction of any ordinance, the Clerk shall distribute a copy to each Councilor and to the Manager, shall file a reasonable number of copies in the office of the Clerk and shall post a copy in such other public places as the Council may designate.

B. Every proposed ordinance of the Council shall be introduced in writing and in the form required for final adoption. No ordinance shall contain more than one subject, which shall be clearly expressed in its title. Each ordinance shall be identified by a number and a short title. The enacting clause shall be "The Town of Londonderry ordains.....". Any ordinance which repeals or amends an existing ordinance shall set out in full the ordinance, sections or subsections to be repealed or amended, and shall indicate matter to be omitted by enclosing it in brackets or by strikeout type, and shall indicate new matter by underscoring or by italics. After passage of the ordinance's first reading, it shall be published at least once together with a notice of the time and place when and where it will be given a public hearing and be considered for final passage. The first such publication shall precede the date of said hearing by at least five (5) working days. Publication for purposes of this section shall mean the publication of a notice in any paper distributed in the Town of Londonderry, stating the number and title of the ordinance and

either the text of the ordinance in full or if the full text is not published, then a brief explanation of the purpose of the ordinance and information as to where and when any interested person may obtain a copy of the complete ordinance.

C. Every ordinance, including zoning ordinances, adopted by referendum, shall take effect upon passage and publication as ordinances required by law, or at a later date as specified in the ordinance. No ordinance shall be introduced and adopted during the same meeting.

D. All ordinances, including any amendments thereto, shall be recorded in full, uniformly and permanently, by the Clerk, and each ordinance so recorded shall be authenticated by affixing the signatures of the Council Chair and the Clerk and the Town Seal, and kept on file in the office of the Clerk. The Clerk shall be responsible for the systematic indexing, printing, publication and maintenance of the ordinances of the Town. Copies of all ordinances shall be available to the public, and the Clerk may charge a fee to defray the printing costs. *(Charter, Section 3.7)*

**8. Emergency Ordinances:**

Notwithstanding other provisions of the Town Charter to meet a public emergency affecting life, health, property or the public peace, the Council may adopt one or more emergency ordinances, but such ordinances may not levy taxes, grant, renew or extend a franchise, regulate the rate charged by a public utility for its services or authorize the borrowing of money, except as provided in Section 3.9 of the Charter. An emergency ordinance shall be introduced in the form and manner prescribed for ordinances generally, except that it shall be plainly designated as an emergency ordinance and shall contain, after the enacting clause, a declaration stating that an emergency exists and describing it in clear and specific terms. An emergency ordinance may be adopted with or without amendment or rejected at the meeting at which it is introduced, but two-thirds majority vote of the councilors present shall be required for adoption.

After its adoption the ordinance shall be published and printed as prescribed for other adopted ordinances. It shall become effective upon adoption. Every emergency ordinance, except one made pursuant to Sec. 3.10 of the Charter, shall automatically stand repealed as of the sixty first (61st) day following the date on which it was adopted, but this shall not prevent reenactment of the ordinance in the manner specified in this section if the emergency still exists. An emergency ordinance may also be repealed by adoption of a repealing ordinance in the same manner specified in this section for adoption of emergency ordinances. *(Charter, Section 3.8)*

**9. Recording of Votes:**
Votes shall be by a voice vote or by a roll call. Every matter coming before the Council for action shall be put to a vote and all members shall vote "aye', "nay", or abstain and give a reason for abstaining. The results of such voting shall be duly recorded. All votes shall be recorded by roll call except votes on procedural matters.

**10. Requests for Information:**
Should it become apparent to the Chairman or an individual Council member, in the interim between meetings, that additional information relative to a specific item may be needed for Council use at the next regularly scheduled meeting, a request for this information shall be submitted to the Town Manager before the agenda is set. Requests by Councilors for legal advice shall be channeled through the Chairman or Town Manager.

Any information provided to any individual Councilor shall be provided to the rest of the Council.

## E. EMPLOYEES:

**1. Duties:**
The Executive Assistant shall be the official recorder of the minutes of the Town Council and an official copy of the records are to be filed in the Town Manager's Office and open to inspection by any person at reasonable times. In addition to keeping the minutes of the meetings, it is the duty of the Executive Assistant to keep a roll of members and to call the roll when required. The Executive Assistant shall record the essentials called "the minutes" of the proceedings as follows:

(a) The type of meeting - regular, special, work session, or recessed.

(b) Time of meeting and place of meeting

(c) The presence/absence of Council members

(d) Whether the minutes of the previous meeting were approved or amended.

(e) All main motions and points of order and appeals, whether sustained or lost, and all other motions that were not lost or withdrawn.

(f) The hour of adjournment.

The Executive Assistant shall record the essentials of the proceedings, the name of the member who introduced a main motion or amendment and the name of the second, and should enter the number and names of votes on each side.

In addition to the strict record of what is transacted, the public minutes should contain the list of speakers on each side of every question with an abstract of all relevant points.

Reports of committees should be printed exactly as submitted. The minutes should show what action was taken by the Council in regard to them.

## F. AMENDMENT PROCEDURE:

An amendment to these Rules of Procedure may be moved at one Council meeting but shall not be voted upon until the next regularly scheduled meeting, not less than seven (7) days later. A copy of any amendment shall then be certified and submitted to the Town Clerk for inclusion in the Town Records.

## G. APPOINTMENT TO COUNCILS AND COMMISSIONS:

1. At the Council's second meeting, the Chair shall request from members their choices of committees, Councils and commissions they wish to serve on as Councilor Liaison. The Chairman shall distribute to the Council all choices and set a meeting date as to when the Chair shall make appointments.

2. The term of all appointments of Councilor Liaison, including the terms of any ex-officio members (voting members) of the Town Council serving on local land use Boards (i.e., Planning Council, Conservation Commission) shall be for one (1) year, or until the Council's organizational meeting, whichever is sooner.

**To:** Michael Malaguti
**Cc:** TownCouncil
**Subject:** Londonderry Times Ad (request to include letter in minutes)
**Attachments:** fy12_council_rules_of_order (1).pdf

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Persuant to section 3.6D of the Londonderry Town Charter, the attached rules of order are in place and currently live on the Londonderry NH website.

Per these Rules of order, section D (Rules of Order) 5 (Conduct of meetings) subparagraph d (Public comment):

"The public will be afforded the ability to provide input to the Council during the session. These comments are to be directed to the Chairman and are not intended to be a platform for debate." You will note that physical presence at the meeting in order to provide input is not enumerated in the rules.

Not only that, but is interesting that your made up requirement to present to a meeting, which is not delegated to you under the Charter or these rules, does not seem to be upheld when Councilman Franz cites conversations he has with individuals outside meetings, or when Chairman Farrell claims that he just got a text or message in support of a particular issue.

Further, Vernco Apple and Colleen Maihoux had letters appended to the 2.6.23 council meeting. These were not exigent or emergent circumstances, so your arbitrarily upholding the rights of some citizens over others clearly goes beyond making occasional, needs based exceptions.

I will look forward to discussing your arbitrary application of Town policy to voices you don't like when I have the opportunity to sit down and meet with you and the new session of the council.

I do see that a March 20th town council meeting is already on the schedule, so please advise if we are able to schedule this meeting at this time (meeting to be held post election) or if we need to wait to schedule until after 3.14 passes.

Please advise within five working days.

Jonathan Esposito

**Sent:** Tuesday, March 7, 2023 10:28:28 PM
**To:** [redacted] <[redacted]>
**Cc:** TownCouncil <TownCouncil@londonderrynh.org>
**Subject:** Re: Londonderry Times Ad (request to include letter in minutes)

Good evening,

There is no statute, ordinance, or charter provision governing any attachments required to be appended to the Town Council's minutes. The Council's rules of procedure also do not require this.

In longstanding practice, those wishing to address the Council and the public have been required to attend Council meetings and speak in public comment. The Town Council Chairman has consistently and liberally permitted public comment, and has often lifted or relaxed time limitations in favor of full, meaningful public participation and input.

In extreme, extenuating circumstances, the Chairman, in his discretion, has relaxed this practice, as is his prerogative. In general, however, communications included in the minutes are those which occur in the Town Council Chambers, during meetings that are noticed well in advance, and aired on local access television and recorded for posterity. Our form of government is designed to occur in public for all to see, not in the shadows of social media or via email outside of public view.

If you have an extreme, extenuating circumstance, I would be happy to convey it to the Chairman for his consideration. In the absence of such a request, the official minutes of the Londonderry Town Council will not include every irrelevant, superfluous, inflammatory communication directed to this body.

While I recognize you may disagree with the Town's position, this will be the Town's only and final communication on this topic. You are of course free to revive the matter in public comment before the Town Council, but the Town will not be replying further.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry
603-432-1100 x 151

**To:** TownCouncil
**Cc:** Joseph V. Green; Michael Malaguti
**Subject:** Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Joe stated in an ad to the times, published on 3.2.23, RE his reelection, that he was the only Councilor who voted against raising taxes.

I believe outgoing Councilwoman Paul voted similarly when the Town Tax Rate was set at the 11/14/22 meeting, so this appears to be a false statement at face value.

Tsk, tsk....very poor look for this Council, as were Mr. Butler's smarmy remarks at the end, but this is all very much in keeping with the usual tone John Farrell as Chair has set.

This Town deserves better -I will be living here a long time and will be doing my part as an involved citizen to ensure they get it .

Please add this email to the minutes from the 3.6.23 Town Council meeting.

If the town will not be appending this email to the minutes, please advise as to why not within 5 working days.

# RULES OF ORDER
# TOWN COUNCIL
# LONDONDERRY, NEW HAMPSHIRE

## A. PURPOSE:

Pursuant to Section 3.6 D of the Town Charter, these Rules of Order describe the duties and methods of operation of the Londonderry Town Council.

## B. ORGANIZATION:

### 1. Responsibilities of Members:

All members shall make every effort to attend each scheduled meeting.

The Council shall act in all matters as a body. Except as expressly provided elsewhere in this Charter, neither the Council nor any of its members shall direct or request the appointment of any person to office or employment; or direct the removal, suspension, discipline, adjustment in pay, benefits, or working conditions of any employee by the Manager or of any of the Town department heads.

No Councilor shall give orders to or interfere with the performance of the duties of any of the administrative officers or employees, either publicly or privately. Nothing contained in this section shall prohibit the Council from meeting with the Manager to discuss the operation or conduct of any department head or employee and to recommend an investigation and report by the Manager of any complaint. Any violation of the provisions of this section by a Councilor shall constitute grounds for forfeiture of office under the provisions of Town Charter Section 3.3. *(Charter Section 4.8)*

### 2. Officers:

(a) Election - A Chairman and Vice-Chairman shall be elected for a term of one (1) year at the first regular meeting within 10 calendar days following the annual election of officers. Election shall be by a majority vote of those present. *(Charter, Section 3.2)*

Vacancies occurring in the office of Councilor at any time shall be filled, by appointment, until the next regular election, by the Council at its next regular meeting by majority vote of the Councilors, provided, however, that, if the vacancy occurs fewer than ninety (90) days prior to the next regular election, the vacancy shall not be filled by appointment, but shall be filled at the next regular election. *(Charter Section 3.4)*

(b) Duties - The Chairman shall preside at all meetings of the Council and perform all duties required by law.

In the absence of the Chairman, the Vice-Chairman shall preside and assume all duties and responsibilities of the Chair.

**3. Committees:**
The Chairman may delegate members of the Council to serve on committees and to perform other duties.

## C. OPERATION:

**1. Meetings:**

(a) Organizational Meetings - An organizational meeting to elect officers shall be held in accordance with B.2(a). The Council may adopt the previous Council's Rules of Procedure, subject to amendment as provided in these Rules of Procedure. The Council shall establish a schedule for meetings.

(b) Regular Meetings - A formal meeting of the Council generally conducted in accordance with the order of the "Agenda" contained herein.

(c) Workshop Meetings - A less formalized meeting of the Council generally conducted for the purpose of providing Council members with a more detailed understanding of a limited number of issues or to permit discussion of issues in greater depth.

(d) Non-Public Meetings - A meeting of the Council held in accordance with RSA 91-A:3.

(e) Special Meetings - May be called by the Chairman upon the written request of at least three (3) members of the Council or the Town Manager through the Chair. The method of delivery of notice for special meetings shall be by established Council rule. *(Charter Section 3.6.C)*

(f) Emergency Meetings - May be called by the Chair when immediate un-delayed action is deemed to be imperative by the Chair, who shall employ whatever means are reasonably available to inform the public and all council members that an emergency meeting is to be held. *(Charter Section 3.6.C)*

(g) Committee Meetings - Meetings shall be called by the Chairman of the committee under the rules governing special meetings.

2. **Schedule of Meetings:**
Shall be published monthly on the Town's website. Each meeting shall be posted in accordance with RSA 91-A.

3. **Reports of Committees:**
Written/Oral reports from committees received by the Council shall be filed with and distributed with the minutes of the Council.

4. **Review of Audit Reports:**
The Council shall review the audit report as soon as the report is made available and take any action related thereto.

5. **Town Manager**
Annually, the Town Council is responsible for evaluating the job performance of the Town Manager. It is the Chairman's responsibility to coordinate the evaluation, including obtaining input from the other members of the Council, aggregating that information, and presenting to the Council a comprehensive draft of the evaluation document. The Town Council shall complete the final evaluation document during the budgetary process. *(Charter Section 4.2)*

The final evaluation document shall remain on file with the Human Resources Manager in the Finance and Administration Department.

## D. RULES OF ORDER:

1. **Quorum** - A quorum of the Council for the transaction of any business shall be three (3) of the members currently in office. However a smaller number may adjourn the meeting to another time or date. *(Charter Section 3.6.B)*

2. **Agenda** - Shall be published with meeting notice, and included in the minutes. A suggested agenda is provided below. It may be changed by the chair or by vote of the Council.

**AGENDA**

- Call to Order
- Public Comment
- Public Hearing
- Old Business
- New Business
- Meeting Minutes
- Other Business

- Liaison Reports
- Town Manager's Report
- Board/Committee Appointments/Reappointments.
- Adjourn

(a) Councilors wishing to place an item on the agenda must notify the Town Manager or his Executive Assistant at least five calendar days prior to a scheduled meeting. Citizens wishing to place an item on the Councilors' agenda and plan to make a presentation must provide a copy of all presentation material and documentation to be included in each Councilor's "packet" four days prior to a scheduled meeting.

(b) Adjournment - A motion for adjournment will usually not be in order until after the completion of the order of business, unless a motion has been made at the start of the meeting to adjourn at a specified time.

**3. Role of the Chairman:**

The Chairman's duties are as follows:

- To open the session at the time at which the Council is to meet by calling the members to order; to announce the business before the Council in the order in which it is to be acted upon;

- to recognize members entitled to the floor and to assure that all comments from the public are directed to the Chair;

- to state and put to vote all the questions which are regularly called or necessarily arise in the course of the proceedings and to announce the result of the vote;

- to protect the Council from annoyance;

- to assist in expediting all business in every way compatible with the rights of the members, as by allowing brief remarks when un-debatable motions are pending or by calling a brief recess to permit restoration of order or clarification of an obscure point if the Chair thinks it advisable;

- to restrain the members when engaged in debate within the rules or order;

- to enforce on all occasions the observance of order and decorum among the members, deciding all questions of order (subject to an appeal by any two (2) members) unless the Chair prefers to submit the question for the decision of the Council;

- to inform the Council on a point of order or practice pertinent to pending business;

- to authenticate by their signature, when necessary, all resolutions, orders and ordinances as directed by vote of the Council.

- to facilitate public comment during that portion of the session. The Chairman will assure members of the public are treated with respect.

The Chairman shall issue calls for candidates and specify dates for return of applications for positions appointed by the Council.

The Chairman shall vote as a member of the Council.

Discussions which are not addressing the business before the Council, or which are conducted in a disorderly or disrespectful manner, shall be ruled out of order. The Chairman shall take whatever action is necessary to achieve and maintain order, including ordering the removal of any person who continues disorderly conduct.

**4. Role of the Vice-Chairman:**
Please see section 2(b) above.

**5. Conduct of Meetings:**
Meetings shall be conducted in accordance with generally accepted practices of order and decorum. In the event of dispute regarding procedural matters a vote of the Council shall be the final deciding authority.

(a) **Motions** - All matters of business shall be brought before the Council by motion from a Councilor, duly seconded by another Councilor. All matters duly seconded will be subject to debate, discussion, amendment (by motion) and approval by a majority of the present Councilors. *(Charter, Section 3.6. A, D).*

(b) **Motion to Table** - A Councilor may move to table any pending matter of business. The motion to table shall be seconded and requires approval by a majority of the present Councilors. The motion is not debatable. Approval of the motion is equivalent to defeating the question tabled. Successive motions to table a matter of business previously voted on and defeated shall not be permitted. *(Charter, Section 3.6. A, D).*

(c) **Motion to Reconsider** – A Councilor who voted on the prevailing side in the original vote on a motion may make a motion to reconsider that vote. A motion to reconsider may only be made during the same meeting that

the vote whose reconsideration is sought passed. A motion to reconsider, made by a Councilor who was on the prevailing side, shall be seconded (by any Councilor) and is debatable. The motion to reconsider requires approval of a majority of the present Councilors. Motions to restrict reconsideration are not permissable *(Charter, Section 3.6. A, D).*

(d) **Public Comment** – The public will be afforded the ability to provide input to the Council during the session. These comments are to be directed to the Chairman and are not intended to be a platform for debate.

**6. Council Objection:**

On the first occasion that the question on adoption of a measure is put to the Council, if a single Councilor objects to the taking of the vote, the vote shall be postponed until the next meeting of the Council whether regular or special. If two (2) or more other Councilors shall join in the objection, such postponement shall be until the next regular meeting. This procedure shall not be used more than once for any agenda item. Any item once postponed shall not be further postponed under this section. The Council objection privilege is not available with respect to the emergency ordinance. *(Charter, Section 3.6. E)*

**7. Ordinances:**

A. An ordinance may be introduced by any member at any regular or special meeting of the Council. Upon introduction of any ordinance, the Clerk shall distribute a copy to each Councilor and to the Manager, shall file a reasonable number of copies in the office of the Clerk and shall post a copy in such other public places as the Council may designate.

B. Every proposed ordinance of the Council shall be introduced in writing and in the form required for final adoption. No ordinance shall contain more than one subject, which shall be clearly expressed in its title. Each ordinance shall be identified by a number and a short title. The enacting clause shall be "The Town of Londonderry ordains.....". Any ordinance which repeals or amends an existing ordinance shall set out in full the ordinance, sections or subsections to be repealed or amended, and shall indicate matter to be omitted by enclosing it in brackets or by strikeout type, and shall indicate new matter by underscoring or by italics. After passage of the ordinance's first reading, it shall be published at least once together with a notice of the time and place when and where it will be given a public hearing and be considered for final passage. The first such publication shall precede the date of said hearing by at least five (5) working days. Publication for purposes of this section shall mean the publication of a notice in any paper distributed in the Town of Londonderry, stating the number and title of the ordinance and

either the text of the ordinance in full or if the full text is not published, then a brief explanation of the purpose of the ordinance and information as to where and when any interested person may obtain a copy of the complete ordinance.

C. Every ordinance, including zoning ordinances, adopted by referendum, shall take effect upon passage and publication as ordinances required by law, or at a later date as specified in the ordinance. No ordinance shall be introduced and adopted during the same meeting.

D. All ordinances, including any amendments thereto, shall be recorded in full, uniformly and permanently, by the Clerk, and each ordinance so recorded shall be authenticated by affixing the signatures of the Council Chair and the Clerk and the Town Seal, and kept on file in the office of the Clerk. The Clerk shall be responsible for the systematic indexing, printing, publication and maintenance of the ordinances of the Town. Copies of all ordinances shall be available to the public, and the Clerk may charge a fee to defray the printing costs. *(Charter, Section 3.7)*

**8. Emergency Ordinances:**

Notwithstanding other provisions of the Town Charter to meet a public emergency affecting life, health, property or the public peace, the Council may adopt one or more emergency ordinances, but such ordinances may not levy taxes, grant, renew or extend a franchise, regulate the rate charged by a public utility for its services or authorize the borrowing of money, except as provided in Section 3.9 of the Charter. An emergency ordinance shall be introduced in the form and manner prescribed for ordinances generally, except that it shall be plainly designated as an emergency ordinance and shall contain, after the enacting clause, a declaration stating that an emergency exists and describing it in clear and specific terms. An emergency ordinance may be adopted with or without amendment or rejected at the meeting at which it is introduced, but two-thirds majority vote of the councilors present shall be required for adoption.

After its adoption the ordinance shall be published and printed as prescribed for other adopted ordinances. It shall become effective upon adoption. Every emergency ordinance, except one made pursuant to Sec. 3.10 of the Charter, shall automatically stand repealed as of the sixty first (61st) day following the date on which it was adopted, but this shall not prevent reenactment of the ordinance in the manner specified in this section if the emergency still exists. An emergency ordinance may also be repealed by adoption of a repealing ordinance in the same manner specified in this section for adoption of emergency ordinances. *(Charter, Section 3.8)*

**9. Recording of Votes:**
Votes shall be by a voice vote or by a roll call. Every matter coming before the Council for action shall be put to a vote and all members shall vote "aye', "nay", or abstain and give a reason for abstaining. The results of such voting shall be duly recorded. All votes shall be recorded by roll call except votes on procedural matters.

**10. Requests for Information:**
Should it become apparent to the Chairman or an individual Council member, in the interim between meetings, that additional information relative to a specific item may be needed for Council use at the next regularly scheduled meeting, a request for this information shall be submitted to the Town Manager before the agenda is set. Requests by Councilors for legal advice shall be channeled through the Chairman or Town Manager.

Any information provided to any individual Councilor shall be provided to the rest of the Council.

## E. EMPLOYEES:

**1. Duties:**
The Executive Assistant shall be the official recorder of the minutes of the Town Council and an official copy of the records are to be filed in the Town Manager's Office and open to inspection by any person at reasonable times. In addition to keeping the minutes of the meetings, it is the duty of the Executive Assistant to keep a roll of members and to call the roll when required. The Executive Assistant shall record the essentials called "the minutes" of the proceedings as follows:

(a) The type of meeting - regular, special, work session, or recessed.

(b) Time of meeting and place of meeting

(c) The presence/absence of Council members

(d) Whether the minutes of the previous meeting were approved or amended.

(e) All main motions and points of order and appeals, whether sustained or lost, and all other motions that were not lost or withdrawn.

(f) The hour of adjournment.

The Executive Assistant shall record the essentials of the proceedings, the name of the member who introduced a main motion or amendment and the name of the second, and should enter the number and names of votes on each side.

In addition to the strict record of what is transacted, the public minutes should contain the list of speakers on each side of every question with an abstract of all relevant points.

Reports of committees should be printed exactly as submitted. The minutes should show what action was taken by the Council in regard to them.

## F. AMENDMENT PROCEDURE:

An amendment to these Rules of Procedure may be moved at one Council meeting but shall not be voted upon until the next regularly scheduled meeting, not less than seven (7) days later. A copy of any amendment shall then be certified and submitted to the Town Clerk for inclusion in the Town Records.

## G. APPOINTMENT TO COUNCILS AND COMMISSIONS:

1. At the Council's second meeting, the Chair shall request from members their choices of committees, Councils and commissions they wish to serve on as Councilor Liaison. The Chairman shall distribute to the Council all choices and set a meeting date as to when the Chair shall make appointments.

2. The term of all appointments of Councilor Liaison, including the terms of any ex-officio members (voting members) of the Town Council serving on local land use Boards (i.e., Planning Council, Conservation Commission) shall be for one (1) year, or until the Council's organizational meeting, whichever is sooner.

# RULES OF ORDER
# TOWN COUNCIL
# LONDONDERRY, NEW HAMPSHIRE

## A. PURPOSE:

Pursuant to Section 3.6 D of the Town Charter, these Rules of Order describe the duties and methods of operation of the Londonderry Town Council.

## B. ORGANIZATION:

### 1. Responsibilities of Members:

All members shall make every effort to attend each scheduled meeting.

The Council shall act in all matters as a body. Except as expressly provided elsewhere in this Charter, neither the Council nor any of its members shall direct or request the appointment of any person to office or employment; or direct the removal, suspension, discipline, adjustment in pay, benefits, or working conditions of any employee by the Manager or of any of the Town department heads.

No Councilor shall give orders to or interfere with the performance of the duties of any of the administrative officers or employees, either publicly or privately. Nothing contained in this section shall prohibit the Council from meeting with the Manager to discuss the operation or conduct of any department head or employee and to recommend an investigation and report by the Manager of any complaint. Any violation of the provisions of this section by a Councilor shall constitute grounds for forfeiture of office under the provisions of Town Charter Section 3.3. *(Charter Section 4.8)*

### 2. Officers:

(a) Election - A Chairman and Vice-Chairman shall be elected for a term of one (1) year at the first regular meeting within 10 calendar days following the annual election of officers. Election shall be by a majority vote of those present. *(Charter, Section 3.2)*

Vacancies occurring in the office of Councilor at any time shall be filled, by appointment, until the next regular election, by the Council at its next regular meeting by majority vote of the Councilors, provided, however, that, if the vacancy occurs fewer than ninety (90) days prior to the next regular election, the vacancy shall not be filled by appointment, but shall be filled at the next regular election. *(Charter Section 3.4)*

(b) Duties - The Chairman shall preside at all meetings of the Council and perform all duties required by law.

In the absence of the Chairman, the Vice-Chairman shall preside and assume all duties and responsibilities of the Chair.

**3. Committees:**
The Chairman may delegate members of the Council to serve on committees and to perform other duties.

## C. OPERATION:

**1. Meetings:**

(a) Organizational Meetings - An organizational meeting to elect officers shall be held in accordance with B.2(a). The Council may adopt the previous Council's Rules of Procedure, subject to amendment as provided in these Rules of Procedure. The Council shall establish a schedule for meetings.

(b) Regular Meetings - A formal meeting of the Council generally conducted in accordance with the order of the "Agenda" contained herein.

(c) Workshop Meetings - A less formalized meeting of the Council generally conducted for the purpose of providing Council members with a more detailed understanding of a limited number of issues or to permit discussion of issues in greater depth.

(d) Non-Public Meetings - A meeting of the Council held in accordance with RSA 91-A:3.

(e) Special Meetings - May be called by the Chairman upon the written request of at least three (3) members of the Council or the Town Manager through the Chair. The method of delivery of notice for special meetings shall be by established Council rule. *(Charter Section 3.6.C)*

(f) Emergency Meetings - May be called by the Chair when immediate un-delayed action is deemed to be imperative by the Chair, who shall employ whatever means are reasonably available to inform the public and all council members that an emergency meeting is to be held. *(Charter Section 3.6.C)*

(g) Committee Meetings - Meetings shall be called by the Chairman of the committee under the rules governing special meetings.

2. **Schedule of Meetings:**
Shall be published monthly on the Town's website. Each meeting shall be posted in accordance with RSA 91-A.

3. **Reports of Committees:**
Written/Oral reports from committees received by the Council shall be filed with and distributed with the minutes of the Council.

4. **Review of Audit Reports:**
The Council shall review the audit report as soon as the report is made available and take any action related thereto.

5. **Town Manager**
Annually, the Town Council is responsible for evaluating the job performance of the Town Manager. It is the Chairman's responsibility to coordinate the evaluation, including obtaining input from the other members of the Council, aggregating that information, and presenting to the Council a comprehensive draft of the evaluation document. The Town Council shall complete the final evaluation document during the budgetary process. *(Charter Section 4.2)*

The final evaluation document shall remain on file with the Human Resources Manager in the Finance and Administration Department.

## D. RULES OF ORDER:

1. **Quorum** - A quorum of the Council for the transaction of any business shall be three (3) of the members currently in office. However a smaller number may adjourn the meeting to another time or date. *(Charter Section 3.6.B)*

2. **Agenda** - Shall be published with meeting notice, and included in the minutes. A suggested agenda is provided below. It may be changed by the chair or by vote of the Council.

**AGENDA**

- Call to Order
- Public Comment
- Public Hearing
- Old Business
- New Business
- Meeting Minutes
- Other Business

- Liaison Reports
- Town Manager's Report
- Board/Committee Appointments/Reappointments.
- Adjourn

(a) Councilors wishing to place an item on the agenda must notify the Town Manager or his Executive Assistant at least five calendar days prior to a scheduled meeting. Citizens wishing to place an item on the Councilors' agenda and plan to make a presentation must provide a copy of all presentation material and documentation to be included in each Councilor's "packet" four days prior to a scheduled meeting.

(b) Adjournment - A motion for adjournment will usually not be in order until after the completion of the order of business, unless a motion has been made at the start of the meeting to adjourn at a specified time.

**3. Role of the Chairman:**

The Chairman's duties are as follows:

- To open the session at the time at which the Council is to meet by calling the members to order; to announce the business before the Council in the order in which it is to be acted upon;

- to recognize members entitled to the floor and to assure that all comments from the public are directed to the Chair;

- to state and put to vote all the questions which are regularly called or necessarily arise in the course of the proceedings and to announce the result of the vote;

- to protect the Council from annoyance;

- to assist in expediting all business in every way compatible with the rights of the members, as by allowing brief remarks when un-debatable motions are pending or by calling a brief recess to permit restoration of order or clarification of an obscure point if the Chair thinks it advisable;

- to restrain the members when engaged in debate within the rules or order;

- to enforce on all occasions the observance of order and decorum among the members, deciding all questions of order (subject to an appeal by any two (2) members) unless the Chair prefers to submit the question for the decision of the Council;

- to inform the Council on a point of order or practice pertinent to pending business;

- to authenticate by their signature, when necessary, all resolutions, orders and ordinances as directed by vote of the Council.

- to facilitate public comment during that portion of the session. The Chairman will assure members of the public are treated with respect.

The Chairman shall issue calls for candidates and specify dates for return of applications for positions appointed by the Council.

The Chairman shall vote as a member of the Council.

Discussions which are not addressing the business before the Council, or which are conducted in a disorderly or disrespectful manner, shall be ruled out of order. The Chairman shall take whatever action is necessary to achieve and maintain order, including ordering the removal of any person who continues disorderly conduct.

**4. Role of the Vice-Chairman:**
Please see section 2(b) above.

**5. Conduct of Meetings:**
Meetings shall be conducted in accordance with generally accepted practices of order and decorum. In the event of dispute regarding procedural matters a vote of the Council shall be the final deciding authority.

(a) **Motions** - All matters of business shall be brought before the Council by motion from a Councilor, duly seconded by another Councilor. All matters duly seconded will be subject to debate, discussion, amendment (by motion) and approval by a majority of the present Councilors. *(Charter, Section 3.6. A, D).*

(b) **Motion to Table** - A Councilor may move to table any pending matter of business. The motion to table shall be seconded and requires approval by a majority of the present Councilors. The motion is not debatable. Approval of the motion is equivalent to defeating the question tabled. Successive motions to table a matter of business previously voted on and defeated shall not be permitted. *(Charter, Section 3.6. A, D).*

(c) **Motion to Reconsider** – A Councilor who voted on the prevailing side in the original vote on a motion may make a motion to reconsider that vote. A motion to reconsider may only be made during the same meeting that

the vote whose reconsideration is sought passed. A motion to reconsider, made by a Councilor who was on the prevailing side, shall be seconded (by any Councilor) and is debatable. The motion to reconsider requires approval of a majority of the present Councilors. Motions to restrict reconsideration are not permissable *(Charter, Section 3.6. A, D).*

(d) **Public Comment** – The public will be afforded the ability to provide input to the Council during the session. These comments are to be directed to the Chairman and are not intended to be a platform for debate.

**6. Council Objection:**

On the first occasion that the question on adoption of a measure is put to the Council, if a single Councilor objects to the taking of the vote, the vote shall be postponed until the next meeting of the Council whether regular or special. If two (2) or more other Councilors shall join in the objection, such postponement shall be until the next regular meeting. This procedure shall not be used more than once for any agenda item. Any item once postponed shall not be further postponed under this section. The Council objection privilege is not available with respect to the emergency ordinance. *(Charter, Section 3.6. E)*

**7. Ordinances:**

A. An ordinance may be introduced by any member at any regular or special meeting of the Council. Upon introduction of any ordinance, the Clerk shall distribute a copy to each Councilor and to the Manager, shall file a reasonable number of copies in the office of the Clerk and shall post a copy in such other public places as the Council may designate.

B. Every proposed ordinance of the Council shall be introduced in writing and in the form required for final adoption. No ordinance shall contain more than one subject, which shall be clearly expressed in its title. Each ordinance shall be identified by a number and a short title. The enacting clause shall be "The Town of Londonderry ordains.....". Any ordinance which repeals or amends an existing ordinance shall set out in full the ordinance, sections or subsections to be repealed or amended, and shall indicate matter to be omitted by enclosing it in brackets or by strikeout type, and shall indicate new matter by underscoring or by italics. After passage of the ordinance's first reading, it shall be published at least once together with a notice of the time and place when and where it will be given a public hearing and be considered for final passage. The first such publication shall precede the date of said hearing by at least five (5) working days. Publication for purposes of this section shall mean the publication of a notice in any paper distributed in the Town of Londonderry, stating the number and title of the ordinance and

either the text of the ordinance in full or if the full text is not published, then a brief explanation of the purpose of the ordinance and information as to where and when any interested person may obtain a copy of the complete ordinance.

C. Every ordinance, including zoning ordinances, adopted by referendum, shall take effect upon passage and publication as ordinances required by law, or at a later date as specified in the ordinance. No ordinance shall be introduced and adopted during the same meeting.

D. All ordinances, including any amendments thereto, shall be recorded in full, uniformly and permanently, by the Clerk, and each ordinance so recorded shall be authenticated by affixing the signatures of the Council Chair and the Clerk and the Town Seal, and kept on file in the office of the Clerk. The Clerk shall be responsible for the systematic indexing, printing, publication and maintenance of the ordinances of the Town. Copies of all ordinances shall be available to the public, and the Clerk may charge a fee to defray the printing costs. *(Charter, Section 3.7)*

**8. Emergency Ordinances:**

Notwithstanding other provisions of the Town Charter to meet a public emergency affecting life, health, property or the public peace, the Council may adopt one or more emergency ordinances, but such ordinances may not levy taxes, grant, renew or extend a franchise, regulate the rate charged by a public utility for its services or authorize the borrowing of money, except as provided in Section 3.9 of the Charter. An emergency ordinance shall be introduced in the form and manner prescribed for ordinances generally, except that it shall be plainly designated as an emergency ordinance and shall contain, after the enacting clause, a declaration stating that an emergency exists and describing it in clear and specific terms. An emergency ordinance may be adopted with or without amendment or rejected at the meeting at which it is introduced, but two-thirds majority vote of the councilors present shall be required for adoption.

After its adoption the ordinance shall be published and printed as prescribed for other adopted ordinances. It shall become effective upon adoption. Every emergency ordinance, except one made pursuant to Sec. 3.10 of the Charter, shall automatically stand repealed as of the sixty first (61st) day following the date on which it was adopted, but this shall not prevent reenactment of the ordinance in the manner specified in this section if the emergency still exists. An emergency ordinance may also be repealed by adoption of a repealing ordinance in the same manner specified in this section for adoption of emergency ordinances. *(Charter, Section 3.8)*

**9. Recording of Votes:**
Votes shall be by a voice vote or by a roll call. Every matter coming before the Council for action shall be put to a vote and all members shall vote "aye', "nay", or abstain and give a reason for abstaining. The results of such voting shall be duly recorded. All votes shall be recorded by roll call except votes on procedural matters.

**10. Requests for Information:**
Should it become apparent to the Chairman or an individual Council member, in the interim between meetings, that additional information relative to a specific item may be needed for Council use at the next regularly scheduled meeting, a request for this information shall be submitted to the Town Manager before the agenda is set. Requests by Councilors for legal advice shall be channeled through the Chairman or Town Manager.

Any information provided to any individual Councilor shall be provided to the rest of the Council.

## E. EMPLOYEES:

**1. Duties:**
The Executive Assistant shall be the official recorder of the minutes of the Town Council and an official copy of the records are to be filed in the Town Manager's Office and open to inspection by any person at reasonable times. In addition to keeping the minutes of the meetings, it is the duty of the Executive Assistant to keep a roll of members and to call the roll when required. The Executive Assistant shall record the essentials called "the minutes" of the proceedings as follows:

(a) The type of meeting - regular, special, work session, or recessed.

(b) Time of meeting and place of meeting

(c) The presence/absence of Council members

(d) Whether the minutes of the previous meeting were approved or amended.

(e) All main motions and points of order and appeals, whether sustained or lost, and all other motions that were not lost or withdrawn.

(f) The hour of adjournment.

The Executive Assistant shall record the essentials of the proceedings, the name of the member who introduced a main motion or amendment and the name of the second, and should enter the number and names of votes on each side.

In addition to the strict record of what is transacted, the public minutes should contain the list of speakers on each side of every question with an abstract of all relevant points.

Reports of committees should be printed exactly as submitted. The minutes should show what action was taken by the Council in regard to them.

## F. AMENDMENT PROCEDURE:

An amendment to these Rules of Procedure may be moved at one Council meeting but shall not be voted upon until the next regularly scheduled meeting, not less than seven (7) days later. A copy of any amendment shall then be certified and submitted to the Town Clerk for inclusion in the Town Records.

## G. APPOINTMENT TO COUNCILS AND COMMISSIONS:

1. At the Council's second meeting, the Chair shall request from members their choices of committees, Councils and commissions they wish to serve on as Councilor Liaison. The Chairman shall distribute to the Council all choices and set a meeting date as to when the Chair shall make appointments.

2. The term of all appointments of Councilor Liaison, including the terms of any ex-officio members (voting members) of the Town Council serving on local land use Boards (i.e., Planning Council, Conservation Commission) shall be for one (1) year, or until the Council's organizational meeting, whichever is sooner.

**Attachments:** fy12_council_rules_of_order (1).pdf

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Persuant to section 3.6D of the Londonderry Town Charter, the attached rules of order are in place and currently live on the Londonderry NH website.

Per these Rules of order, section D (Rules of Order) 5 (Conduct of meetings) subparagraph d (Public comment):

"The public will be afforded the ability to provide input to the Council during the session. These comments are to be directed to the Chairman and are not intended to be a platform for debate." You will note that physical presence at the meeting in order to provide input is not enumerated in the rules.

Not only that, but is interesting that your made up requirement to present to a meeting, which is not delegated to you under the Charter or these rules, does not seem to be upheld when Councilman Franz cites conversations he has with individuals outside meetings, or when Chairman Farrell claims that he just got a text or message in support of a particular issue.

Further, Vernco Apple and Colleen Maihoux had letters appended to the 2.6.23 council meeting. These were not exigent or emergent circumstances, so your arbitrarily upholding the rights of some citizens over others clearly goes beyond making occasional, needs based exceptions.

I will look forward to discussing your arbitrary application of Town policy to voices you don't like when I have the opportunity to sit down and meet with you and the new session of the council.

I do see that a March 20th town council meeting is already on the schedule, so please advise if we are able to schedule this meeting at this time (meeting to be held post election) or if we need to wait to schedule until after 3.14 passes.

Please advise within five working days.

Jonathan Esposito

**To:** [redacted] <[redacted]>
**Cc:** TownCouncil <TownCouncil@londonderrynh.org>
**Subject:** Re: Londonderry Times Ad (request to include letter in minutes)

Good evening,

There is no statute, ordinance, or charter provision governing any attachments required to be appended to the Town Council's minutes. The Council's rules of procedure also do not require this.

In longstanding practice, those wishing to address the Council and the public have been required to attend Council meetings and speak in public comment. The Town Council Chairman has consistently and liberally permitted public comment, and has often lifted or relaxed time limitations in favor of full, meaningful public participation and input.

In extreme, extenuating circumstances, the Chairman, in his discretion, has relaxed this practice, as is his prerogative. In general, however, communications included in the minutes are those which occur in the Town Council Chambers, during meetings that are noticed well in advance, and aired on local access television and recorded for posterity. Our form of government is designed to occur in public for all to see, not in the shadows of social media or via email outside of public view.

If you have an extreme, extenuating circumstance, I would be happy to convey it to the Chairman for his consideration. In the absence of such a request, the official minutes of the Londonderry Town Council will not include every irrelevant, superfluous, inflammatory communication directed to this body.

While I recognize you may disagree with the Town's position, this will be the Town's only and final communication on this topic. You are of course free to revive the matter in public comment before the Town Council, but the Town will not be replying further.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry
603-432-1100 x 151

**Subject:** Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Joe stated in an ad to the times, published on 3.2.23, RE his reelection, that he was the only Councilor who voted against raising taxes.

I believe outgoing Councilwoman Paul voted similarly when the Town Tax Rate was set at the 11/14/22 meeting, so this appears to be a false statement at face value.

Tsk, tsk....very poor look for this Council, as were Mr. Butler's smarmy remarks at the end, but this is all very much in keeping with the usual tone John Farrell as Chair has set.

This Town deserves better -I will be living here a long time and will be doing my part as an involved citizen to ensure they get it .

Please add this email to the minutes from the 3.6.23 Town Council meeting.

If the town will not be appending this email to the minutes, please advise as to why not within 5 working days.

# RULES OF ORDER
# TOWN COUNCIL
# LONDONDERRY, NEW HAMPSHIRE

## A. PURPOSE:

Pursuant to Section 3.6 D of the Town Charter, these Rules of Order describe the duties and methods of operation of the Londonderry Town Council.

## B. ORGANIZATION:

### 1. Responsibilities of Members:

All members shall make every effort to attend each scheduled meeting.

The Council shall act in all matters as a body. Except as expressly provided elsewhere in this Charter, neither the Council nor any of its members shall direct or request the appointment of any person to office or employment; or direct the removal, suspension, discipline, adjustment in pay, benefits, or working conditions of any employee by the Manager or of any of the Town department heads.

No Councilor shall give orders to or interfere with the performance of the duties of any of the administrative officers or employees, either publicly or privately. Nothing contained in this section shall prohibit the Council from meeting with the Manager to discuss the operation or conduct of any department head or employee and to recommend an investigation and report by the Manager of any complaint. Any violation of the provisions of this section by a Councilor shall constitute grounds for forfeiture of office under the provisions of Town Charter Section 3.3. *(Charter Section 4.8)*

### 2. Officers:

(a) Election - A Chairman and Vice-Chairman shall be elected for a term of one (1) year at the first regular meeting within 10 calendar days following the annual election of officers. Election shall be by a majority vote of those present. *(Charter, Section 3.2)*

Vacancies occurring in the office of Councilor at any time shall be filled, by appointment, until the next regular election, by the Council at its next regular meeting by majority vote of the Councilors, provided, however, that, if the vacancy occurs fewer than ninety (90) days prior to the next regular election, the vacancy shall not be filled by appointment, but shall be filled at the next regular election. *(Charter Section 3.4)*

(b) Duties - The Chairman shall preside at all meetings of the Council and perform all duties required by law.

In the absence of the Chairman, the Vice-Chairman shall preside and assume all duties and responsibilities of the Chair.

**3. Committees:**
The Chairman may delegate members of the Council to serve on committees and to perform other duties.

## C. OPERATION:

**1. Meetings:**

(a) Organizational Meetings - An organizational meeting to elect officers shall be held in accordance with B.2(a). The Council may adopt the previous Council's Rules of Procedure, subject to amendment as provided in these Rules of Procedure. The Council shall establish a schedule for meetings.

(b) Regular Meetings - A formal meeting of the Council generally conducted in accordance with the order of the "Agenda" contained herein.

(c) Workshop Meetings - A less formalized meeting of the Council generally conducted for the purpose of providing Council members with a more detailed understanding of a limited number of issues or to permit discussion of issues in greater depth.

(d) Non-Public Meetings - A meeting of the Council held in accordance with RSA 91-A:3.

(e) Special Meetings - May be called by the Chairman upon the written request of at least three (3) members of the Council or the Town Manager through the Chair. The method of delivery of notice for special meetings shall be by established Council rule. *(Charter Section 3.6.C)*

(f) Emergency Meetings - May be called by the Chair when immediate un-delayed action is deemed to be imperative by the Chair, who shall employ whatever means are reasonably available to inform the public and all council members that an emergency meeting is to be held. *(Charter Section 3.6.C)*

(g) Committee Meetings - Meetings shall be called by the Chairman of the committee under the rules governing special meetings.

2. **Schedule of Meetings:**
Shall be published monthly on the Town's website. Each meeting shall be posted in accordance with RSA 91-A.

3. **Reports of Committees:**
Written/Oral reports from committees received by the Council shall be filed with and distributed with the minutes of the Council.

4. **Review of Audit Reports:**
The Council shall review the audit report as soon as the report is made available and take any action related thereto.

5. **Town Manager**
Annually, the Town Council is responsible for evaluating the job performance of the Town Manager. It is the Chairman's responsibility to coordinate the evaluation, including obtaining input from the other members of the Council, aggregating that information, and presenting to the Council a comprehensive draft of the evaluation document. The Town Council shall complete the final evaluation document during the budgetary process. *(Charter Section 4.2)*

The final evaluation document shall remain on file with the Human Resources Manager in the Finance and Administration Department.

## D. RULES OF ORDER:

1. **Quorum** - A quorum of the Council for the transaction of any business shall be three (3) of the members currently in office. However a smaller number may adjourn the meeting to another time or date. *(Charter Section 3.6.B)*

2. **Agenda** - Shall be published with meeting notice, and included in the minutes. A suggested agenda is provided below. It may be changed by the chair or by vote of the Council.

**AGENDA**

- Call to Order
- Public Comment
- Public Hearing
- Old Business
- New Business
- Meeting Minutes
- Other Business

- Liaison Reports
- Town Manager's Report
- Board/Committee Appointments/Reappointments.
- Adjourn

(a) Councilors wishing to place an item on the agenda must notify the Town Manager or his Executive Assistant at least five calendar days prior to a scheduled meeting. Citizens wishing to place an item on the Councilors' agenda and plan to make a presentation must provide a copy of all presentation material and documentation to be included in each Councilor's "packet" four days prior to a scheduled meeting.

(b) Adjournment - A motion for adjournment will usually not be in order until after the completion of the order of business, unless a motion has been made at the start of the meeting to adjourn at a specified time.

**3. Role of the Chairman:**

The Chairman's duties are as follows:

- To open the session at the time at which the Council is to meet by calling the members to order; to announce the business before the Council in the order in which it is to be acted upon;

- to recognize members entitled to the floor and to assure that all comments from the public are directed to the Chair;

- to state and put to vote all the questions which are regularly called or necessarily arise in the course of the proceedings and to announce the result of the vote;

- to protect the Council from annoyance;

- to assist in expediting all business in every way compatible with the rights of the members, as by allowing brief remarks when un-debatable motions are pending or by calling a brief recess to permit restoration of order or clarification of an obscure point if the Chair thinks it advisable;

- to restrain the members when engaged in debate within the rules or order;

- to enforce on all occasions the observance of order and decorum among the members, deciding all questions of order (subject to an appeal by any two (2) members) unless the Chair prefers to submit the question for the decision of the Council;

- to inform the Council on a point of order or practice pertinent to pending business;

- to authenticate by their signature, when necessary, all resolutions, orders and ordinances as directed by vote of the Council.

- to facilitate public comment during that portion of the session. The Chairman will assure members of the public are treated with respect.

The Chairman shall issue calls for candidates and specify dates for return of applications for positions appointed by the Council.

The Chairman shall vote as a member of the Council.

Discussions which are not addressing the business before the Council, or which are conducted in a disorderly or disrespectful manner, shall be ruled out of order. The Chairman shall take whatever action is necessary to achieve and maintain order, including ordering the removal of any person who continues disorderly conduct.

**4. Role of the Vice-Chairman:**
Please see section 2(b) above.

**5. Conduct of Meetings:**
Meetings shall be conducted in accordance with generally accepted practices of order and decorum. In the event of dispute regarding procedural matters a vote of the Council shall be the final deciding authority.

(a) **Motions** - All matters of business shall be brought before the Council by motion from a Councilor, duly seconded by another Councilor. All matters duly seconded will be subject to debate, discussion, amendment (by motion) and approval by a majority of the present Councilors. *(Charter, Section 3.6. A, D).*

(b) **Motion to Table** - A Councilor may move to table any pending matter of business. The motion to table shall be seconded and requires approval by a majority of the present Councilors. The motion is not debatable. Approval of the motion is equivalent to defeating the question tabled. Successive motions to table a matter of business previously voted on and defeated shall not be permitted. *(Charter, Section 3.6. A, D).*

(c) **Motion to Reconsider** – A Councilor who voted on the prevailing side in the original vote on a motion may make a motion to reconsider that vote. A motion to reconsider may only be made during the same meeting that

the vote whose reconsideration is sought passed. A motion to reconsider, made by a Councilor who was on the prevailing side, shall be seconded (by any Councilor) and is debatable. The motion to reconsider requires approval of a majority of the present Councilors. Motions to restrict reconsideration are not permissable *(Charter, Section 3.6. A, D).*

(d) **Public Comment** – The public will be afforded the ability to provide input to the Council during the session. These comments are to be directed to the Chairman and are not intended to be a platform for debate.

**6. Council Objection:**

On the first occasion that the question on adoption of a measure is put to the Council, if a single Councilor objects to the taking of the vote, the vote shall be postponed until the next meeting of the Council whether regular or special. If two (2) or more other Councilors shall join in the objection, such postponement shall be until the next regular meeting. This procedure shall not be used more than once for any agenda item. Any item once postponed shall not be further postponed under this section. The Council objection privilege is not available with respect to the emergency ordinance. *(Charter, Section 3.6. E)*

**7. Ordinances:**

A. An ordinance may be introduced by any member at any regular or special meeting of the Council. Upon introduction of any ordinance, the Clerk shall distribute a copy to each Councilor and to the Manager, shall file a reasonable number of copies in the office of the Clerk and shall post a copy in such other public places as the Council may designate.

B. Every proposed ordinance of the Council shall be introduced in writing and in the form required for final adoption. No ordinance shall contain more than one subject, which shall be clearly expressed in its title. Each ordinance shall be identified by a number and a short title. The enacting clause shall be "The Town of Londonderry ordains.....". Any ordinance which repeals or amends an existing ordinance shall set out in full the ordinance, sections or subsections to be repealed or amended, and shall indicate matter to be omitted by enclosing it in brackets or by strikeout type, and shall indicate new matter by underscoring or by italics. After passage of the ordinance's first reading, it shall be published at least once together with a notice of the time and place when and where it will be given a public hearing and be considered for final passage. The first such publication shall precede the date of said hearing by at least five (5) working days. Publication for purposes of this section shall mean the publication of a notice in any paper distributed in the Town of Londonderry, stating the number and title of the ordinance and

either the text of the ordinance in full or if the full text is not published, then a brief explanation of the purpose of the ordinance and information as to where and when any interested person may obtain a copy of the complete ordinance.

C. Every ordinance, including zoning ordinances, adopted by referendum, shall take effect upon passage and publication as ordinances required by law, or at a later date as specified in the ordinance. No ordinance shall be introduced and adopted during the same meeting.

D. All ordinances, including any amendments thereto, shall be recorded in full, uniformly and permanently, by the Clerk, and each ordinance so recorded shall be authenticated by affixing the signatures of the Council Chair and the Clerk and the Town Seal, and kept on file in the office of the Clerk. The Clerk shall be responsible for the systematic indexing, printing, publication and maintenance of the ordinances of the Town. Copies of all ordinances shall be available to the public, and the Clerk may charge a fee to defray the printing costs. *(Charter, Section 3.7)*

**8. Emergency Ordinances:**

Notwithstanding other provisions of the Town Charter to meet a public emergency affecting life, health, property or the public peace, the Council may adopt one or more emergency ordinances, but such ordinances may not levy taxes, grant, renew or extend a franchise, regulate the rate charged by a public utility for its services or authorize the borrowing of money, except as provided in Section 3.9 of the Charter. An emergency ordinance shall be introduced in the form and manner prescribed for ordinances generally, except that it shall be plainly designated as an emergency ordinance and shall contain, after the enacting clause, a declaration stating that an emergency exists and describing it in clear and specific terms. An emergency ordinance may be adopted with or without amendment or rejected at the meeting at which it is introduced, but two-thirds majority vote of the councilors present shall be required for adoption.

After its adoption the ordinance shall be published and printed as prescribed for other adopted ordinances. It shall become effective upon adoption. Every emergency ordinance, except one made pursuant to Sec. 3.10 of the Charter, shall automatically stand repealed as of the sixty first (61st) day following the date on which it was adopted, but this shall not prevent reenactment of the ordinance in the manner specified in this section if the emergency still exists. An emergency ordinance may also be repealed by adoption of a repealing ordinance in the same manner specified in this section for adoption of emergency ordinances. *(Charter, Section 3.8)*

**9. Recording of Votes:**
Votes shall be by a voice vote or by a roll call. Every matter coming before the Council for action shall be put to a vote and all members shall vote "aye', "nay", or abstain and give a reason for abstaining. The results of such voting shall be duly recorded. All votes shall be recorded by roll call except votes on procedural matters.

**10. Requests for Information:**
Should it become apparent to the Chairman or an individual Council member, in the interim between meetings, that additional information relative to a specific item may be needed for Council use at the next regularly scheduled meeting, a request for this information shall be submitted to the Town Manager before the agenda is set. Requests by Councilors for legal advice shall be channeled through the Chairman or Town Manager.

Any information provided to any individual Councilor shall be provided to the rest of the Council.

## E. EMPLOYEES:

**1. Duties:**
The Executive Assistant shall be the official recorder of the minutes of the Town Council and an official copy of the records are to be filed in the Town Manager's Office and open to inspection by any person at reasonable times. In addition to keeping the minutes of the meetings, it is the duty of the Executive Assistant to keep a roll of members and to call the roll when required. The Executive Assistant shall record the essentials called "the minutes" of the proceedings as follows:

(a) The type of meeting - regular, special, work session, or recessed.

(b) Time of meeting and place of meeting

(c) The presence/absence of Council members

(d) Whether the minutes of the previous meeting were approved or amended.

(e) All main motions and points of order and appeals, whether sustained or lost, and all other motions that were not lost or withdrawn.

(f) The hour of adjournment.

The Executive Assistant shall record the essentials of the proceedings, the name of the member who introduced a main motion or amendment and the name of the second, and should enter the number and names of votes on each side.

In addition to the strict record of what is transacted, the public minutes should contain the list of speakers on each side of every question with an abstract of all relevant points.

Reports of committees should be printed exactly as submitted. The minutes should show what action was taken by the Council in regard to them.

## F. AMENDMENT PROCEDURE:

An amendment to these Rules of Procedure may be moved at one Council meeting but shall not be voted upon until the next regularly scheduled meeting, not less than seven (7) days later. A copy of any amendment shall then be certified and submitted to the Town Clerk for inclusion in the Town Records.

## G. APPOINTMENT TO COUNCILS AND COMMISSIONS:

1. At the Council's second meeting, the Chair shall request from members their choices of committees, Councils and commissions they wish to serve on as Councilor Liaison. The Chairman shall distribute to the Council all choices and set a meeting date as to when the Chair shall make appointments.

2. The term of all appointments of Councilor Liaison, including the terms of any ex-officio members (voting members) of the Town Council serving on local land use Boards (i.e., Planning Council, Conservation Commission) shall be for one (1) year, or until the Council's organizational meeting, whichever is sooner.

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Persuant to section 3.6D of the Londonderry Town Charter, the attached rules of order are in place and currently live on the Londonderry NH website.

Per these Rules of order, section D (Rules of Order) 5 (Conduct of meetings) subparagraph d (Public comment):

"The public will be afforded the ability to provide input to the Council during the session. These comments are to be directed to the Chairman and are not intended to be a platform for debate." You will note that physical presence at the meeting in order to provide input is not enumerated in the rules.

Not only that, but is interesting that your made up requirement to present to a meeting, which is not delegated to you under the Charter or these rules, does not seem to be upheld when Councilman Franz cites conversations he has with individuals outside meetings, or when Chairman Farrell claims that he just got a text or message in support of a particular issue.

Further, Vernco Apple and Colleen Maihoux had letters appended to the 2.6.23 council meeting. These were not exigent or emergent circumstances, so your arbitrarily upholding the rights of some citizens over others clearly goes beyond making occasional, needs based exceptions.

I will look forward to discussing your arbitrary application of Town policy to voices you don't like when I have the opportunity to sit down and meet with you and the new session of the council.

I do see that a March 20th town council meeting is already on the schedule, so please advise if we are able to schedule this meeting at this time (meeting to be held post election) or if we need to wait to schedule until after 3.14 passes.

Please advise within five working days.

Jonathan Esposito

**To:** [redacted] <[redacted]>
**Cc:** TownCouncil <TownCouncil@londonderrynh.org>
**Subject:** Re: Londonderry Times Ad (request to include letter in minutes)

Good evening,

There is no statute, ordinance, or charter provision governing any attachments required to be appended to the Town Council's minutes. The Council's rules of procedure also do not require this.

In longstanding practice, those wishing to address the Council and the public have been required to attend Council meetings and speak in public comment. The Town Council Chairman has consistently and liberally permitted public comment, and has often lifted or relaxed time limitations in favor of full, meaningful public participation and input.

In extreme, extenuating circumstances, the Chairman, in his discretion, has relaxed this practice, as is his prerogative. In general, however, communications included in the minutes are those which occur in the Town Council Chambers, during meetings that are noticed well in advance, and aired on local access television and recorded for posterity. Our form of government is designed to occur in public for all to see, not in the shadows of social media or via email outside of public view.

If you have an extreme, extenuating circumstance, I would be happy to convey it to the Chairman for his consideration. In the absence of such a request, the official minutes of the Londonderry Town Council will not include every irrelevant, superfluous, inflammatory communication directed to this body.

While I recognize you may disagree with the Town's position, this will be the Town's only and final communication on this topic. You are of course free to revive the matter in public comment before the Town Council, but the Town will not be replying further.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry
603-432-1100 x 151

**Subject:** Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Joe stated in an ad to the times, published on 3.2.23, RE his reelection, that he was the only Councilor who voted against raising taxes.

I believe outgoing Councilwoman Paul voted similarly when the Town Tax Rate was set at the 11/14/22 meeting, so this appears to be a false statement at face value.

Tsk, tsk....very poor look for this Council, as were Mr. Butler's smarmy remarks at the end, but this is all very much in keeping with the usual tone John Farrell as Chair has set.

This Town deserves better -I will be living here a long time and will be doing my part as an involved citizen to ensure they get it .

Please add this email to the minutes from the 3.6.23 Town Council meeting.

If the town will not be appending this email to the minutes, please advise as to why not within 5 working days.

# RULES OF ORDER
# TOWN COUNCIL
# LONDONDERRY, NEW HAMPSHIRE

## A. PURPOSE:

Pursuant to Section 3.6 D of the Town Charter, these Rules of Order describe the duties and methods of operation of the Londonderry Town Council.

## B. ORGANIZATION:

### 1. Responsibilities of Members:

All members shall make every effort to attend each scheduled meeting.

The Council shall act in all matters as a body. Except as expressly provided elsewhere in this Charter, neither the Council nor any of its members shall direct or request the appointment of any person to office or employment; or direct the removal, suspension, discipline, adjustment in pay, benefits, or working conditions of any employee by the Manager or of any of the Town department heads.

No Councilor shall give orders to or interfere with the performance of the duties of any of the administrative officers or employees, either publicly or privately. Nothing contained in this section shall prohibit the Council from meeting with the Manager to discuss the operation or conduct of any department head or employee and to recommend an investigation and report by the Manager of any complaint. Any violation of the provisions of this section by a Councilor shall constitute grounds for forfeiture of office under the provisions of Town Charter Section 3.3. *(Charter Section 4.8)*

### 2. Officers:

(a) Election - A Chairman and Vice-Chairman shall be elected for a term of one (1) year at the first regular meeting within 10 calendar days following the annual election of officers. Election shall be by a majority vote of those present. *(Charter, Section 3.2)*

Vacancies occurring in the office of Councilor at any time shall be filled, by appointment, until the next regular election, by the Council at its next regular meeting by majority vote of the Councilors, provided, however, that, if the vacancy occurs fewer than ninety (90) days prior to the next regular election, the vacancy shall not be filled by appointment, but shall be filled at the next regular election. *(Charter Section 3.4)*

(b) Duties - The Chairman shall preside at all meetings of the Council and perform all duties required by law.

In the absence of the Chairman, the Vice-Chairman shall preside and assume all duties and responsibilities of the Chair.

**3. Committees:**
The Chairman may delegate members of the Council to serve on committees and to perform other duties.

## C. OPERATION:

**1. Meetings:**

(a) Organizational Meetings - An organizational meeting to elect officers shall be held in accordance with B.2(a). The Council may adopt the previous Council's Rules of Procedure, subject to amendment as provided in these Rules of Procedure. The Council shall establish a schedule for meetings.

(b) Regular Meetings - A formal meeting of the Council generally conducted in accordance with the order of the "Agenda" contained herein.

(c) Workshop Meetings - A less formalized meeting of the Council generally conducted for the purpose of providing Council members with a more detailed understanding of a limited number of issues or to permit discussion of issues in greater depth.

(d) Non-Public Meetings - A meeting of the Council held in accordance with RSA 91-A:3.

(e) Special Meetings - May be called by the Chairman upon the written request of at least three (3) members of the Council or the Town Manager through the Chair. The method of delivery of notice for special meetings shall be by established Council rule. *(Charter Section 3.6.C)*

(f) Emergency Meetings - May be called by the Chair when immediate un-delayed action is deemed to be imperative by the Chair, who shall employ whatever means are reasonably available to inform the public and all council members that an emergency meeting is to be held. *(Charter Section 3.6.C)*

(g) Committee Meetings - Meetings shall be called by the Chairman of the committee under the rules governing special meetings.

2. **Schedule of Meetings:**
Shall be published monthly on the Town's website. Each meeting shall be posted in accordance with RSA 91-A.

3. **Reports of Committees:**
Written/Oral reports from committees received by the Council shall be filed with and distributed with the minutes of the Council.

4. **Review of Audit Reports:**
The Council shall review the audit report as soon as the report is made available and take any action related thereto.

5. **Town Manager**
Annually, the Town Council is responsible for evaluating the job performance of the Town Manager. It is the Chairman's responsibility to coordinate the evaluation, including obtaining input from the other members of the Council, aggregating that information, and presenting to the Council a comprehensive draft of the evaluation document. The Town Council shall complete the final evaluation document during the budgetary process. *(Charter Section 4.2)*

The final evaluation document shall remain on file with the Human Resources Manager in the Finance and Administration Department.

## D. RULES OF ORDER:

1. **Quorum** - A quorum of the Council for the transaction of any business shall be three (3) of the members currently in office. However a smaller number may adjourn the meeting to another time or date. *(Charter Section 3.6.B)*

2. **Agenda** - Shall be published with meeting notice, and included in the minutes. A suggested agenda is provided below. It may be changed by the chair or by vote of the Council.

**AGENDA**

- Call to Order
- Public Comment
- Public Hearing
- Old Business
- New Business
- Meeting Minutes
- Other Business

- Liaison Reports
- Town Manager's Report
- Board/Committee Appointments/Reappointments.
- Adjourn

(a) Councilors wishing to place an item on the agenda must notify the Town Manager or his Executive Assistant at least five calendar days prior to a scheduled meeting. Citizens wishing to place an item on the Councilors' agenda and plan to make a presentation must provide a copy of all presentation material and documentation to be included in each Councilor's "packet" four days prior to a scheduled meeting.

(b) Adjournment - A motion for adjournment will usually not be in order until after the completion of the order of business, unless a motion has been made at the start of the meeting to adjourn at a specified time.

**3. Role of the Chairman:**

The Chairman's duties are as follows:

- To open the session at the time at which the Council is to meet by calling the members to order; to announce the business before the Council in the order in which it is to be acted upon;

- to recognize members entitled to the floor and to assure that all comments from the public are directed to the Chair;

- to state and put to vote all the questions which are regularly called or necessarily arise in the course of the proceedings and to announce the result of the vote;

- to protect the Council from annoyance;

- to assist in expediting all business in every way compatible with the rights of the members, as by allowing brief remarks when un-debatable motions are pending or by calling a brief recess to permit restoration of order or clarification of an obscure point if the Chair thinks it advisable;

- to restrain the members when engaged in debate within the rules or order;

- to enforce on all occasions the observance of order and decorum among the members, deciding all questions of order (subject to an appeal by any two (2) members) unless the Chair prefers to submit the question for the decision of the Council;

- to inform the Council on a point of order or practice pertinent to pending business;

- to authenticate by their signature, when necessary, all resolutions, orders and ordinances as directed by vote of the Council.

- to facilitate public comment during that portion of the session. The Chairman will assure members of the public are treated with respect.

The Chairman shall issue calls for candidates and specify dates for return of applications for positions appointed by the Council.

The Chairman shall vote as a member of the Council.

Discussions which are not addressing the business before the Council, or which are conducted in a disorderly or disrespectful manner, shall be ruled out of order. The Chairman shall take whatever action is necessary to achieve and maintain order, including ordering the removal of any person who continues disorderly conduct.

**4. Role of the Vice-Chairman:**
Please see section 2(b) above.

**5. Conduct of Meetings:**
Meetings shall be conducted in accordance with generally accepted practices of order and decorum. In the event of dispute regarding procedural matters a vote of the Council shall be the final deciding authority.

(a) **Motions** - All matters of business shall be brought before the Council by motion from a Councilor, duly seconded by another Councilor. All matters duly seconded will be subject to debate, discussion, amendment (by motion) and approval by a majority of the present Councilors. *(Charter, Section 3.6. A, D).*

(b) **Motion to Table** - A Councilor may move to table any pending matter of business. The motion to table shall be seconded and requires approval by a majority of the present Councilors. The motion is not debatable. Approval of the motion is equivalent to defeating the question tabled. Successive motions to table a matter of business previously voted on and defeated shall not be permitted. *(Charter, Section 3.6. A, D).*

(c) **Motion to Reconsider** – A Councilor who voted on the prevailing side in the original vote on a motion may make a motion to reconsider that vote. A motion to reconsider may only be made during the same meeting that

the vote whose reconsideration is sought passed. A motion to reconsider, made by a Councilor who was on the prevailing side, shall be seconded (by any Councilor) and is debatable. The motion to reconsider requires approval of a majority of the present Councilors. Motions to restrict reconsideration are not permissable *(Charter, Section 3.6. A, D).*

(d) **Public Comment** – The public will be afforded the ability to provide input to the Council during the session. These comments are to be directed to the Chairman and are not intended to be a platform for debate.

**6. Council Objection:**

On the first occasion that the question on adoption of a measure is put to the Council, if a single Councilor objects to the taking of the vote, the vote shall be postponed until the next meeting of the Council whether regular or special. If two (2) or more other Councilors shall join in the objection, such postponement shall be until the next regular meeting. This procedure shall not be used more than once for any agenda item. Any item once postponed shall not be further postponed under this section. The Council objection privilege is not available with respect to the emergency ordinance. *(Charter, Section 3.6. E)*

**7. Ordinances:**

A. An ordinance may be introduced by any member at any regular or special meeting of the Council. Upon introduction of any ordinance, the Clerk shall distribute a copy to each Councilor and to the Manager, shall file a reasonable number of copies in the office of the Clerk and shall post a copy in such other public places as the Council may designate.

B. Every proposed ordinance of the Council shall be introduced in writing and in the form required for final adoption. No ordinance shall contain more than one subject, which shall be clearly expressed in its title. Each ordinance shall be identified by a number and a short title. The enacting clause shall be "The Town of Londonderry ordains.....". Any ordinance which repeals or amends an existing ordinance shall set out in full the ordinance, sections or subsections to be repealed or amended, and shall indicate matter to be omitted by enclosing it in brackets or by strikeout type, and shall indicate new matter by underscoring or by italics. After passage of the ordinance's first reading, it shall be published at least once together with a notice of the time and place when and where it will be given a public hearing and be considered for final passage. The first such publication shall precede the date of said hearing by at least five (5) working days. Publication for purposes of this section shall mean the publication of a notice in any paper distributed in the Town of Londonderry, stating the number and title of the ordinance and

either the text of the ordinance in full or if the full text is not published, then a brief explanation of the purpose of the ordinance and information as to where and when any interested person may obtain a copy of the complete ordinance.

C. Every ordinance, including zoning ordinances, adopted by referendum, shall take effect upon passage and publication as ordinances required by law, or at a later date as specified in the ordinance. No ordinance shall be introduced and adopted during the same meeting.

D. All ordinances, including any amendments thereto, shall be recorded in full, uniformly and permanently, by the Clerk, and each ordinance so recorded shall be authenticated by affixing the signatures of the Council Chair and the Clerk and the Town Seal, and kept on file in the office of the Clerk. The Clerk shall be responsible for the systematic indexing, printing, publication and maintenance of the ordinances of the Town. Copies of all ordinances shall be available to the public, and the Clerk may charge a fee to defray the printing costs. *(Charter, Section 3.7)*

**8. Emergency Ordinances:**

Notwithstanding other provisions of the Town Charter to meet a public emergency affecting life, health, property or the public peace, the Council may adopt one or more emergency ordinances, but such ordinances may not levy taxes, grant, renew or extend a franchise, regulate the rate charged by a public utility for its services or authorize the borrowing of money, except as provided in Section 3.9 of the Charter. An emergency ordinance shall be introduced in the form and manner prescribed for ordinances generally, except that it shall be plainly designated as an emergency ordinance and shall contain, after the enacting clause, a declaration stating that an emergency exists and describing it in clear and specific terms. An emergency ordinance may be adopted with or without amendment or rejected at the meeting at which it is introduced, but two-thirds majority vote of the councilors present shall be required for adoption.

After its adoption the ordinance shall be published and printed as prescribed for other adopted ordinances. It shall become effective upon adoption. Every emergency ordinance, except one made pursuant to Sec. 3.10 of the Charter, shall automatically stand repealed as of the sixty first (61st) day following the date on which it was adopted, but this shall not prevent reenactment of the ordinance in the manner specified in this section if the emergency still exists. An emergency ordinance may also be repealed by adoption of a repealing ordinance in the same manner specified in this section for adoption of emergency ordinances. *(Charter, Section 3.8)*

**9. Recording of Votes:**
Votes shall be by a voice vote or by a roll call. Every matter coming before the Council for action shall be put to a vote and all members shall vote "aye', "nay", or abstain and give a reason for abstaining. The results of such voting shall be duly recorded. All votes shall be recorded by roll call except votes on procedural matters.

**10. Requests for Information:**
Should it become apparent to the Chairman or an individual Council member, in the interim between meetings, that additional information relative to a specific item may be needed for Council use at the next regularly scheduled meeting, a request for this information shall be submitted to the Town Manager before the agenda is set. Requests by Councilors for legal advice shall be channeled through the Chairman or Town Manager.

Any information provided to any individual Councilor shall be provided to the rest of the Council.

## E. EMPLOYEES:

**1. Duties:**
The Executive Assistant shall be the official recorder of the minutes of the Town Council and an official copy of the records are to be filed in the Town Manager's Office and open to inspection by any person at reasonable times. In addition to keeping the minutes of the meetings, it is the duty of the Executive Assistant to keep a roll of members and to call the roll when required. The Executive Assistant shall record the essentials called "the minutes" of the proceedings as follows:

(a) The type of meeting - regular, special, work session, or recessed.

(b) Time of meeting and place of meeting

(c) The presence/absence of Council members

(d) Whether the minutes of the previous meeting were approved or amended.

(e) All main motions and points of order and appeals, whether sustained or lost, and all other motions that were not lost or withdrawn.

(f) The hour of adjournment.

The Executive Assistant shall record the essentials of the proceedings, the name of the member who introduced a main motion or amendment and the name of the second, and should enter the number and names of votes on each side.

In addition to the strict record of what is transacted, the public minutes should contain the list of speakers on each side of every question with an abstract of all relevant points.

Reports of committees should be printed exactly as submitted. The minutes should show what action was taken by the Council in regard to them.

## F. AMENDMENT PROCEDURE:

An amendment to these Rules of Procedure may be moved at one Council meeting but shall not be voted upon until the next regularly scheduled meeting, not less than seven (7) days later. A copy of any amendment shall then be certified and submitted to the Town Clerk for inclusion in the Town Records.

## G. APPOINTMENT TO COUNCILS AND COMMISSIONS:

1. At the Council's second meeting, the Chair shall request from members their choices of committees, Councils and commissions they wish to serve on as Councilor Liaison. The Chairman shall distribute to the Council all choices and set a meeting date as to when the Chair shall make appointments.

2. The term of all appointments of Councilor Liaison, including the terms of any ex-officio members (voting members) of the Town Council serving on local land use Boards (i.e., Planning Council, Conservation Commission) shall be for one (1) year, or until the Council's organizational meeting, whichever is sooner.

**Subject:** Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Allow me to be clear, Town Manager and Council Members;

This is a first amendment challenge to the town of Londonderry and not a matter of personal opinion in correspondence. Your refusal to append citizen correspondence to minutes that specifically request it, correspondence that is reasonable in scope and volume, and not otherwise profane prohibited or unlawful, I am arguing is a violation of taxpayers freedom of speech and our fundamental rights to a transparent and inclusive town council and municipality.

As you are aware, mental health is a big issue in our society, and written correspondence entered to the record is an easy accommodation for citizens who do not feel comfortable standing up in the citizen averse environment that you folks have created in the moose hill council chambers, with the town council sitting above and apart from us as if they are judge, with you and your assistant playing court recorder and bailiff. Therefore, I also make the contention that the towns refusal to include otherwise not prohibited correspondence with town council meeting minutes is declining to provide reasonable access and accommodation to other than abled citizens.

I will state for the record that you are factually incorrect in this statement that you have drafted. I will be more than glad to cite dates and times in which the town council and chairman have introduced correspondence favorable to them, but declined to introduce correspondence or attempted to disallow correspondence to be read from citizens during public comment, such as with the Laura Gandia matter at a February meeting of the council I attended.

I will also note that SAU12 the Londonderry School District makes a regular habit of appending parent correspondence, both positive and negative, to the school board meeting minutes, so while you may be correct in that there is no statute ordinance or policy requiring it,

It must be equally stated that there is no statute, ordinance, or policy against it. The public has a vested interest in being privy to correspondence that is shared with our elected officials and our public servants such as yourself, especially when the intent of such correspondence is to be introduced into public record, which is quite the opposite of attempting to interact with government from the shadows.

You need to relax your tone Mike. You are not the sole arbiter under the Town charter on whether or not the town will continue to reply to a matter. The correspondence of citizens, no matter how superfluous you may feel such correspondence to be, is inherently more important than your petty, un-asked for personal opinion.

I am not content with solely reintroducing the matter during public comment, although I will be glad to do so as an additional resolution step.

I would like to request a formal sit-down meeting with the next session of the Town council after election, to discuss this matter further.

I await your reply as to when such a meeting can be arranged

Jonathan Esposito

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Allow me to be clear, Town Manager and Council Members;

This is a first amendment challenge to the town of Londonderry and not a matter of personal opinion in correspondence. Your refusal to append citizen correspondence to minutes that specifically request it, correspondence that is reasonable in scope and volume, and not otherwise profane prohibited or unlawful, I am arguing is a violation of taxpayers freedom of speech and our fundamental rights to a transparent and inclusive town council and municipality.

As you are aware, mental health is a big issue in our society, and written correspondence entered to the record is an easy accommodation for citizens who do not feel comfortable standing up in the citizen averse environment that you folks have created in the moose hill council chambers, with the town council sitting above and apart from us as if they are judge, with you and your assistant playing court recorder and bailiff. Therefore, I also make the contention that the towns refusal to include otherwise not prohibited correspondence with town council meeting minutes is declining to provide reasonable access and accommodation to other than abled citizens.

I will state for the record that you are factually incorrect in this statement that you have drafted. I will be more than glad to cite dates and times in which the town council and chairman have introduced correspondence favorable to them, but declined to introduce correspondence or attempted to disallow correspondence to be read from citizens during public comment, such as with the Laura Gandia matter at a February meeting of the council I attended.

I will also note that SAU12 the Londonderry School District makes a regular habit of appending parent correspondence, both positive and negative, to the school board meeting minutes, so while you may be correct in that there is no statute ordinance or policy requiring it,

It must be equally stated that there is no statute, ordinance, or policy against it. The public has a vested interest in being privy to correspondence that is shared with our elected officials and our public servants such as yourself, especially when the intent of such correspondence is to be introduced into public record, which is quite the opposite of attempting to interact with government from the shadows.

You need to relax your tone Mike. You are not the sole arbiter under the Town charter on whether or not the town will continue to reply to a matter. The correspondence of citizens, no matter how superfluous you may feel such correspondence to be, is inherently more important than your petty, un-asked for personal opinion.

I am not content with solely reintroducing the matter during public comment, although I will be glad to do so as an additional resolution step.

I would like to request a formal sit-down meeting with the next session of the Town council after election, to discuss this matter further.

I await your reply as to when such a meeting can be arranged

Jonathan Esposito

**Subject:** Re: Londonderry Times Ad (request to include letter in minutes)

Good evening,

There is no statute, ordinance, or charter provision governing any attachments required to be appended to the Town Council's minutes. The Council's rules of procedure also do not require this.

In longstanding practice, those wishing to address the Council and the public have been required to attend Council meetings and speak in public comment. The Town Council Chairman has consistently and liberally permitted public comment, and has often lifted or relaxed time limitations in favor of full, meaningful public participation and input.

In extreme, extenuating circumstances, the Chairman, in his discretion, has relaxed this practice, as is his prerogative. In general, however, communications included in the minutes are those which occur in the Town Council Chambers, during meetings that are noticed well in advance, and aired on local access television and recorded for posterity. Our form of government is designed to occur in public for all to see, not in the shadows of social media or via email outside of public view.

If you have an extreme, extenuating circumstance, I would be happy to convey it to the Chairman for his consideration. In the absence of such a request, the official minutes of the Londonderry Town Council will not include every irrelevant, superfluous, inflammatory communication directed to this body.

While I recognize you may disagree with the Town's position, this will be the Town's only and final communication on this topic. You are of course free to revive the matter in public comment before the Town Council, but the Town will not be replying further.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry
603-432-1100 x 151

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Joe stated in an ad to the times, published on 3.2.23, RE his reelection, that he was the only Councilor who voted against raising taxes.

I believe outgoing Councilwoman Paul voted similarly when the Town Tax Rate was set at the 11/14/22 meeting, so this appears to be a false statement at face value.

Tsk, tsk....very poor look for this Council, as were Mr. Butler's smarmy remarks at the end, but this is all very much in keeping with the usual tone John Farrell as Chair has set.

This Town deserves better -I will be living here a long time and will be doing my part as an involved citizen to ensure they get it .

Please add this email to the minutes from the 3.6.23 Town Council meeting.

If the town will not be appending this email to the minutes, please advise as to why not within 5 working days.

Don't you worry your little head about it sir.

There is plenty of it and while we can play word games and hide behind decorum at Town Hall meetings;

The devil is in the (payment) details.

Why do you think I have appointed myself as a citizen auditor, and will be examining outgoing checks approved by the Town month to month?

Why do you think I am asking so many questions about who authorized past expenses?

It is not enough to avoid overt bad faith actions. As someone who used to advise clinicians on the ethicality of their decisions, let me tell you; one must avoid "even the appearance thereunto" of poor ethical conduct, something this most recent session of the council has not done

This pressure on the council over bad faith decisions isn't going away. There is a shadow over Town Council, one that hopefully some new blood will serve to dispel.

Regardless of the outcome of the election, there will be a new level of scrutiny and a new era of accountability.

And you will have the benevolent hand of Jonathan Esposito to guide you along the way.

Good morning,

Short request

I would like to request Accounts Payable process data for January and February 2023. Specifically, I am looking for outgoing check registers as well as the review/approval of expenses by the TM/TC/Finance Director.

I know the School District business office does a big end of month export on payables that the School Board signs off on - I am not 100% sure on the details of the Town Process but that is what I am looking for here.

Please include any February dated payables processed to the ERP in March also.

It is my intent to make a monthly citizens review of spending as checks go out the door. I believe all documents should be easily exported to and sent via electronic process with little redaction/review necessary, so it is my goal to streamline this request so that it is of minimal burden to the Town going forward.

Please advise as always and thank you

Jonathan Esposito

Short request

I would like to request Accounts Payable process data for January and February 2023. Specifically, I am looking for outgoing check registers as well as the review/approval of expenses by the TM/TC/Finance Director.

I know the School District business office does a big end of month export on payables that the School Board signs off on - I am not 100% sure on the details of the Town Process but that is what I am looking for here.

Please include any February dated payables processed to the ERP in March also.

It is my intent to make a monthly citizens review of spending as checks go out the door. I believe all documents should be easily exported to and sent via electronic process with little redaction/review necessary, so it is my goal to streamline this request so that it is of minimal burden to the Town going forward.

Please advise as always and thank you

Jonathan Esposito

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good morning

I would like to request under 91a

Government accounts payable and accounting records from the Town's ERP

Relevant to any contracting expenditure or third party advisement for the towns planning operations (planning Department, department officials, planning duties as rolled up to Town Manager/Asst Town Manager)

Date scope of this request is January 1st 2023 to February 28th 2023.

Please note that when issuing the required response under law to requesters, that if time is required to research and compile relevant records, the time estimate given until a release is finalized should only reflect the projected time to complete that singular request; this estimate should not reflect additional time allowances due to the burden of any other requests made to the government entity in question.

Thank you for your time as always

Copying the assistant Town manager as I got the town managers out of office reply

For the record this is the third transmission of this inquiry, the first transmission was sent on January 26th and the second on February 14th

A lack of any substantive reply for over 30 days gives the appearance that the council and the town are ducking the matter in a cowardly fashion

A reminder that requested suspense is March 3rd 2023. For the record, this inquiry is not going away.

Following up on my inquiry regarding no letters being attached to TC meeting minutes in 2022, despite submissions and requests from both citizens and duly elected representatives that such submissions be included with TC meeting minutes.

Why?

I await your reply.

Very interesting that Londonderry Youth Soccer Association is the only NGO (Non Government Organization) in town allowed to use the Town Hall Conference Room

Did Mr. Green as a Board Member of theirs help facilitate this access previously? Must be nice to have friends in town!

**Cc:** TownCouncil <TownCouncil@londonderrynh.org>
**Subject:** Re: Use of town hall meeting rooms

Rather than being "just [my] discretion," this is my decision under the Town Charter and Town Manager statute, which assign me the following powers and duties:

- Charter Section 4.6: "The Manager shall have full jurisdiction over the rental and use of all Town facilities under the Manager's control. The Manager shall be responsible for the maintenance and repair of all Town property under the Manager's control, within the limits of existing appropriation."

- RSA 37:5: "He shall have . . . general supervision . . . of the property of the Town . . . ."

Therefore, this *is* the "official policy" of the Town. I would also note there is no recent policy change. To my knowledge, Town Hall has never been open for public rental or reservation.

Simply put, we are not staffed, and the building is not configured, for public rental/reservation.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry

It would seem that we should simply offer it to citizens as opposed to kicking the LSC off the schedule

Kindly clarify: do you have an official policy on this or is this just your discretion that no one can use these halls?

Thanks for the final note of clarification, I will await your reply.

Good morning,

As I have repeatedly stated, Town Hall is not open for public reservation. I was unaware until you brought it to my attention that Londonderry Soccer Club is meeting here. I don't know anything about this group or what relation it has, if any, to the Town government, but I will ensure that all similarly situated groups are treated equally going forward.

Sincerely,

Michael J. Malaguti
Town Manager

Good afternoon,

I am placing this as a formal inquiry on behalf of our town political committee, registered and recognized with the secretary of state. I am authorized to make this inquiry as the Chairperson.

I would like to inquire about using Town Hall meeting rooms for the purpose of our organizations gathering.

It is my understanding that it has been your response to other members of the community that you do not make Town Hall meeting rooms available for "outside use" (i.e. not Town Business) at this time.

However, it is publicly posted on the town website that the Londonderry Soccer Club, a nonprofit not sponsored by or working officially on behalf of the town, routinely utilizes Town meeting facilities, such as their use of the sunnycrest room at 7:30 p.m. on Wednesday February 1st.

As we are also an exempt organization, seeing as we are a town political committee and not a political action committee, and as we are a long-standing Londonderry organization interested in advancing like-minded citizens interests, similar to the mission statement of the LSC,

I see no reason why our organization would not be eligible for use of town facilities also, assuming that there is a standard policy and it is not simply at the discretion of the town manager.

Kindly advise if you will accept a similar Sunnycrest Room use request from our Londonderry Town political committee as you have the Londonderry Soccer Club?

If your response is in the affirmative, kindly make me aware of the mechanism that I may place such a request.

If your response is in the negative, kindly cite the justification for treating our organization different than the LSC (i.e. policy variance vs. Town Manager Discretion)

I would like to request at least an initial response to the inquiry within five working days please.

Very respectfully

Jonathan C Esposito
Town political committee Chairman

**Subject:** RE: Use of town hall meeting rooms

Good morning,

As I have repeatedly stated, Town Hall is not open for public reservation. I was unaware until you brought it to my attention that Londonderry Soccer Club is meeting here. I don't know anything about this group or what relation it has, if any, to the Town government, but I will ensure that all similarly situated groups are treated equally going forward.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry
603-432-1100 x 151

**Subject:** Use of town hall meeting rooms

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good afternoon,

I am placing this as a formal inquiry on behalf of our town political committee, registered and recognized with the secretary of state. I am authorized to make this inquiry as the Chairperson.

I would like to inquire about using Town Hall meeting rooms for the purpose of our organizations gathering.

It is my understanding that it has been your response to other members of the community that you do not make Town Hall meeting rooms available for "outside use" (i.e. not Town Business) at this time.

However, it is publicly posted on the town website that the Londonderry Soccer Club, a nonprofit not sponsored by or working officially on behalf of the town, routinely utilizes Town meeting facilities, such as their use of the sunnycrest room at 7:30 p.m. on Wednesday February 1st.

As we are also an exempt organization, seeing as we are a town political committee and not a political action committee, and as we are a long-standing Londonderry organization interested in advancing like-minded citizens interests, similar to the mission statement of the LSC,

I see no reason why our organization would not be eligible for use of town facilities also, assuming that there is a standard policy and it is not simply at the discretion of the town manager.

Kindly advise if you will accept a similar Sunnycrest Room use request from our Londonderry Town political committee as you have the Londonderry Soccer Club?

If your response is in the affirmative, kindly make me aware of the mechanism that I may place such a request.

If your response is in the negative, kindly cite the justification for treating our organization different than the LSC (i.e. policy variance vs. Town Manager Discretion)

I would like to request at least an initial response to the inquiry within five working days please.

Very respectfully

Jonathan C Esposito
Town political committee Chairman

**Flag Status:** Flagged

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

It would seem that we should simply offer it to citizens as opposed to kicking the LSC off the schedule

Kindly clarify: do you have an official policy on this or is this just your discretion that no one can use these halls?

Thanks for the final note of clarification, I will await your reply.

Jonathan

**Subject:** Re: Minutes to Council Meeting

Good morning esteemed council members, Mr. Malaguti.

I am following up on the below email from October 17th, 2022, but also placing a wider General inquiry.

Below I documented a response to a statement made by the Town Council chair while in session, and requested that my email correspondence with my statement be appended to the minutes for the meeting.

I could not help but notice upon reviewing the minutes from this town council meeting on October 17th 2022, that my email correspondence was not included as I specifically requested as a tax paying citizen.

I am also aware of other instances in which state representative Kristine Perez has asked written statements she submitted to be included with Town Council meeting minutes.

I do believe citizen Laura Gandia asked the Council Chair to read a letter into the record that was transmitted on her behalf. The chairman responded that he did not read letters, that is fine if that is his determination while in session, but a review of the minutes shows that the letter sentence support did not make it to the record per this citizens request. Why? (Please note that nothing in this section is intended to speak to the wider personnel matter under determination by the town of Londonderry.) This is solely and simply an inquiry into the practice of citizen requests for correspondence to be appended to Council Minutes.

I welcome corrections from Mr malagudi but a review of Town Council meeting minutes from the last 12 months does not produce any examples of emails from citizens that were appended to the meeting record.

I and greatly concerned that citizen inquiries and correspondence are not making it to the official record of the town of londonderry.

Could you advise as to why no citizen correspondence is being appended to minutes or included anywhere in official record?

I request a constructive response to the inquiry within a few business days.

Very respectfully
Jonathan Esposito

**Subject:** Minutes to Council Meeting

Please add this addition to the council minutes relative to addressing the voting pen issue post public comment.

I object to the false statement by John Farrell that the ballots never leave police presence. We have documented and reported election discrepancies regarding ballot transport in the last 5 voting years.

**Subject:** Re: Minutes to Council Meeting

Good morning esteemed council members, Mr. Malaguti.

I am following up on the below email from October 17th, 2022, but also placing a wider General inquiry.

Below I documented a response to a statement made by the Town Council chair while in session, and requested that my email correspondence with my statement be appended to the minutes for the meeting.

I could not help but notice upon reviewing the minutes from this town council meeting on October 17th 2022, that my email correspondence was not included as I specifically requested as a tax paying citizen.

I am also aware of other instances in which state representative Kristine Perez has asked written statements she submitted to be included with Town Council meeting minutes.

I do believe citizen Laura Gandia asked the Council Chair to read a letter into the record that was transmitted on her behalf. The chairman responded that he did not read letters, that is fine if that is his determination while in session, but a review of the minutes shows that the letter sentence support did not make it to the record per this citizens request. Why? (Please note that nothing in this section is intended to speak to the wider personnel matter under determination by the town of Londonderry.) This is solely and simply an inquiry into the practice of citizen requests for correspondence to be appended to Council Minutes.

I welcome corrections from Mr malagudi but a review of Town Council meeting minutes from the last 12 months does not produce any examples of emails from citizens that were appended to the meeting record.

I and greatly concerned that citizen inquiries and correspondence are not making it to the official record of the town of londonderry.

Could you advise as to why no citizen correspondence is being appended to minutes or included anywhere in official record?

I request a constructive response to the inquiry within a few business days.

Very respectfully
Jonathan Esposito

It is about 8:17

Every Councilor including the Town Manager is paying attention to the fees presentation from the FD, except Chair Farrell who is kicked back in his chair on his cell phone for minutes at a time

This is a regular thing at meetings

It would be great if it wasn't

Respectfully submitted

**Subject:** Re: Budget Committee member Timothy Siekmann-citizen request for court petition to remove from office

Good morning school board chairman Slater,

I believe we corresponded on 7/23 and you stated that you were attempting to obtain a copy of the individuals bail conditions. I do not believe I received a follow-on update from you but you are busy and that is no problem.

My greatest concern, and the primary reason why I continue to copy all levels of leadership as well as various journalism outlets, is that while I see that bail conditions have been set for Mr Siekmann, they do not explicitly make any provision that he cannot be on school district property. I have attached a copy of his conditions here, and as you noted, they simply state that he is not authorized to have direct or indirect contact with an individual under the age of 18. If we are speaking in strict terms of the law, It would appear that technically he could tour the school district on August 24th, as he is still currently scheduled to do, as long as he does not come into direct or indirect contact with any minors while on the property.

Could you kindly clarify, Mr Chairman, What steps the Londonderry School District and the town of Londonderry have proactively taken to ensure that this individual will not be present for the budget committee tour on August 24th? Because I do not believe that sitting on our hands and hoping he complies with his bail conditions is an appropriate posture, as I have already stated multiple times. That is hardly taking proactive steps to ensure that the school district is still able to give wings to children's dreams, per the district motto.

Every day that this individual remains a member of our budget committee is a tacit endorsement by the town of Londonderry AND the Londonderry School District/SAU 12, a statement that we still entrust this individual with the public good as a fiduciary for the Town.

Jonathan Esposito
Londonderry

Hi Jonathan,
I just want to remind that on 7/23 I responded to your prior email concerning Mr. Siekmann and explained that one of the conditions of Mr. Siekmann's bail release is that he shall have no contact, direct or indirect, with a person under the age of 18. This has been confirmed.

Sincerely,
Bob Slater
School board member

**Subject:** Re: Budget Committee member Timothy Siekmann-citizen request for court petition to remove from office

It is August 1st. We are approximately 23 days until an individual accused of child sex crimes is scheduled to tour my child's school District as part of his official role on the Town of Londonderry's budget committee.

As of today's date I have received no response from either the school board, the school district superintendent team, or the Town Council or Town Manager regarding what constructive steps have been taken (not brainstorming, actual steps) to protect our Schools and children.

The Town did not bother to reply to my petition requesting that we seek Superior Court action in removing this individual from office.

I hope journalists copied will take note of this significant leadership failure in our community to protect our most valuable resource-our children.

Jonathan Esposito

**Subject:** Budget Committee member Timothy Siekmann-citizen request for court petition to remove from office

Good morning,

Contrary to the town's public statement as reflected in the article of the Eagle Tribune among several others;

While the town may not have the unilateral authority to dismiss the elected budget committee member Tim Siekmann from his public office, the town DOES enjoy the right to petition county court for such dismissal, and therefore does enjoy some right of redress. I did not see that noted in the statement from the town and I wonder if the town conveniently left it out. Please see the applicable NH law below:

RSA 42:1 Oath Required. – Every town officer shall make and subscribe the oath or declaration as prescribed by part 2, article 84 of the constitution of New Hampshire and *any such person who violates said oath after taking the same shall be forthwith dismissed from the office involved*

It is my petition and request as a citizen of the town, a property owner and parent of three children in this District, that said petition for removal from office be made to Rockingham County Court by the town of Londonderry, to dismiss budget committee member Timothy Siekmann for violation of his Budget Committee oath of office.

His attached both of office, signed off by Town Clerk Sherry Farrell, states that he will faithfully and impartially discharge all duties incumbent upon him as a member of the Londonderry Budget committee.

One of the duties of the Londonderry budget committee is to closely work with and advise the school district, and the budget committee is irretrievably intertwined with the school district warrant article process and the voter deliberative session that occurs every year.

Although all individuals are presumed innocent until proven guilty, the very nature of the child sex crimes that Timothy Siekmann has been accused of, and the fact that the Courts found such accusations as to be credible enough to prosecute carry significant weight in and of themselves.

Until such a time as a court ultimately dispositions Mr. Siekmanns case, I charge that he *cannot reasonably uphold any of the 3 tenets of a fiduciary agent* on behalf of the School District OR the Town of Londonderry.

The charges he is facing call into question his ability to exercise a duty of care, regarding prudent judgment and decision making as a public official in the community.

The charges he is facing call into question his ability to exercise a duty of loyalty; someone accused of child sex crimes cannot be presumed to reasonably be upholding the interests of the School District, which ultimately has the welfare and goodness of students at heart; these criminal charges are directly antithetical to the mission of the Londonderry School District

And lastly, the charges against him call into question his ability to exercise a duty of obedience, as he cannot reasonably participate in required budget committee activities scheduled to physically occur on school district property on August 24th 2023 according to the official town calendar.

I have communicated with the school district to see if they were going to advise on a no trespass order, to ensure that this fiduciary agent facing child sex charges will not be present at the budget committee walkthrough on the 24th; I received an unsubstantial reply from the school district so it appears my town must take the lead in protecting our children.

Please advise in writing if the town will be filing this petition, as there IS an opportunity for redress that the Town enjoys under New Hampshire law. If the county court does not agree that child sex charges compromise his ability to be a budget committee member for the school district, then they are welcome to reject the Town's petition. If the Town chooses not to file this petition, it is going to have to explain to the voters and the public why.

**Subject:** Re: Budget Committee member Timothy Siekmann-citizen request for court petition to remove from office

It is August 1st. We are approximately 23 days until an individual accused of child sex crimes is scheduled to tour my child's school District as part of his official role on the Town of Londonderry's budget committee.

As of today's date I have received no response from either the school board, the school district superintendent team, or the Town Council or Town Manager regarding what constructive steps have been taken (not brainstorming, actual steps) to protect our Schools and children.

The Town did not bother to reply to my petition requesting that we seek Superior Court action in removing this individual from office.

I hope journalists copied will take note of this significant leadership failure in our community to protect our most valuable resource-our children.

**Subject:** Budget Committee member Timothy Siekmann-citizen request for court petition to remove from office

Good morning,

Contrary to the town's public statement as reflected in the article of the Eagle Tribune among several others;

While the town may not have the unilateral authority to dismiss the elected budget committee member Tim Siekmann from his public office, the town DOES enjoy the right to petition county court for such dismissal, and therefore does enjoy some right of redress. I did not see that noted in the statement from the town and I wonder if the town conveniently left it out. Please see the applicable NH law below:

RSA 42:1 Oath Required. – Every town officer shall make and subscribe the oath or declaration as prescribed by part 2, article 84 of the constitution of New Hampshire and *any such person who violates said oath after taking the same shall be forthwith dismissed from the office involved*

It is my petition and request as a citizen of the town, a property owner and parent of three children in this District, that said petition for removal from office be made to Rockingham County Court by the town of Londonderry, to dismiss budget committee member Timothy Siekmann for violation of his Budget Committee oath of office.

His attached both of office, signed off by Town Clerk Sherry Farrell, states that he will faithfully and impartially discharge all duties incumbent upon him as a member of the Londonderry Budget committee.

One of the duties of the Londonderry budget committee is to closely work with and advise the school district, and the budget committee is irretrievably intertwined with the school district warrant article process and the voter deliberative session that occurs every year.

Although all individuals are presumed innocent until proven guilty, the very nature of the child sex crimes that Timothy Siekmann has been accused of, and the fact that the Courts found such accusations as to be credible enough to prosecute carry significant weight in and of themselves.

Until such a time as a court ultimately dispositions Mr. Siekmanns case, I charge that he *cannot reasonably uphold any of the 3 tenets of a fiduciary agent* on behalf of the School District OR the Town of Londonderry.

The charges he is facing call into question his ability to exercise a duty of care, regarding prudent judgment and decision making as a public official in the community.

The charges he is facing call into question his ability to exercise a duty of loyalty; someone accused of child sex crimes cannot be presumed to reasonably be upholding the interests of the School District, which ultimately has the welfare and goodness of students at heart; these criminal charges are directly antithetical to the mission of the Londonderry School District

And lastly, the charges against him call into question his ability to exercise a duty of obedience, as he cannot reasonably participate in required budget committee activities scheduled to physically occur on school district property on August 24th 2023 according to the official town calendar.

I have communicated with the school district to see if they were going to advise on a no trespass order, to ensure that this fiduciary agent facing child sex charges will not be present at the budget committee walkthrough on the 24th; I received an unsubstantial reply from the school district so it appears my town must take the lead in protecting our children.

Please advise in writing if the town will be filing this petition, as there IS an opportunity for redress that the Town enjoys under New Hampshire law. If the county court does not agree that child sex charges compromise his ability to be a budget committee member for the school district, then they are welcome to reject the Town's petition. If the Town chooses not to file this petition, it is going to have to explain to the voters and the public why.

**Subject:** Re: Budget Committee member Timothy Siekmann-citizen request for court petition to remove from office

Good morning school board chairman Slater,

I believe we corresponded on 7/23 and you stated that you were attempting to obtain a copy of the individuals bail conditions. I do not believe I received a follow-on update from you but you are busy and that is no problem.

My greatest concern, and the primary reason why I continue to copy all levels of leadership as well as various journalism outlets, is that while I see that bail conditions have been set for Mr Siekmann, they do not explicitly make any provision that he cannot be on school district property. I have attached a copy of his conditions here, and as you noted, they simply state that he is not authorized to have direct or indirect contact with an individual under the age of 18. If we are speaking in strict terms of the law, It would appear that technically he could tour the school district on August 24th, as he is still currently scheduled to do, as long as he does not come into direct or indirect contact with any minors while on the property.

Could you kindly clarify, Mr Chairman, What steps the Londonderry School District and the town of Londonderry have proactively taken to ensure that this individual will not be present for the budget committee tour on August 24th? Because I do not believe that sitting on our hands and hoping he complies with his bail conditions is an appropriate posture, as I have already stated multiple times. That is hardly taking proactive steps to ensure that the school district is still able to give wings to children's dreams, per the district motto.

Every day that this individual remains a member of our budget committee is a tacit endorsement by the town of Londonderry AND the Londonderry School District/SAU 12, a statement that we still entrust this individual with the public good as a fiduciary for the Town.

**Subject:** Budget Committee member Timothy Siekmann-citizen request for court petition to remove from office

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good morning school board chairman Slater,

I believe we corresponded on 7/23 and you stated that you were attempting to obtain a copy of the individuals bail conditions. I do not believe I received a follow-on update from you but you are busy and that is no problem.

My greatest concern, and the primary reason why I continue to copy all levels of leadership as well as various journalism outlets, is that while I see that bail conditions have been set for Mr Siekmann, they do not explicitly make any provision that he cannot be on school district property. I have attached a copy of his conditions here, and as you noted, they simply state that he is not authorized to have direct or indirect contact with an individual under the age of 18. If we are speaking in strict terms of the law, It would appear that technically he could tour the school district on August 24th, as he is still currently scheduled to do, as long as he does not come into direct or indirect contact with any minors while on the property.

Could you kindly clarify, Mr Chairman, What steps the Londonderry School District and the town of Londonderry have proactively taken to ensure that this individual will not be present for the budget committee tour on August 24th? Because I do not believe that sitting on our hands and hoping he complies with his bail conditions is an appropriate posture, as I have already stated multiple times. That is hardly taking proactive steps to ensure that the school district is still able to give wings to children's dreams, per the district motto.

Every day that this individual remains a member of our budget committee is a tacit endorsement by the town of Londonderry AND the Londonderry School District/SAU 12, a statement that we still entrust this individual with the public good as a fiduciary for the Town.

Jonathan Esposito
Londonderry

Hi Jonathan,
I just want to remind that on 7/23 I responded to your prior email concerning Mr. Siekmann and explained that one of the conditions of Mr. Siekmann's bail release is that he shall have no contact, direct or indirect, with a person under the age of 18. This has been confirmed.

Sincerely,
Bob Slater
School board member

**Subject:** Re: Budget Committee member Timothy Siekmann-citizen request for court petition to remove from office

It is August 1st. We are approximately 23 days until an individual accused of child sex crimes is scheduled to tour my child's school District as part of his official role on the Town of Londonderry's budget committee.

As of today's date I have received no response from either the school board, the school district superintendent team, or the Town Council or Town Manager regarding what constructive steps have been taken (not brainstorming, actual steps) to protect our Schools and children.

The Town did not bother to reply to my petition requesting that we seek Superior Court action in removing this individual from office.

I hope journalists copied will take note of this significant leadership failure in our community to protect our most valuable resource-our children.

**Subject:** Budget Committee member Timothy Siekmann-citizen request for court petition to remove from office

Good morning,

Contrary to the town's public statement as reflected in the article of the Eagle Tribune among several others;

While the town may not have the unilateral authority to dismiss the elected budget committee member Tim Siekmann from his public office, the town DOES enjoy the right to petition county court for such dismissal, and therefore does enjoy some right of redress. I did not see that noted in the statement from the town and I wonder if the town conveniently left it out. Please see the applicable NH law below:

RSA 42:1 Oath Required. – Every town officer shall make and subscribe the oath or declaration as prescribed by part 2, article 84 of the constitution of New Hampshire and *any such person who violates said oath after taking the same shall be forthwith dismissed from the office involved*

It is my petition and request as a citizen of the town, a property owner and parent of three children in this District, that said petition for removal from office be made to Rockingham County Court by the town of Londonderry, to dismiss budget committee member Timothy Siekmann for violation of his Budget Committee oath of office.

His attached both of office, signed off by Town Clerk Sherry Farrell, states that he will faithfully and impartially discharge all duties incumbent upon him as a member of the Londonderry Budget committee.

One of the duties of the Londonderry budget committee is to closely work with and advise the school district, and the budget committee is irretrievably intertwined with the school district warrant article process and the voter deliberative session that occurs every year.

Although all individuals are presumed innocent until proven guilty, the very nature of the child sex crimes that Timothy Siekmann has been accused of, and the fact that the Courts found such accusations as to be credible enough to prosecute carry significant weight in and of themselves.

Until such a time as a court ultimately dispositions Mr. Siekmanns case, I charge that he *cannot reasonably uphold any of the 3 tenets of a fiduciary agent* on behalf of the School District OR the Town of Londonderry.

The charges he is facing call into question his ability to exercise a duty of care, regarding prudent judgment and decision making as a public official in the community.

The charges he is facing call into question his ability to exercise a duty of loyalty; someone accused of child sex crimes cannot be presumed to reasonably be upholding the interests of the School District, which ultimately has the welfare and goodness of students at heart; these criminal charges are directly antithetical to the mission of the Londonderry School District

And lastly, the charges against him call into question his ability to exercise a duty of obedience, as he cannot reasonably participate in required budget committee activities scheduled to physically occur on school district property on August 24th 2023 according to the official town calendar.

I have communicated with the school district to see if they were going to advise on a no trespass order, to ensure that this fiduciary agent facing child sex charges will not be present at the budget committee walkthrough on the 24th; I received an unsubstantial reply from the school district so it appears my town must take the lead in protecting our children.

Please advise in writing if the town will be filing this petition, as there IS an opportunity for redress that the Town enjoys under New Hampshire law. If the county court does not agree that child sex charges compromise his ability to be a budget committee member for the school district, then they are welcome to reject the Town's petition. If the Town chooses not to file this petition, it is going to have to explain to the voters and the public why.

The charges he is facing call into question his ability to exercise a duty of loyalty; someone accused of child sex crimes cannot be presumed to reasonably be upholding the interests of the School District, which ultimately has the welfare and goodness of students at heart; these criminal charges are directly antithetical to the mission of the Londonderry School District

And lastly, the charges against him call into question his ability to exercise a duty of obedience, as he cannot reasonably participate in required budget committee activities scheduled to physically occur on school district property on August 24th 2023 according to the official town calendar.

I have communicated with the school district to see if they were going to advise on a no trespass order, to ensure that this fiduciary agent facing child sex charges will not be present at the budget committee walkthrough on the 24th; I received an unsubstantial reply from the school district so it appears my town must take the lead in protecting our children.

Please advise in writing if the town will be filing this petition, as there IS an opportunity for redress that the Town enjoys under New Hampshire law. If the county court does not agree that child sex charges compromise his ability to be a budget committee member for the school district, then they are welcome to reject the Town's petition. If the Town chooses not to file this petition, it is going to have to explain to the voters and the public why.

**Subject:** Budget Committee member Timothy Siekmann-citizen request for court petition to remove from office

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

It is August 1st. We are approximately 23 days until an individual accused of child sex crimes is scheduled to tour my child's school District as part of his official role on the Town of Londonderry's budget committee.

As of today's date I have received no response from either the school board, the school district superintendent team, or the Town Council or Town Manager regarding what constructive steps have been taken (not brainstorming, actual steps) to protect our Schools and children.

The Town did not bother to reply to my petition requesting that we seek Superior Court action in removing this individual from office.

I hope journalists copied will take note of this significant leadership failure in our community to protect our most valuable resource-our children.

**Subject:** Budget Committee member Timothy Siekmann-citizen request for court petition to remove from office

Good morning,

Contrary to the town's public statement as reflected in the article of the Eagle Tribune among several others;

While the town may not have the unilateral authority to dismiss the elected budget committee member Tim Siekmann from his public office, the town DOES enjoy the right to petition county court for such dismissal, and therefore does enjoy some right of redress. I did not see that noted in the statement from the town and I wonder if the town conveniently left it out. Please see the applicable NH law below:

RSA 42:1 Oath Required. – Every town officer shall make and subscribe the oath or declaration as prescribed by part 2, article 84 of the constitution of New Hampshire and *any such person who violates said oath after taking the same shall be forthwith dismissed from the office involved*

It is my petition and request as a citizen of the town, a property owner and parent of three children in this District, that said petition for removal from office be made to Rockingham County Court by the town of Londonderry, to dismiss budget committee member Timothy Siekmann for violation of his Budget Committee oath of office.

His attached both of office, signed off by Town Clerk Sherry Farrell, states that he will faithfully and impartially discharge all duties incumbent upon him as a member of the Londonderry Budget committee.

One of the duties of the Londonderry budget committee is to closely work with and advise the school district, and the budget committee is irretrievably intertwined with the school district warrant article process and the voter deliberative session that occurs every year.

Although all individuals are presumed innocent until proven guilty, the very nature of the child sex crimes that Timothy Siekmann has been accused of, and the fact that the Courts found such accusations as to be credible enough to prosecute carry significant weight in and of themselves.

Until such a time as a court ultimately dispositions Mr. Siekmanns case, I charge that he *cannot reasonably uphold any of the 3 tenets of a fiduciary agent* on behalf of the School District OR the Town of Londonderry.

The charges he is facing call into question his ability to exercise a duty of care, regarding prudent judgment and decision making as a public official in the community.

The charges he is facing call into question his ability to exercise a duty of loyalty; someone accused of child sex crimes cannot be presumed to reasonably be upholding the interests of the School District, which ultimately has the welfare and goodness of students at heart; these criminal charges are directly antithetical to the mission of the Londonderry School District

Admin question (sorry to be that guy and ask questions that make work, I could have asked Doug) Do I need to fill out an Acceptable Use Policy form? I do not intend on using this email for anything other than Trustee purposes, and I know from this past election that Mike is pretty…easygoing when it comes to questions of what is acceptable use, but I imagine I should still have one on file for propriety.

Advise at your earliest? Last email from me for the day.

Very respectfully,

Good Afternoon,

I sent the meeting e-mail update to both of the e-mail addresses I have. I was not sure if there were any issues with the LondonderryNH e-mail address, and wanted to verify you received the update. Once I know that your LondonderryNH address is all set I will utilize that one going forward, or try to include that one in any correspondence.

I also will be reaching out to IT to update your contact information on the website to include the e-mail address. While I was able to learn how to address other issues in posting we discussed, I unfortunately have not been able to quickly learn how to update that piece of information and do not currently have the time to research it.

Thank you,

Good morning,

Contrary to the town's public statement as reflected in the article of the Eagle Tribune among several others;

While the town may not have the unilateral authority to dismiss the elected budget committee member Tim Siekmann from his public office, the town DOES enjoy the right to petition county court for such dismissal, and therefore does enjoy some right of redress. I did not see that noted in the statement from the town and I wonder if the town conveniently left it out. Please see the applicable NH law below:

RSA 42:1 Oath Required. – Every town officer shall make and subscribe the oath or declaration as prescribed by part 2, article 84 of the constitution of New Hampshire and *any such person who violates said oath after taking the same shall be forthwith dismissed from the office involved*

It is my petition and request as a citizen of the town, a property owner and parent of three children in this District, that said petition for removal from office be made to Rockingham County Court by the town of Londonderry, to dismiss budget committee member Timothy Siekmann for violation of his Budget Committee oath of office.

His attached both of office, signed off by Town Clerk Sherry Farrell, states that he will faithfully and impartially discharge all duties incumbent upon him as a member of the Londonderry Budget committee.

One of the duties of the Londonderry budget committee is to closely work with and advise the school district, and the budget committee is irretrievably intertwined with the school district warrant article process and the voter deliberative session that occurs every year.

Although all individuals are presumed innocent until proven guilty, the very nature of the child sex crimes that Timothy Siekmann has been accused of, and the fact that the Courts found such accusations as to be credible enough to prosecute carry significant weight in and of themselves.

Until such a time as a court ultimately dispositions Mr. Siekmanns case, I charge that he *cannot reasonably uphold any of the 3 tenets of a fiduciary agent* on behalf of the School District OR the Town of Londonderry.

The charges he is facing call into question his ability to exercise a duty of care, regarding prudent judgment and decision making as a public official in the community.

The charges he is facing call into question his ability to exercise a duty of loyalty; someone accused of child sex crimes cannot be presumed to reasonably be upholding the interests of the School District, which ultimately has the welfare and goodness of students at heart; these criminal charges are directly antithetical to the mission of the Londonderry School District

And lastly, the charges against him call into question his ability to exercise a duty of obedience, as he cannot reasonably participate in required budget committee activities scheduled to physically occur on school district property on August 24th 2023 according to the official town calendar.

I have communicated with the school district to see if they were going to advise on a no trespass order, to ensure that this fiduciary agent facing child sex charges will not be present at the budget committee walkthrough on the 24th; I received an unsubstantial reply from the school district so it appears my town must take the lead in protecting our children.

Please advise in writing if the town will be filing this petition, as there IS an opportunity for redress that the Town enjoys under New Hampshire law. If the county court does not agree that child sex charges compromise his ability to be a budget committee member for the school district, then they are welcome to reject the Town's petition. If the Town chooses not to file this petition, it is going to have to explain to the voters and the public why.

From the Londonderry Patch

Timothy Siekmann was arrested on Thursday on 15 felony counts accused of possessing child pornography. He was held on preventive detention.

Tony Schinella, Patch Staff

Posted Fri, Jul 14, 2023 at 2:29 pm ET | Updated Fri, Jul 14, 2023 at 2:48 pm ET

LONDONDERRY, NH — A Londonderry budget committee member from an active political family in town was arrested on Thursday on 15 felony counts of possessing child sexual abuse images.

Timothy Siekmann, 60, of Hovey Road in Londonderry, was arrested on a warrant at 9:54 a.m. on Thursday.

The case against Siekmann started in early August 2022 after a detective with the Derry Police Department received a cyber tip from the Internet Crimes Against Children Task Force about three files uploaded via a Microsoft Bing Image peer-to-peer client server around 3:45 a.m. on June 3, 2022. The internet protocol address for the service provider was Consolidated Communications in Derry. The files, an affidavit said, were locked and required a search warrant.

The detective filed a request for a search warrant, and it was approved, confirming the photos were child pornography, a report said.

Another search warrant was requested of the service provider, which a judge also approved. The affidavit said it led to an account belonging to Siekmann on Hovey Road in Londonderry. The Derry detective reassigned the investigation to the Londonderry police for follow-up, the report stated.

A Londonderry detective requested a search warrant of Siekmann's home on March 9. The Derry detective was also at the house, the report said. During an interview, the detective wrote in an affidavit, "Siekmann did not admit to possessing child sexual abuse material." The report said he confirmed he had a work computer and cellphone in a den at the home.

The detective said the work laptop had a solid-state drive attached to it, and he ran a disk image duplication of the hard drive. The detective said after searching, he found "numerous child sexual abuse material in a downloads folder," according to the affidavit. The report said the images involved girls from 2 to 9 years of age.

A warrant was issued for Siekmann's arrest on July 7, and he was arrested at home on Thursday. He faces up to 20 years in jail.

LONDONDERRY, NH — A Londonderry budget committee member from an active political family in town was arrested on Thursday on 15 felony counts of possessing child sexual abuse images.

Timothy Siekmann, 60, of Hovey Road in Londonderry, was arrested on a warrant at 9:54 a.m. on Thursday.

The case against Siekmann started in early August 2022 after a detective with the Derry Police Department received a cyber tip from the Internet Crimes Against Children Task Force about three files uploaded via a Microsoft Bing Image peer-to-peer client server around 3:45 a.m. on June 3, 2022. The internet protocol address for the service provider was Consolidated Communications in Derry. The files, an affidavit said, were locked and required a search warrant.

The detective filed a request for a search warrant, and it was approved, confirming the photos were child pornography, a report said.

Another search warrant was requested of the service provider, which a judge also approved. The affidavit said it led to an account belonging to Siekmann on Hovey Road in Londonderry. The Derry detective reassigned the investigation to the Londonderry police for follow-up, the report stated.

A Londonderry detective requested a search warrant of Siekmann's home on March 9. The Derry detective was also at the house, the report said. During an interview, the detective wrote in an affidavit, "Siekmann did not admit to possessing child sexual abuse material." The report said he confirmed he had a work computer and cellphone in a den at the home.

The detective said the work laptop had a solid-state drive attached to it, and he ran a disk image duplication of the hard drive. The detective said after searching, he found "numerous child sexual abuse material in a downloads folder," according to the affidavit. The report said the images involved girls from 2 to 9 years of age.

A warrant was issued for Siekmann's arrest on July 7, and he was arrested at home on Thursday. He faces up to 20 years in jail.

Timothy Siekmann was arrested on Thursday on 15 felony counts accused of possessing child pornography. He was held on preventive detention.

Tony Schinella, Patch Staff

Posted Fri, Jul 14, 2023 at 2:29 pm ET | Updated Fri, Jul 14, 2023 at 2:48 pm ET

LONDONDERRY, NH — A Londonderry budget committee member from an active political family in town was arrested on Thursday on 15 felony counts of possessing child sexual abuse images.

Timothy Siekmann, 60, of Hovey Road in Londonderry, was arrested on a warrant at 9:54 a.m. on Thursday.

The case against Siekmann started in early August 2022 after a detective with the Derry Police Department received a cyber tip from the Internet Crimes Against Children Task Force about three files uploaded via a Microsoft Bing Image peer-to-peer client server around 3:45 a.m. on June 3, 2022. The internet protocol address for the service provider was Consolidated Communications in Derry. The files, an affidavit said, were locked and required a search warrant.

The detective filed a request for a search warrant, and it was approved, confirming the photos were child pornography, a report said.

Another search warrant was requested of the service provider, which a judge also approved. The affidavit said it led to an account belonging to Siekmann on Hovey Road in Londonderry. The Derry detective reassigned the investigation to the Londonderry police for follow-up, the report stated.

A Londonderry detective requested a search warrant of Siekmann's home on March 9. The Derry detective was also at the house, the report said. During an interview, the detective wrote in an affidavit, "Siekmann did not admit to possessing child sexual abuse material." The report said he confirmed he had a work computer and cellphone in a den at the home.

The detective said the work laptop had a solid-state drive attached to it, and he ran a disk image duplication of the hard drive. The detective said after searching, he found "numerous child sexual abuse material in a downloads folder," according to the affidavit. The report said the images involved girls from 2 to 9 years of age.

A warrant was issued for Siekmann's arrest on July 7, and he was arrested at home on Thursday. He faces up to 20 years in jail.

**Subject:** [New post] Londonderry Patch: Londonderry Budget Comm. Member Faces Child Sexual Abuse Image Charges

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

As I recall from August 2022, Chair Farrell and Town Manager Malaguti had a statement published within less than 24 hours of the old home day parade, condemning the Confederate flag that was a fixed to a vehicle and insinuating that it was a product of political candidate Bolducs campaign

It has been about 24 hours since the patch broke the news of the arrest, and 48 hours since the arrest itself.

I am assuming we will promptly see a statement from the town upon Mr Malaguti's return? I am surprised chair Farrell has not released one already given his penchant for trying to control the narrative.

Just as a clarification to earlier, to ensure that there was no mistake:

While Mr Chairman may consider the thread closed as far as future replies from the council, I still await a full answer and clarification from town manager malaguti on the three items I originally inquired about. The thread is not closed in the regards that I am still seeking clarification from the town manager upon his return to office.

I will give a reasonable amount of time following his return to office and then if no answer is forthcoming We will revert to 91A. Hopefully the Council can avoid incurring those additional expenses on behalf of the town.

**Subject:** Re: Town Council rules of order

Contrary to the assertion that no minutes would be created, I am requesting that this email thread be added to the minutes of last night's council meeting. As the town manager has been especially arbitrary in his inclusion of email traffic, as I pointed out regarding minutes for council meetings during calendar year 2022, it would be appropriate for you to be more inclusive on behalf of the municipality as opposed to less, Mr chairman.

Thank you

Jonathan

**Cc:** Kirby Brown
**Subject:** Re: Town Council rules of order

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Thank you for your response Chairman Farrell

No interpretation of a public meeting is intended and thank you for your clarification. Thank you for also clarifying that public business is conducted at public meetings and not through email. Unfortunately, as under your leadership the Londonderry Town Council has significantly restricted the opportunity and right of citizens to be heard at public meetings, conversations will continue with the town as a municipality as necessary to appropriately seek redress.

I am in receipt of your copies of The Town Council rules of order that were originally adopted in 2018, as well as the word document as they exist currently. These are the same rules that former chairman Tom Dolan declared to be aspirational but unenforceable.

I do believe I requested to know, per the town charter, at what public meeting the current session of the Town Council voted to adopt these rules.

As per public statements made by yourself as the chairman previously, a prior session of the town council cannot encumber the new session, and therefore these rules being adopted in 2018 would not be binding on this most recent session of the council unless they were readopted at the reorganization meeting within 10 days of the most recent town election.

As these rules were not voted on at the reorganization meeting in March of 2023, they would have to have been voted on by this current session of the Council, that includes Councillors Combes and Dunn, in order to be binding on citizens.

I will await further clarification from the town manager as to on what date the current session of the council beginning March 23 adopted these rules, and as to what the vote tally was to adopt them per the town charter. I have a feeling no such vote has occurred since March 2023.

I will also await the accounts payable documents backing up the claims of multiple advisement under Council that your rules are in fact binding on the new session of the council because this would contradict previous statements that you have made.

I will also await the town managers clarification on the inappropriate restriction of public comment prior to the licensing agenda item and vote on July 10th 2023.

Thank you again for your response Mr. Chairman.

My copying of the entire council in this response is simply to ensure widest dissemination, and as you noted does not in any way constitute or attempt to constitute conducting a public meeting.

I would add one final note-I would have simply ended my remarks requesting that you conduct public comment in a more favorable manner, had you not taken to scowling down at me from your podium. I was not in any way out of order declaring that you needed to conduct yourself with more decorum and to remove the extremely displeased scowl from your visage. This is not the first time that I have addressed a shocking lack of decorum from those who, volunteer or not, are servants and beholden to the public.

As far as I am concerned, you can sit there and put a smile on your face and play nice just like everyone else who serves the public.

If you find that you are unable to restrain your personal displeasure from the professional conduct of your town office at a public meeting, a resignation may be in order.

I will await Mr malaguti's return.

Jonathan Esposito

**Subject:** Re: Town Council rules of order

Good afternoon

Michael Malaguti is on vacation until July 17, 2023.

The Town Council will take your comments under advisement we only conduct meetings in public and will not be responding to your mail in detail.

Please do not reply all or reply to this mail as that communication would be inappropriate and possibly constitute a meeting.

The Town Council does not meet privately with citizens to address public matters. We don't continue conversations from the night before. Many of your statements below are based on your interpretations and opinions as previously stated we will take them under advisement.

With regard to the Town Council's Rules this has been answered multiple times since their adoption after months of public discussions. The Town Manager most recently responded to Glenn Douglas in March of 2023.

As a courtesy I have attached the documents provided to him. You may want to contact Mr. Douglas for any additional communications, possibly he has already shared this with you. Perhaps you should check your records.

Any other items the Town Manager may or may not chose to respond and this may or may not happen upon his return from vacation.

To be extremely clear the Town Council conducts their business in the Town Council Chambers not on email. We will not be responding to anything further on this email thread as that could be view as a meeting.

Thank you

John Farrell
Chairman, Londonderry Town Council

**To:** Michael Malaguti; TownCouncil
**Subject:** Town Council rules of order

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Good afternoon

Continuing last night's conversation, as I do not believe the Tom Council chairman was correct in stating that I misinterpret the charter:

1. Could the town kindly advise on what date and at what meeting the town council voted to accept the current rules of order purported by Chairman Farrell? I recall no such vote, only chairman Farrell announcing them prior to public comment at the meeting following the reorganization. As chairman Farrell is not empowered to unilaterally determine the council rules of order, can you kindly also confirm per the charter what the vote tally was by name?

2. In lieu of a 91A request, could you kindly produce for me the AP invoices for the dates of consultation described by Mr chairman at the July 10th 2023 Meeting? In response to public comment by citizen Tom Estey, Mr Chairman stated that the console had consulted with attorneys "multiple times" and been advised to that their rules of order were in fact binding, even in light of the fact they were not voted on during the reorganization meeting.

I apologize that I cannot give you a more narrow time frame for the second request, it is not my goal to waste taxpayer resources but chairman Farrell was not clear on when these consultations occurred. I would assume that a reasonable date range would be March 14th 23 to July 19th 23.

3. Could the town confirm in writing whether or not public comment was due to be allowed before the conclusion of the licensing agenda item? I was not clear as one citizen was informed that public comment was not allowed and was then escorted out under claims he was unruly, but then after private consultation the council appeared to agree to allow public comment.

Please respond to these three inquiries within five working days if reasonably practical. I eagerly await your replies.

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Just as a clarification to earlier, to ensure that there was no mistake:

While Mr Chairman may consider the thread closed as far as future replies from the council, I still await a full answer and clarification from town manager malaguti on the three items I originally inquired about. The thread is not closed in the regards that I am still seeking clarification from the town manager upon his return to office.

I will give a reasonable amount of time following his return to office and then if no answer is forthcoming We will revert to 91A. Hopefully the Council can avoid incurring those additional expenses on behalf of the town.

**Subject:** Re: Town Council rules of order

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Thank you for your response Chairman Farrell

No interpretation of a public meeting is intended and thank you for your clarification. Thank you for also clarifying that public business is conducted at public meetings and not through email. Unfortunately, as under your leadership the Londonderry Town Council has significantly restricted the opportunity and right of citizens to be heard at public meetings, conversations will continue with the town as a municipality as necessary to appropriately seek redress.

I am in receipt of your copies of The Town Council rules of order that were originally adopted in 2018, as well as the word document as they exist currently. These are the same rules that former chairman Tom Dolan declared to be aspirational but unenforceable.

I do believe I requested to know, per the town charter, at what public meeting the current session of the Town Council voted to adopt these rules.

As per public statements made by yourself as the chairman previously, a prior session of the town council cannot encumber the new session, and therefore these rules being adopted in 2018 would not be binding on this most recent session of the council unless they were readopted at the reorganization meeting within 10 days of the most recent town election.

As these rules were not voted on at the reorganization meeting in March of 2023, they would have to have been voted on by this current session of the Council, that includes Councillors Combes and Dunn, in order to be binding on citizens.

I will await further clarification from the town manager as to on what date the current session of the council beginning March 23 adopted these rules, and as to what the vote tally was to adopt them per the town charter. I have a feeling no such vote has occurred since March 2023.

I will also await the accounts payable documents backing up the claims of multiple advisement under Council that your rules are in fact binding on the new session of the council because this would contradict previous statements that you have made.

I will also await the town managers clarification on the inappropriate restriction of public comment prior to the licensing agenda item and vote on July 10th 2023.

Thank you again for your response Mr. Chairman.

My copying of the entire council in this response is simply to ensure widest dissemination, and as you noted does not in any way constitute or attempt to constitute conducting a public meeting.

I would add one final note-I would have simply ended my remarks requesting that you conduct public comment in a more favorable manner, had you not taken to scowling down at me from your podium. **Subject:** Town Council rules of order

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Contrary to the assertion that no minutes would be created, I am requesting that this email thread be added to the minutes of last night's council meeting. As the town manager has been especially arbitrary in his inclusion of email traffic, as I pointed out regarding minutes for council meetings during calendar year 2022, it would be appropriate for you to be more inclusive on behalf of the municipality as opposed to less, Mr chairman.

Thank you

Jonathan

Thank you for your response Chairman Farrell

No interpretation of a public meeting is intended and thank you for your clarification. Thank you for also clarifying that public business is conducted at public meetings and not through email. Unfortunately, as under your leadership the Londonderry Town Council has significantly restricted the opportunity and right of citizens

to be heard at public meetings, conversations will continue with the town as a municipality as necessary to appropriately seek redress.

I am in receipt of your copies of The Town Council rules of order that were originally adopted in 2018, as well as the word document as they exist currently. These are the same rules that former chairman Tom Dolan declared to be aspirational but unenforceable.

I do believe I requested to know, per the town charter, at what public meeting the current session of the Town Council voted to adopt these rules.

As per public statements made by yourself as the chairman previously, a prior session of the town council cannot encumber the new session, and therefore these rules being adopted in 2018 would not be binding on this most recent session of the council unless they were readopted at the reorganization meeting within 10 days of the most recent town election.

As these rules were not voted on at the reorganization meeting in March of 2023, they would have to have been voted on by this current session of the Council, that includes Councillors Combes and Dunn, in order to be binding on citizens.

I will await further clarification from the town manager as to on what date the current session of the council beginning March 23 adopted these rules, and as to what the vote tally was to adopt them per the town charter. I have a feeling no such vote has occurred since March 2023.

I will also await the accounts payable documents backing up the claims of multiple advisement under Council that your rules are in fact binding on the new session of the council because this would contradict previous statements that you have made.

I will also await the town managers clarification on the inappropriate restriction of public comment prior to the licensing agenda item and vote on July 10th 2023.

Thank you again for your response Mr. Chairman.

My copying of the entire council in this response is simply to ensure widest dissemination, and as you noted does not in any way constitute or attempt to constitute conducting a public meeting.

I would add one final note-I would have simply ended my remarks requesting that you conduct public comment in a more favorable manner, had you not taken to scowling down at me from your podium. I was not in any way out of order declaring that you needed to conduct yourself with more decorum and to remove the extremely displeased scowl from your visage. This is not the first time that I have addressed a shocking lack of decorum from those who, volunteer or not, are servants and beholden to the public.

As far as I am concerned, you can sit there and put a smile on your face and play nice just like everyone else who serves the public.

If you find that you are unable to restrain your personal displeasure from the professional conduct of your town office at a public meeting, a resignation may be in order.

I will await Mr malaguti's return.

Jonathan Esposito

**Subject:** Re: Town Council rules of order

Good afternoon

Michael Malaguti is on vacation until July 17, 2023.

The Town Council will take your comments under advisement we only conduct meetings in public and will not be responding to your mail in detail.

Please do not reply all or reply to this mail as that communication would be inappropriate and possibly constitute a meeting.

The Town Council does not meet privately with citizens to address public matters. We don't continue conversations from the night before. Many of your statements below are based on your interpretations and opinions as previously stated we will take them under advisement.

With regard to the Town Council's Rules this has been answered multiple times since their adoption after months of public discussions. The Town Manager most recently responded to Glenn Douglas in March of 2023.

As a courtesy I have attached the documents provided to him. You may want to contact Mr. Douglas for any additional communications, possibly he has already shared this with you. Perhaps you should check your records.

Any other items the Town Manager may or may not chose to respond and this may or may not happen upon his return from vacation.

To be extremely clear the Town Council conducts their business in the Town Council Chambers not on email. We will not be responding to anything further on this email thread as that could be view as a meeting.

Thank you

John Farrell
Chairman, Londonderry Town Council

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Good afternoon

Continuing last night's conversation, as I do not believe the Tom Council chairman was correct in stating that I misinterpret the charter:

1. Could the town kindly advise on what date and at what meeting the town council voted to accept the current rules of order purported by Chairman Farrell? I recall no such vote, only chairman Farrell announcing them prior to public comment at the meeting following the reorganization. As chairman Farrell is not empowered to unilaterally determine the council rules of order, can you kindly also confirm per the charter what the vote tally was by name?

2. In lieu of a 91A request, could you kindly produce for me the AP invoices for the dates of consultation described by Mr chairman at the July 10th 2023 Meeting? In response to public comment by citizen Tom Estey, Mr Chairman stated that the console had consulted with attorneys "multiple times" and been advised to that their rules of order were in fact binding, even in light of the fact they were not voted on during the reorganization meeting.

I apologize that I cannot give you a more narrow time frame for the second request, it is not my goal to waste taxpayer resources but chairman Farrell was not clear on when these consultations occurred. I would assume that a reasonable date range would be March 14th 23 to July 19th 23.

3. Could the town confirm in writing whether or not public comment was due to be allowed before the conclusion of the licensing agenda item? I was not clear as one citizen was informed that public comment was not allowed and was then escorted out under claims he was unruly, but then after private consultation the council appeared to agree to allow public comment.

Please respond to these three inquiries within five working days if reasonably practical. I eagerly await your replies.

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Thank you for your response Chairman Farrell

No interpretation of a public meeting is intended and thank you for your clarification. Thank you for also clarifying that public business is conducted at public meetings and not through email. Unfortunately, as under your leadership the Londonderry Town Council has significantly restricted the opportunity and right of citizens to be heard at public meetings, conversations will continue with the town as a municipality as necessary to appropriately seek redress.

I am in receipt of your copies of The Town Council rules of order that were originally adopted in 2018, as well as the word document as they exist currently. These are the same rules that former chairman Tom Dolan declared to be aspirational but unenforceable.

I do believe I requested to know, per the town charter, at what public meeting the current session of the Town Council voted to adopt these rules.

As per public statements made by yourself as the chairman previously, a prior session of the town council cannot encumber the new session, and therefore these rules being adopted in 2018 would not be binding on this most recent session of the council unless they were readopted at the reorganization meeting within 10 days of the most recent town election.

As these rules were not voted on at the reorganization meeting in March of 2023, they would have to have been voted on by this current session of the Council, that includes Councillors Combes and Dunn, in order to be binding on citizens.

I will await further clarification from the town manager as to on what date the current session of the council beginning March 23 adopted these rules, and as to what the vote tally was to adopt them per the town charter. I have a feeling no such vote has occurred since March 2023.

I will also await the accounts payable documents backing up the claims of multiple advisement under Council that your rules are in fact binding on the new session of the council because this would contradict previous statements that you have made.

I will also await the town managers clarification on the inappropriate restriction of public comment prior to the licensing agenda item and vote on July 10th 2023.

Thank you again for your response Mr. Chairman.

My copying of the entire council in this response is simply to ensure widest dissemination, and as you noted does not in any way constitute or attempt to constitute conducting a public meeting.

I would add one final note-I would have simply ended my remarks requesting that you conduct public comment in a more favorable manner, had you not taken to scowling down at me from your podium. I was not in any way out of order

declaring that you needed to conduct yourself with more decorum and to remove the extremely displeased scowl from your visage. This is not the first time that I have addressed a shocking lack of decorum from those who, volunteer or not, are servants and beholden to the public.

As far as I am concerned, you can sit there and put a smile on your face and play nice just like everyone else who serves the public.

If you find that you are unable to restrain your personal displeasure from the professional conduct of your town office at a public meeting, a resignation may be in order.

I will await Mr malaguti's return.

Jonathan Esposito

**Subject:** Re: Town Council rules of order

Good afternoon

Michael Malaguti is on vacation until July 17, 2023.

The Town Council will take your comments under advisement we only conduct meetings in public and will not be responding to your mail in detail.

Please do not reply all or reply to this mail as that communication would be inappropriate and possibly constitute a meeting.

The Town Council does not meet privately with citizens to address public matters. We don't continue conversations from the night before. Many of your statements below are based on your interpretations and opinions as previously stated we will take them under advisement.

With regard to the Town Council's Rules this has been answered multiple times since their adoption after months of public discussions. The Town Manager most recently responded to Glenn Douglas in March of 2023.

As a courtesy I have attached the documents provided to him. You may want to contact Mr. Douglas for any additional communications, possibly he has already shared this with you. Perhaps you should check your records.

Any other items the Town Manager may or may not chose to respond and this may or may not happen upon his return from vacation.

To be extremely clear the Town Council conducts their business in the Town Council Chambers not on email. We will not be responding to anything further on this email thread as that could be view as a meeting.

Thank you

John Farrell
Chairman, Londonderry Town Council

Good afternoon

Continuing last night's conversation, as I do not believe the Tom Council chairman was correct in stating that I misinterpret the charter:

1. Could the town kindly advise on what date and at what meeting the town council voted to accept the current rules of order purported by Chairman Farrell? I recall no such vote, only chairman Farrell announcing them prior to public comment at the meeting following the reorganization. As chairman Farrell is not empowered to unilaterally determine the council rules of order, can you kindly also confirm per the charter what the vote tally was by name?

2. In lieu of a 91A request, could you kindly produce for me the AP invoices for the dates of consultation described by Mr chairman at the July 10th 2023 Meeting? In response to public comment by citizen Tom Estey, Mr Chairman stated that the console had consulted with attorneys "multiple times" and been advised to that their rules of order were in fact binding, even in light of the fact they were not voted on during the reorganization meeting.

I apologize that I cannot give you a more narrow time frame for the second request, it is not my goal to waste taxpayer resources but chairman Farrell was not clear on when these consultations occurred. I would assume that a reasonable date range would be March 14th 23 to July 19th 23.

3. Could the town confirm in writing whether or not public comment was due to be allowed before the conclusion of the licensing agenda item? I was not clear as one citizen was informed that public comment was not allowed and was then escorted out under claims he was unruly, but then after private consultation the council appeared to agree to allow public comment.

Please respond to these three inquiries within five working days if reasonably practical. I eagerly await your replies.

2. In lieu of a 91A request, could you kindly produce for me the AP invoices for the dates of consultation described by Mr chairman at the July 10th 2023 Meeting? In response to public comment by citizen Tom Estey, Mr Chairman stated that the console had consulted with attorneys "multiple times" and been advised to that their rules of order were in fact binding, even in light of the fact they were not voted on during the reorganization meeting.

I apologize that I cannot give you a more narrow time frame for the second request, it is not my goal to waste taxpayer resources but chairman Farrell was not clear on when these consultations occurred. I would assume that a reasonable date range would be March 14th 23 to July 19th 23.

3. Could the town confirm in writing whether or not public comment was due to be allowed before the conclusion of the licensing agenda item? I was not clear as one citizen was informed that public comment was not allowed and was then escorted out under claims he was unruly, but then after private consultation the council appeared to agree to allow public comment.

Please respond to these three inquiries within five working days if reasonably practical. I eagerly await your replies.

Good afternoon

Continuing last night's conversation, as I do not believe the Tom Council chairman was correct in stating that I misinterpret the charter:

1. Could the town kindly advise on what date and at what meeting the town council voted to accept the current rules of order purported by Chairman Farrell? I recall no such vote, only chairman Farrell announcing them prior to public comment at the meeting following the reorganization. As chairman Farrell is not empowered to unilaterally determine the council rules of order, can you kindly also confirm per the charter what the vote tally was by name?

2. In lieu of a 91A request, could you kindly produce for me the AP invoices for the dates of consultation described by Mr chairman at the July 10th 2023 Meeting? In response to public comment by citizen Tom Estey, Mr Chairman stated that the console had consulted with attorneys "multiple times" and been advised to that their rules of order were in fact binding, even in light of the fact they were not voted on during the reorganization meeting.

I apologize that I cannot give you a more narrow time frame for the second request, it is not my goal to waste taxpayer resources but chairman Farrell was not clear on when these consultations occurred. I would assume that a reasonable date range would be March 14th 23 to July 19th 23.

If the council is taking the position that the rules of order they adopted are in fact binding, then to quote Mr Chairman tonight, the rules are what they are. Meaning that they cannot simply be bent to the whim of the chairman for the purposes of expeditiously moving a public meeting along.

I would like this violation of the established Council rules of order to be documented for the public record and would like to request that Mr Chairman not violate them again by inappropriately limiting citizens time to spea,k as occurred at this evenings July 10th council meeting.

Good Afternoon,

I wanted to let everyone know that Cambridge has verified they are able to attend on Thursday July 20th, 2023 at 11:00 am. I have schedule the next meeting for that date. I have added it to the Town's calendar, created a Trustees calendar on the Trustees page, and added it as part of the display on the Trustees page. Next week after the holiday, when year end is over and beginning of year items have calmed down slightly, I will create the posting for the Library and Town Hall.

Thank you,

Good Afternoon,

I just sent the draft minutes, I unfortunately didn't see this e-mail before sending them..

For the turnaround time, I now it was within a couple hours and honestly sometime it will be longer due to how busy things can get. But when my lack of response could result in you having to drive to Town Hall for no reason, I do feel bad and am thankful that didn't occur in this situation.

Do you have time on Monday to give me a quick call. I have your password for you Londonderry e-mail address, however I don't like the idea of sending it via e-mail.

The remainder the of your LondonderryNH.org e-mail is as follows;

It can be accessed through: Webmail.londonderrynh.org

Your log in will be: [redacted]

Thank you and have a wonderful weekend.

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Two additional thoughts if I may trouble you

1. no issue on the turnaround time, you responded within a couple of hours, all is well what else can be expected of a busy office

2. If my tone seemed a bit irritable it is because I did not necessarily find my fellow trustees response to be the most helpful. That was not intended to be directed at you sir.

In lieu of attaching my email to the minutes, I am agreeable to a simple blurb stating that I was absent due to my scheduling error and that we discussed cross posting the meeting going forward for widest viz. I will defer to your discretion on that but I think that would be reasonable what's going on

Thank you again sir

**Subject:** RE: Trustee Meeting

Good Morning,

I'm sorry for not getting back to you sooner, I have been in a meeting and had a discussion with a member of the public who had some questions.

Jonathan, I would be happy to add your e-mail to the minutes for yesterday's meeting. I will send those out shortly. As for the confusion, I completely understand and there is nothing to forgive. We are all human and mix ups happen, as I stated in our previous meeting we will learn together on this and that is one of the reasons why I encouraged the training for everyone including the Cemetery trustees.

In terms of the notice of the meeting, I posted it on behalf of the Trustees on the Town Hall doors as well as in the Library. I do agree that not many individuals would go out of their way to come down to Town Hall or the Library to find this information. This is why I included it on the Town's calendar, I apologize for not thinking of adding it to the Trustee of the Trust Funds section. I was under the impression most citizens would review the Town Calendar on the main page to see when the meetings were scheduled. There is a section under the calendar that is for upcoming events which I believed would be reviewed for any upcoming meetings. Understanding now that the calendar is not the first-place all citizens would look for the meeting, we can learn from the experience and be sure to include it on the Trustee of Trust Funds page going forward. Thank you for bringing this to my attention so it can be rectified and the process can continue to be improved.

I believe the NHMA training they informed us that agendas were not required for Trustee meetings. I will review the training again to be sure I heard them correctly. Should it be determined by Trustees that an agenda should be created for

every meeting despite it not being required. The Trustees are welcome to establish this as a practice and carry forward preparing and posting the agenda prior to every meeting.

The next meeting, a date has not been set yet. I informed Cindi and Jim that Cambridge Trust was going to be coming in to provide an investment and administrative review of the funds held with them. I wanted to obtain a date range that worked before reaching out to them and setting the meeting date based on their availability. I am waiting to hear back from our Cambridge Trust representative, I have asked them for their availability the week of July 18th, specifically July 20th at 11:00 am. Understanding that we are not their only client and they may not be available that date, I am also inquiring for the 18th, and 19th. If that does not work for you please let me know as soon as possible, so I can change the parameters they are looking to schedule.

In full transparency since there has not been any correspondence outside of alerting everyone that I had received the NHMA Training information, I have not checked in on it and was going to ask you about it at the meeting. After seeing your inquiry on this I have reached out to our IT Department to check on the status of your londonderrynh.org email address. They have informed me that it is prepared and ready. That being said, I am sure your next question will be, how do you access the account. I am not usually the person to set this up, so I am going to work on figuring that out and hopefully get back to you by the end of the day with an answer.

If there are any other questions, please let me know, and Jonathan please let me know as soon as possible if July 20th at 11 doesn't work for you or if any specific times from July 18th through the 20th do not work for you so I can adjust the parameters Cambridge Trust is looking to schedule.

Thank you,

**Justin W. Campo**

**Subject:** Re: Trustee Meeting

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

You will have to forgive my absence at yesterday's meeting. After review of the draft minutes from May 25th it appears that we decided on June 22nd at 11:00 a.m. and I was tracking that it was today June 23rd at 11:00 a.m.

I do see that it is posted on the Town calendar also after a bit of digging. I would not have thought to look there first, I went immediately to the Trustee resources and only saw the May information posted, did not see any trustee information regarding the June meeting as of 9:30 this morning.

While that is my scheduling error, I guess I am surprised that I did not see an agenda for the meeting go out prior? This is unusual, as it is a standard procedure and practice of other meetings of public bodies in Londonderry to post the agendas prior to the meetings.

Justin, I do have a few requests and sorry to trouble you sir:

1. I would like to request that this email be appended to the draft minutes from the 6.22.23 meeting of the Trust Fund, as to document that my absence was accidental. I understand that you will have to redact my personal email address itself as I currently do not have credentials to my .gov email.

2. If you could kindly update me on the status of my.gov email address credentials, that would be excellent. We discussed IT initiating that action several weeks ago but I have received no update or credentials as of this morning, 6.23.23. If any correspondence was sent to that email address regarding the 6.22 meeting, I would not have had/do not have any way to retrieve it.

3. Our agenda ought to be posted to the Londonderry.gov website in advance of our meeting, so that no one can say we are functioning differently from other meetings of public bodies in town.

4. Could you kindly advise as to when the next scheduled meeting of Trustees will be?

Thank you sir!

Jonathan Esposito

Good morning Cindi and thank you for your reply

That is certainly an interesting way to put it! do not believe I chose anything. I do however remember all three of us having preferences and input as to when our next meeting should be and what a schedule going forward may look like, That may be a more accurate way to phrase it.

I just looked on the Londonderry.gov website on the trustee of trust funds section, which would be the place most citizens would go to look not a door at Town Hall, and as of 7:30 this morning I did not see an agenda or date posted.

Good morning sir,

Could you remind me when we voted to hold our next trustee of trust funds meeting?

I apparently did not pencil it into my calendar, I thought it was today but I do not see an agenda or a posted notice so now I am second-guessing.

Could you also advise on IT information for a.gov email address? We had briefly corresponded about that before but I do not believe I received credentials so I may have missed some correspondence.

Thank you all!

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

You will have to forgive my absence at yesterday's meeting. After review of the draft minutes from May 25th it appears that we decided on June 22nd at 11:00 a.m. and I was tracking that it was today June 23rd at 11:00 a.m.

I do see that it is posted on the Town calendar also after a bit of digging. I would not have thought to look there first, I went immediately to the Trustee resources and only saw the May information posted, did not see any trustee information regarding the June meeting as of 9:30 this morning.

While that is my scheduling error, I guess I am surprised that I did not see an agenda for the meeting go out prior? This is unusual, as it is a standard procedure and practice of other meetings of public bodies in Londonderry to post the agendas prior to the meetings.

Justin, I do have a few requests and sorry to trouble you sir:

1. I would like to request that this email be appended to the draft minutes from the 6.22.23 meeting of the Trust Fund, as to document that my absence was accidental. I understand that you will have to redact my personal email address itself as I currently do not have credentials to my .gov email.

2. If you could kindly update me on the status of my.gov email address credentials, that would be excellent. We discussed IT initiating that action several weeks ago but I have received no update or credentials as of this morning, 6.23.23. If any correspondence was sent to that email address regarding the 6.22 meeting, I would not have had/do not have any way to retrieve it.

3. Our agenda ought to be posted to the Londonderry.gov website in advance of our meeting, so that no one can say we are functioning differently from other meetings of public bodies in town.

4. Could you kindly advise as to when the next scheduled meeting of Trustees will be?

Thank you sir!

Jonathan Esposito

Good morning Cindi and thank you for your reply

That is certainly an interesting way to put it! do not believe I chose anything. I do however remember all three of us having preferences and input as to when our next meeting should be and what a schedule going forward may look like, That may be a more accurate way to phrase it.

I just looked on the Londonderry.gov website on the trustee of trust funds section, which would be the place most citizens would go to look not a door at Town Hall, and as of 7:30 this morning I did not see an agenda or date posted.

Good morning sir,

Could you remind me when we voted to hold our next trustee of trust funds meeting?

I apparently did not pencil it into my calendar, I thought it was today but I do not see an agenda or a posted notice so now I am second-guessing.

Could you also advise on IT information for a.gov email address? We had briefly corresponded about that before but I do not believe I received credentials so I may have missed some correspondence.

Thank you all!

You are correct on the agenda, I do not believe the RSA requires one and I believe they stated that at the training.

If we are not going to do one going forward that is completely fine where it is additional administrative legwork for you. However, I was simply going off of where we had one for the May agenda. If we were going to have one going forward it would be appropriate that it was posted in advance Just so that we are on the same page with usual Town Practices

I had sent an email a week or two back attempting to contact the Town IT Department but I did not hear back. No great trouble not blaming you sir, as you said this is a learning experience for all, just want to make sure I have access to the resources and information required to execute the role. I also know when looking for something now to make sure that I check the town calendar- thank you for that!

I will stay tuned for upcoming available dates regarding the next meeting with our community partner and thank you all again for your grace RE my absence! See you in July date TBD

**Subject:** RE: Trustee Meeting

Good Morning,

I'm sorry for not getting back to you sooner, I have been in a meeting and had a discussion with a member of the public who had some questions.

Jonathan, I would be happy to add your e-mail to the minutes for yesterday's meeting. I will send those out shortly. As for the confusion, I completely understand and there is nothing to forgive. We are all human and mix ups happen, as I stated in our previous meeting we will learn together on this and that is one of the reasons why I encouraged the training for everyone including the Cemetery trustees.

In terms of the notice of the meeting, I posted it on behalf of the Trustees on the Town Hall doors as well as in the Library. I do agree that not many individuals would go out of their way to come down to Town Hall or the Library to find this information. This is why I included it on the Town's calendar, I apologize for not thinking of adding it to the Trustee of the Trust Funds section. I was under the impression most citizens would review the Town Calendar on the main page to see when the meetings were scheduled. There is a section under the calendar that is for upcoming events which I believed would be reviewed for any upcoming meetings. Understanding now that the calendar is not the first-place all citizens would look for the meeting, we can learn from the experience and be sure to include it on the Trustee of Trust

Funds page going forward. Thank you for bringing this to my attention so it can be rectified and the process can continue to be improved.

I believe the NHMA training they informed us that agendas were not required for Trustee meetings. I will review the training again to be sure I heard them correctly. Should it be determined by Trustees that an agenda should be created for every meeting despite it not being required. The Trustees are welcome to establish this as a practice and carry forward preparing and posting the agenda prior to every meeting.

The next meeting, a date has not been set yet. I informed Cindi and Jim that Cambridge Trust was going to be coming in to provide an investment and administrative review of the funds held with them. I wanted to obtain a date range that worked before reaching out to them and setting the meeting date based on their availability. I am waiting to hear back from our Cambridge Trust representative, I have asked them for their availability the week of July 18th, specifically July 20th at 11:00 am. Understanding that we are not their only client and they may not be available that date, I am also inquiring for the 18th, and 19th. If that does not work for you please let me know as soon as possible, so I can change the parameters they are looking to schedule.

In full transparency since there has not been any correspondence outside of alerting everyone that I had received the NHMA Training information, I have not checked in on it and was going to ask you about it at the meeting. After seeing your inquiry on this I have reached out to our IT Department to check on the status of your londonderrynh.org email address. They have informed me that it is prepared and ready. That being said, I am sure your next question will be, how do you access the account. I am not usually the person to set this up, so I am going to work on figuring that out and hopefully get back to you by the end of the day with an answer.

If there are any other questions, please let me know, and Jonathan please let me know as soon as possible if July 20th at 11 doesn't work for you or if any specific times from July 18th through the 20th do not work for you so I can adjust the parameters Cambridge Trust is looking to schedule.

Thank you,

**Subject:** Trustee Meeting

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

You will have to forgive my absence at yesterday's meeting. After review of the draft minutes from May 25th it appears that we decided on June 22nd at 11:00 a.m. and I was tracking that it was today June 23rd at 11:00 a.m.

I do see that it is posted on the Town calendar also after a bit of digging. I would not have thought to look there first, I went immediately to the Trustee resources and only saw the May information posted, did not see any trustee information regarding the June meeting as of 9:30 this morning.

While that is my scheduling error, I guess I am surprised that I did not see an agenda for the meeting go out prior? This is unusual, as it is a standard procedure and practice of other meetings of public bodies in Londonderry to post the agendas prior to the meetings.

Justin, I do have a few requests and sorry to trouble you sir:

1. I would like to request that this email be appended to the draft minutes from the 6.22.23 meeting of the Trust Fund, as to document that my absence was accidental. I understand that you will have to redact my personal email address itself as I currently do not have credentials to my .gov email.

2. If you could kindly update me on the status of my.gov email address credentials, that would be excellent. We discussed IT initiating that action several weeks ago but I have received no update or credentials as of this morning, 6.23.23. If any correspondence was sent to that email address regarding the 6.22 meeting, I would not have had/do not have any way to retrieve it.

3. Our agenda ought to be posted to the Londonderry.gov website in advance of our meeting, so that no one can say we are functioning differently from other meetings of public bodies in town.

4. Could you kindly advise as to when the next scheduled meeting of Trustees will be?

Thank you sir!

Jonathan Esposito

Good morning Cindi and thank you for your reply

That is certainly an interesting way to put it!  do not believe I chose anything. I do however remember all three of us having preferences and input as to when our next meeting should be and what a schedule going forward may look like, That may be a more accurate way to phrase it.

I just looked on the Londonderry.gov website on the trustee of trust funds section, which would be the place most citizens would go to look not a door at Town Hall, and as of 7:30 this morning I did not see an agenda or date posted.

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Completely understood, It's old home day season among other things.

I am also not chomping at the bit to get a request in to use Town Hall, neither for myself nor for any other particular purposes

My inquiry is solely on the basis that there was a concerning flip-flop in the allowable use of facilities with the PD community room, a room that was designed and sold to the taxpayers as being available to the general public.

As I have noted at town council meetings during public comment, there has been what appears to be some confusion regarding application of policy for organizations that utilize Town Hall and how/when an exemption for use of taxpayer funded space can be made.

As I understand it, until there is an update to current policy, the current exemption process in place for use of town hall is narrowly applied and only pertains to recreation type organizations.

I would love to see follow through on the Chairman's intent as stated in an earlier town council meeting this year, that any citizen/group in town would be able to apply for use under whatever new structured policy/requirements are drafted.

Thank you for taking the time to keep me updated and I will look forward to hearing back as your professional timing allows.

I just wanted to inquire once again if there was any further development of a procedure to request use of town hall facilities in accordance with our prior discussion along these lines? I know the last update I got stated that the senior center was available for rent and that procedure and policy was being considered for Town Hall proper.

Thank you!

Oh my gosh Erin

I am so embarrassed and so sorry

I am still at work I ran late on the weekly reporting and have been trying to figure out variances

I completely lost track of the time and date and it was not my intent to waste yours or the access centers time whatsoever. My head is spinning I am so knee-deep in spreadsheets.

If you would kindly forgive my discourtesy, would it be possible to schedule another day? I was greatly looking forward to this and am very bummed that I blew it!

I just wanted to inquire once again if there was any further development of a procedure to request use of town hall facilities in accordance with our prior discussion along these lines? I know the last update I got stated that the senior center was available for rent and that procedure and policy was being considered for Town Hall proper.

Thank you!

Jonathan Esposito

Good evening esteemed council members and Town Manager,

I was interested, yet saddened to come across this video, as it appears upholding the First Amendment rights of individuals on public property, as well as general transparency, are not issues solely limited to 91A compliance but a wider symptom of the operation of the town.

I have no clue who this citizen is, and I do not generally support mucking about without a wider improvement focus in mind, but this was a fascinating exercise in the towns professional ability to deal with unpleasant citizens who are nonetheless well within their legal rights. As a tax paying citizen, I do not feel they performed favorably.

I wanted to provide the below link to you in the event that select sitting members of the Council wanted to take even more of the public's time venting their personal spleen and grievances against private citizens. There are variety of colorful citizen opinions regarding some of the amusing and unprofessional behavior of staff in this video.

Perhaps certain sitting members of the council could read some of these comments off, where so many in favor of the operations of the town were read last time? I'm not advocating for a return to the days of the fairness doctrine, simply providing a suggestion.

Fascinating to confirm that the TC Chairman -does- in fact spend a lot of time hanging around Town Hall, as citizens have oft stated. I am confused however as to why Mr. Chairman, a highly visible duly elected public official, would make a dishonest statement as to his identity while on Town Property.

Good morning and thank you for the follow-up life God very busy very quick with spring sports employer requirements and of course ongoing participation in local civic government

Would it be possible to get on your schedule for the producer training for the week of the 26th this month?

Hope you have been well, thank you for what you continue to do!

Jonathan

Oh my gosh Erin

I am so embarrassed and so sorry

I am still at work I ran late on the weekly reporting and have been trying to figure out variances

I completely lost track of the time and date and it was not my intent to waste yours or the access centers time whatsoever. My head is spinning I am so knee-deep in spreadsheets.

If you would kindly forgive my discourtesy, would it be possible to schedule another day? I was greatly looking forward to this and am very bummed that I blew it!

**Subject:** 91A commentary at public comment

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

In response to Representative Dolan's concerns about 91A costs,

Please note that I would be glad to provide to Representative Dolan, as well as any other public official or resident, a list of the 91 A's that were filed as a follow-up to constructive non-response by the Town of Londonderry. The onus remains on the municipality to engage in more two-way dialogue with citizens and give more constructive responses to concerns raised so that 91A does not need to be used to compel transparency.

I would also like to note for Representative Dolan's benefit That 91A as New Hampshire law includes a mechanism and provision for municipalities to refuse requests that are deemed to be frivolous in nature or an excessive burden beyond the capabilities of the town.

To date, it must be noted that the town of Londonderry has determined under statute that my 91A requests have been good faith requests for documents that should reasonably be reproduced for inspection by the general public, with the exception of qualified exemptions.

The record speaks for itself. Thank you for entering this correspondence into the minutes for June 5th 2023.

# New Hampshire Municipal Association

## 2023 Municipal Trustees Training

Thank you for registering for the 2023 Municipal Trustees Training on Thursday, June 8th.

**Please let this email confirmation serve as your receipt or invoice. No other invoice will be provided.**

If you are paying by check: Please make checks payable to the **NH Municipal Association** and mail to:
NH Municipal Association
25 Triangle Park Drive
Concord, NH 03301

**In Person Attendance**
• Registration will begin at 8:30 a.m. and the presentations begin at 9 a.m.
• A continental breakfast and lunch will be provided.
• At times it can be hard to control room temperatures to everyone's liking, so we suggest you dress in layers.
• Workshop materials will be sent electronically one week prior to the workshop. Materials will not be given out at the workshop.

**Virtual Attendance**
NHMA will be using **Zoom** for these workshops. **One week** prior to the workshop attendees will receive an email from Zoom with the Zoom Meeting Link so they may join the workshop. Since this email is coming from Zoom, please be sure to check spam/junk email folder for this important email. Then, simply click the zoom link to join the workshop at the specified time and date.

**One week** prior to the workshop all attendees will receive an additional email from NHMA with a link to the electronic workshop materials, including an electronic copy of the publication, *New Hampshire's Right-to-Know Law.*

Pre-payment is required. If you register but cannot attend, a recording of the workshop will be provided as long as payment has been received.

**Refund of the full registration fee will be made if cancellation notification is received 48 hours in advance. Cancellation less than 48 hours in advance, including no-shows, will result in you being charged the full cost of the workshop.**

**Questions? Please contact us at 603-230-3350 or nhmaregistrations@nhmunicipal.org.**

Justin,
Unfortunately, Wednesday afternoons don't work for me.
Here are some times that do work.
Thursday May 18 in the afternoon.
Monday, the 22, until 4
Tuesday, 23, all day
Wednesday 24, morning
Thursday 25, anytime.
Tuesday 30, after 12
Wednesday31, morning
Hopefully, one of these days will work for you, Mr. Green and Mr. Esposito.
Thank you,
Cindi Rice Conley

**Subject:** Trustees of the Trust Fund Meeting

Good Afternoon Trustees,

We need to schedule our first meeting, and you will need to find a time that will work for the 3 of you going forward for future meetings. Does 3:00 pm on Wednesday May 24th work for everyone? If it doesn't please reply with some dates and times that do work for you.

This meeting we will have an overview of the Trusts and Reserves that you as a Trustee are responsible for and have oversight over. There are various items that will need to be discussed at the meeting, the three of you will need to determine how you want to proceed forward and determine if you would like to make adjustments or maintain things the way they currently are. This includes going over how the funds are currently held, and the financial advisor the trusts currently use. We will also need to establish a Bookkeeper, who will be responsible for the records and books of the Trustees, as well as the disbursements from these trusts and will be responsible for submitting the proper forms to the State of New Hampshire by the specified deadlines. In past history a lot of these duties were completed by the Town Finance department. As the three of you are now the Town's Trustees of the Trust Fund, I look forward to passing these duties along to you.

Thank you,

**Justin W. Campo**
Finance Director
Town of Londonderry, NH

Justin,
Unfortunately, Wednesday afternoons don't work for me.
Here are some times that do work.
Thursday May 18 in the afternoon.
Monday, the 22, until 4
Tuesday, 23, all day
Wednesday 24, morning
Thursday 25, anytime.
Tuesday 30, after 12
Wednesday31, morning
Hopefully, one of these days will work for you, Mr. Green and Mr. Esposito.
Thank you,
Cindi Rice Conley

**Subject:** Trustees of the Trust Fund Meeting

Good Afternoon Trustees,

We need to schedule our first meeting, and you will need to find a time that will work for the 3 of you going forward for future meetings. Does 3:00 pm on Wednesday May 24th work for everyone? If it doesn't please reply with some dates and times that do work for you.

This meeting we will have an overview of the Trusts and Reserves that you as a Trustee are responsible for and have oversight over. There are various items that will need to be discussed at the meeting, the three of you will need to determine how you want to proceed forward and determine if you would like to make adjustments or maintain things the way they currently are. This includes going over how the funds are currently held, and the financial advisor the trusts currently use. We will also need to establish a Bookkeeper, who will be responsible for the records and books of the Trustees, as well as the disbursements from these trusts and will be responsible for submitting the proper forms to the State of New Hampshire by the specified deadlines. In past history a lot of these duties were completed by the Town Finance department. As the three of you are now the Town's Trustees of the Trust Fund, I look forward to passing these duties along to you.

Thank you,

**Justin W. Campo**
Finance Director
Town of Londonderry, NH

**Cc:** TownCouncil <towncouncil@londonderrynh.org>
**Subject:** Inquiry in lieu of 91A

In lieu of a right to know request, I would like to ask, per Jim Butler's open invitations to "just ask, nothing is hidden here"

Could the town kindly advise on the sum total of expenses paid out regarding the 256 Mammoth Road property? I would be looking at a 10-year total, from January 2011 until Justin and Michael received legal guidance regarding this issue in 2021.

I would be interested to learn the total that that Londonderry taxpayer paid out that the Lions Club as the Lessee was legally responsible for.

Please respond to this inquiry within five working days so that noncompliance with citizen inquiries does not become another 91A for the list. Please advise if more time will be needed to compile this information.

I believe Michael noted towards the end of last night's meeting that one of the right to know requests I have filed that has cost the town money was searching for 90 days worth of documents related to 256 Mammoth Road.

That 91A in question was specifically in response to both Michael on the Town side, Bryan McCurley, David Steinhauer, Frank Holdsworth, and Sherman Packard on the Lions side, refusing to truthfully disclose the nature of communications between the Club and Town, regarding the hall.

I look forward to your response within five working days as well as discussing this at the next town council meeting. I want to once again greatly thank Councilman Butler for pointing out that my integrity and loyalty to the town of Londonderry and to the taxpayer, far supercede any loyalty I have to other individuals or to a private organization.

I await your reply.

I want to take the time to thank Dave Wholley, who gave a wonderful and on track presentation despite endless blathering by a member of the town council upset with calls for accountability.

It is interesting to note that approximately 150 or so hours as well as somewhere between $8,000 and $60,000, depending on whether you use an actual or outsourced cost, have been spent in not simply plainly responding to citizens inquiries.

I can't wait to discuss with the town the revolving door of lawyer fees that our town officials rack up conducting such dubious business as restricting the Gandia's Constitutional rights, or discussing personnel matters with town lawyers. Transparency in 91A compliance costs goes both ways.

I would also like to point out that Mr Maliguti has found each and every one of my requests to be reasonable in scope, as such that he has lawfully released every document that he was not required to exempt under 91A. There is a lawful exemption that the town could claim if it was felt that a request of mine was too broad or proposed an unreasonable public burden to the town and to the TMs administrative resources.

To date, the town of Londonderry has not seen fit to exercise that option, and each and every one of the releases in question, themselves testify to the reasonableness of asking that the documents be produced.

I would once again restate that it was pointed out multiple times this evening that, while these services may come at a cost, they are the absolute inalienable and lawful right of any citizen to request reproduction of documents for public inspection. I wish to thank the Town Council and the Town manager for acknowledging the reasonableness and lawfulness of each of my requests. Couldn't have said it better myself.

I thank Councilman Butler for bringing to light the many varied concerns I have brought before the town council. I think his outburst tonight, as with other meetings, was exactly the kind of behavior demonstrating just how sick of hearing from citizens he really is, making my personal bid to put out signs saying such, all that much more truthful and accurate.

Councilman Butler invited citizens to just ask, and brought up my being discharged from the Lions. It is regrettable that the club version of ethics wanted me to agree to a joint public statement saying that we lost money during COVID, when the Lions Club made a record amount of rental revenue during 21-22. In light of the concealment that the Lions Club was asking me to engage in, I am proud to say that I did not abide by their particular brand of ethics. Speaking of, does Mr Malaguti wish to elaborate on why he withdrew the Town's joint public statement with the club stating they were losing money? I'll wait...

Is Councilman Butler prepared to answer what happened to the $16,000 in Home Depot and Benson's hardware and lumber donations that the Lions club received to fix up 256 Mammoth Road? I wonder if Councilman Butler is aware that much of the unauthorized town spending that occurred on expenses while the building was under lease, occurred during his time on the council. Yet again, too busy insulting citizens to do his job. Shame.

It is extremely interesting that Jim Butler did not take the time to introduce himself when pretending to look for the waitress out at the Coach Stop on May 2nd or so. He surely had seen my family at the Pancake Breakfast? Must have been distracted with his dinner company of Speaker Packard, Rep Dolan, and Rep MacDonald. This lack of courtesy is apparently not a one off instance; neither of Butler's sons took the time to introduce themselves while sitting to my left and right at at TC this evening. I nodded to and welcomed both but neither looked me in the eye very long. This is in stark contrast to the way Tom Butler allegedly verbally accosted both Deb Paul and Ray Breslin in the hallway. Hmm.

Speaking of conversation in the hallway, I found it very interesting that LPD Chief Kim Bernard returned to the room after the initial hallway commotion, but then was furiously texting on his cell phone during Dave Wholleys presentation, and then all of a sudden leaves the room.

When I also left the Moose Hill room at approximately 8:41, it is even more interesting that I immediately bumped into Kevin Smith, John Farrell, Sherry Farrell, a blonde in business professional I believe is the Farrell's daughter, and none other than Chief Bernard again, who was just furiously texting a couple of moments prior.

Chief Bernard was giving them an update that he had advised Deb Paul that she could make a complaint with the police department regarding how she felt she was treated, but I must confess, I'm greatly flabbergasted as to why an update regarding law enforcement advice given to a private citizen, required the ear of the town council chairman during a meeting, the town clerk, an attorney who has represented business before the town of Londonderry, AND Londonderry's former town manager. Is that reasonable? Just what else were you all discussing?

What reasonable purpose does the Farrell daughter or Kevin Smith have being updated on that particular bit of town business? What reasonable purpose does the town clerk have in being briefed on that information? Aside from the town council chairman, who may have been concerned as he is charged with keeping order during the meeting, it does not seem reasonable that Chief Bernard would have been texting anyone about this topic nor communicating it with citizens beyond a necessary scope.

Lastly, I do believe the town of Londonderry recently "miraculously realized" (Just like you miraculously realized you were supposed to be doing roll call votes and not indefinitely sealing minutes) that it is not lawful to hold two elected seats at the same time. As such, I must reasonably decline councilman Butler's invitation to run for Londonderry Town Treasurer at this time. I appreciate his suggestion as a fellow Republican and I will keep it in mind for the future however.

Justin,
Unfortunately, Wednesday afternoons don't work for me.
Here are some times that do work.
Thursday May 18 in the afternoon.
Monday, the 22, until 4
Tuesday, 23, all day
Wednesday 24, morning
Thursday 25, anytime.
Tuesday 30, after 12
Wednesday31, morning
Hopefully, one of these days will work for you, Mr. Green and Mr. Esposito.
Thank you,
Cindi Rice Conley

**Subject:** Trustees of the Trust Fund Meeting

Good Afternoon Trustees,

We need to schedule our first meeting, and you will need to find a time that will work for the 3 of you going forward for future meetings. Does 3:00 pm on Wednesday May 24th work for everyone? If it doesn't please reply with some dates and times that do work for you.

This meeting we will have an overview of the Trusts and Reserves that you as a Trustee are responsible for and have oversight over. There are various items that will need to be discussed at the meeting, the three of you will need to determine how you want to proceed forward and determine if you would like to make adjustments or maintain things the way they currently are. This includes going over how the funds are currently held, and the financial advisor the trusts currently use. We will also need to establish a Bookkeeper, who will be responsible for the records and books of the Trustees, as well as the disbursements from these trusts and will be responsible for submitting the proper forms to the State of New Hampshire by the specified deadlines. In past history a lot of these duties were completed by the Town Finance department. As the three of you are now the Town's Trustees of the Trust Fund, I look forward to passing these duties along to you.

Thank you,

**Justin W. Campo**
Finance Director
Town of Londonderry, NH

**Subject:** Trustees of the Trust Fund Meeting

Good Afternoon Trustees,

We need to schedule our first meeting, and you will need to find a time that will work for the 3 of you going forward for future meetings. Does 3:00 pm on Wednesday May 24th work for everyone? If it doesn't please reply with some dates and times that do work for you.

This meeting we will have an overview of the Trusts and Reserves that you as a Trustee are responsible for and have oversight over. There are various items that will need to be discussed at the meeting, the three of you will need to determine how you want to proceed forward and determine if you would like to make adjustments or maintain things the way they currently are. This includes going over how the funds are currently held, and the financial advisor the trusts currently use. We will also need to establish a Bookkeeper, who will be responsible for the records and books of the Trustees, as well as the disbursements from these trusts and will be responsible for submitting the proper forms to the State of New Hampshire by the specified deadlines. In past history a lot of these duties were completed by the Town Finance department. As the three of you are now the Town's Trustees of the Trust Fund, I look forward to passing these duties along to you.

Thank you,

**Justin W. Campo**
Finance Director

**Subject:** Meeting schedule- trustee of trust funds

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good afternoon,

Can you confirm for me the date of the last meeting of the trustees of the trust funds?

Also

Can you specify the local authority or policy that guides our meeting schedule? I was not able to clearly delineate this from the handbook for the trustees of trust funds.

I was to understand that the trustees met bi monthly. I was elected via write in on 3.14, and as of this coming Monday, it will be 60 days since I was elected.

I would also note that by this coming Monday, it will be 21 days since the appointees came before the town council and were selected. That is quite a significant time lapse, considering that after the town election, I was told by the town clerk that I had to swear in promptly the following week, a deadline that I met.

What is our authority to hold a meeting even if the other two have not taken their oath of office yet? It is not my intent to act unilaterally in any way, as such a meeting would be comprised of yourself and myself, I just question whether or not it is reasonable that town business would be delayed by lack of promptness on the behalf of the appointees.

**Subject:** Trustee Update

Good Evening,

I wanted to reach out so you did not think I forgot about you. The last I checked (yesterday) we are still pending one oath of office. I still plan on reaching out either the end of this week or early next week to set up a date for the first meeting to allow everyone to plan ahead for it. This is going to be done with the anticipation that all oaths will be taken before the date of the actual meeting.

This e-mail is merely informational to keep you updated on where it currently stands.

Thank you and have a wonderful night.

**To:** Michael Malaguti
**Cc:** TownCouncil; Gilles Bissonnette
**Subject:** Re: 91A FW: Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
In addition to my response stating that I do not believe a proper search and review of the requested government records has occurred, and therefore I do not believe Londonderry has satisfied the response required for this inquiry:

I would also point to a presentation on 91A that town manager malagudi gave to the budget committee approximately 2 years ago, LACTV link below:

http://173.166.17.35/CablecastPublicSite/show/11528?channel=4

The video timer counts remaining minutes, so I would specifically direct you to remarks beginning at the time stamp of approximately 1 hour and 46 minutes remaining in the video. Mr Maliguti make remarks over several minutes in which he specifies that 91A violations can likely occur If the spirit of the law is violated, not simply the letter.

Mr maliguti give us an example in which if he forwarded an email with a recipe to his Londonderry address, that would not create a government record. However, he goes on to clarify, with approximately 1 hour and 42 minutes even remaining in the video:

"Really what we're looking for under the Right to Know Law is, does the information, does the record tell us something about what the government is up to."

Although the emails from John Farrell and his [redacted] may not have been transmitted to a quorum of town officials, The 91A expense spreadsheet that councillor Butler directed you to compile, which is information regarding the inner workings of government, was clearly forwarded from John Farrell's official Londonderry email address to his [redacted] personal address with the intent of making a blind copied group of citizens aware of the inner workings of government, specifically concerns regarding 91A costs.

I contend once further that the town of Londonderry is obligated to make a constructive search through those emails, as they constitute a government record, including the blind copied distribution list from [redacted] to citizens in which he educated them on the inner workings of government, and to appropriately release those documents to me as requested.

**Subject:** RE: 91A FW: Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Mr Maliguti, that is fine if you are going to use that justification, but if that is the town's position, then you are stating that town officials took correspondence that they were only privy to by virtue of their official position, stored on town resources and effectively owned by and in the possession of the town, and forwarded it to their private email addresses for reasons unknown, which is unauthorized use of electronic resources/acceptable use, and also potentially using official communications/resources for personal gain.

Further, the emails from John Farrell's email, [redacted] which were previously used for town communications, claimed to raise issues on behalf of the town (expressing concern of me supposedly wasting town fiscal resources by a citizen.) A reasonable individual would conclude that Chairman Farrell was acting in his official capacity.

I do not consider this request closed at this time.

Could you kindly disclose what mechanism under 91A was used by the Town to determine that Chairman Farrell was NOT acting in an official capacity? The law favors disclosure and the burden is certainly on the municipality to show that he was not, given the wider context.

Jonathan Esposito

**To:** Jonathan Esposito <[redacted] TownCouncil <TownCouncil@londonderrynh.org>
**Subject:** RE: 91A FW: Londonderry Times Ad (request to include letter in minutes)

Good evening,

Attached please find the only document that is potentially a governmental record responsive to your request, which includes the requested emails from Councilor Butler's address. Emails sent from a Town Councilor's private email address, even if they include information that was previously sent to a quorum of the Town Council, are not governmental records unless said Town Councilor was acting on behalf of the Town Council. The same analysis likely applies to any such emails forwarded by a Town Councilor to the Councilor's private email address. See RSA 91-A:1-a, III.

However, without conceding the point and to be over-inclusive in my response, I am attaching as "potentially responsive" an email forwarded from Chairman Farrell's Londonderry email address to "[redacted]

No responsive governmental records in the Town's possession were withheld under any privilege or exemption.

Sincerely,

Michael J. Malaguti

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Good morning

As I have not heard from the municipality within the requested suspense time frame

This is a request under 91A right to know for:

Copies of emails from [redacted] as well as councilman Jim Butler's Londonderry.org email address

Transmitted between March 6th and March 9th

Relevant to town work product transmitted from Jonathan Esposito to the Town Council and the town manager

As this work product was public distribution, email copies should include sent versions that show blind copied distribution lists.

Although I am requesting copies from a non.org email, 91A applies due to the clear identification of the email address belonging to the town council chairman, as well as the personal email being used to distribute town work product.

Preferred method of release would be the usual Dropbox electronic method

Please advise within the standard five working day response time frame.

Please note that further public distribution of my correspondence to the town will continue to be put in the newspaper as long as John Farrell continues to utilize that subversive tactic.

Thank you
Jonathan Esposito

Good evening,

I previously advised you that your complaint that Chairman Farrell and Councilor Butler violated the Town's Acceptable Use Policy was unfounded. A copy of that communication is attached for reference. I have also advised you of the Town's response to this 91-A request.

I have conducted all of the due diligence necessary for me to respond on behalf of the Town. You have the Town's response.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry
603-432-1100 x 151

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Mr Maliguti, that is fine if you are going to use that justification, but if that is the town's position, then you are stating that town officials took correspondence that they were only privy to by virtue of their official position, stored on town resources and effectively owned by and in the possession of the town, and forwarded it to their private email addresses for reasons unknown, which is unauthorized use of electronic resources/acceptable use, and also potentially using official communications/resources for personal gain.

Further, the emails from John Farrell's email, [redacted] which were previously used for town communications, claimed to raise issues on behalf of the town (expressing concern of me supposedly wasting town fiscal resources by a citizen.) A reasonable individual would conclude that Chairman Farrell was acting in his official capacity.

I do not consider this request closed at this time.

Could you kindly disclose what mechanism under 91A was used by the Town to determine that Chairman Farrell was NOT acting in an official capacity? The law favors disclosure and the burden is certainly on the municipality to show that he was not, given the wider context.

Jonathan Esposito

**To:** Jonathan Esposito <[redacted] TownCouncil <TownCouncil@londonderrynh.org>
**Subject:** RE: 91A FW: Londonderry Times Ad (request to include letter in minutes)

Good evening,

Attached please find the only document that is potentially a governmental record responsive to your request, which includes the requested emails from Councilor Butler's address. Emails sent from a Town Councilor's private email address, even if they include information that was previously sent to a quorum of the Town Council, are not governmental records unless said Town Councilor was acting on behalf of the Town Council. The same analysis likely applies to any such emails forwarded by a Town Councilor to the Councilor's private email address. See RSA 91-A:1-a, III.

However, without conceding the point and to be over-inclusive in my response, I am attaching as "potentially responsive" an email forwarded from Chairman Farrell's Londonderry email address to "[redacted]

No responsive governmental records in the Town's possession were withheld under any privilege or exemption.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Good morning

As I have not heard from the municipality within the requested suspense time frame

This is a request under 91A right to know for:

Copies of emails from [redacted]com as well as councilman Jim Butler's Londonderry.org email address

Transmitted between March 6th and March 9th

Relevant to town work product transmitted from Jonathan Esposito to the Town Council and the town manager

As this work product was public distribution, email copies should include sent versions that show blind copied distribution lists.

Although I am requesting copies from a non.org email, 91A applies due to the clear identification of the email address belonging to the town council chairman, as well as the personal email being used to distribute town work product.

Preferred method of release would be the usual Dropbox electronic method

Please advise within the standard five working day response time frame.

Please note that further public distribution of my correspondence to the town will continue to be put in the newspaper as long as John Farrell continues to utilize that subversive tactic.

Thank you
Jonathan Esposito
Londonderry

**Sent:** Friday, April 28, 2023 12:31 PM
**To:** Michael Malaguti
**Cc:** TownCouncil; Gilles Bissonnette
**Subject:** Re: 91A FW: Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
In addition to my response stating that I do not believe a proper search and review of the requested government records has occurred, and therefore I do not believe Londonderry has satisfied the response required for this inquiry:

I would also point to a presentation on 91A that town manager malagudi gave to the budget committee approximately 2 years ago, LACTV link below:

http://173.166.17.35/CablecastPublicSite/show/11528?channel=4

The video timer counts remaining minutes, so I would specifically direct you to remarks beginning at the time stamp of approximately 1 hour and 46 minutes remaining in the video. Mr Maliguti make remarks over several minutes in which he specifies that 91A violations can likely occur If the spirit of the law is violated, not simply the letter.

Mr maliguti give us an example in which if he forwarded an email with a recipe to his Londonderry address, that would not create a government record. However, he goes on to clarify, with approximately 1 hour and 42 minutes even remaining in the video:

"Really what we're looking for under the Right to Know Law is, does the information, does the record tell us something about what the government is up to."

Although the emails from John Farrell and his [redacted] may not have been transmitted to a quorum of town officials, The 91A expense spreadsheet that councillor Butler directed you to compile, which is information regarding the inner workings of government, was clearly forwarded from John Farrell's official Londonderry email address to his [redacted] personal address with the intent of making a blind copied group of citizens aware of the inner workings of government, specifically concerns regarding 91A costs.

I contend once further that the town of Londonderry is obligated to make a constructive search through those emails, as they constitute a government record, including the blind copied distribution list from [redacted] to citizens in which he educated them on the inner workings of government, and to appropriately release those documents to me as requested.

**To:** Michael Malaguti
**Cc:** TownCouncil; Gilles Bissonnette
**Subject:** Re: 91A FW: Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
In addition to my response stating that I do not believe a proper search and review of the requested government records has occurred, and therefore I do not believe Londonderry has satisfied the response required for this inquiry:

I would also point to a presentation on 91A that town manager malagudi gave to the budget committee approximately 2 years ago, LACTV link below:

http://173.166.17.35/CablecastPublicSite/show/11528?channel=4

The video timer counts remaining minutes, so I would specifically direct you to remarks beginning at the time stamp of approximately 1 hour and 46 minutes remaining in the video. Mr Maliguti make remarks over several minutes in which he specifies that 91A violations can likely occur If the spirit of the law is violated, not simply the letter.

Mr maliguti give us an example in which if he forwarded an email with a recipe to his Londonderry address, that would not create a government record. However, he goes on to clarify, with approximately 1 hour and 42 minutes even remaining in the video:

"Really what we're looking for under the Right to Know Law is, does the information, does the record tell us something about what the government is up to."

Although the emails from John Farrell and his [redacted] may not have been transmitted to a quorum of town officials, The 91A expense spreadsheet that councillor Butler directed you to compile, which is information regarding the inner workings of government, was clearly forwarded from John Farrell's official Londonderry email address to his [redacted] personal address with the intent of making a blind copied group of citizens aware of the inner workings of government, specifically concerns regarding 91A costs.

I contend once further that the town of Londonderry is obligated to make a constructive search through those emails, as they constitute a government record, including the blind copied distribution list from [redacted] to citizens in which he educated them on the inner workings of government, and to appropriately release those documents to me as requested.

Good evening,

I previously advised you that your complaint that Chairman Farrell and Councilor Butler violated the Town's Acceptable Use Policy was unfounded. A copy of that communication is attached for reference. I have also advised you of the Town's response to this 91-A request.

I have conducted all of the due diligence necessary for me to respond on behalf of the Town. You have the Town's response.

Sincerely,

Michael J. Malaguti
Town Manager

Town of Londonderry

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Mr Maliguti, that is fine if you are going to use that justification, but if that is the town's position, then you are stating that town officials took correspondence that they were only privy to by virtue of their official position, stored on town resources and effectively owned by and in the possession of the town, and forwarded it to their private email addresses for reasons unknown, which is unauthorized use of electronic resources/acceptable use, and also potentially using official communications/resources for personal gain.

Further, the emails from John Farrell's email, [redacted] which were previously used for town communications, claimed to raise issues on behalf of the town (expressing concern of me supposedly wasting town fiscal resources by a citizen.) A reasonable individual would conclude that Chairman Farrell was acting in his official capacity.

I do not consider this request closed at this time.

Could you kindly disclose what mechanism under 91A was used by the Town to determine that Chairman Farrell was NOT acting in an official capacity? The law favors disclosure and the burden is certainly on the municipality to show that he was not, given the wider context.

Jonathan Esposito

**To:** Jonathan Esposito <[redacted] TownCouncil <TownCouncil@londonderrynh.org>
**Subject:** RE: 91A FW: Londonderry Times Ad (request to include letter in minutes)

Good evening,

Attached please find the only document that is potentially a governmental record responsive to your request, which includes the requested emails from Councilor Butler's address. Emails sent from a Town Councilor's private email address, even if they include information that was previously sent to a quorum of the Town Council, are not governmental records unless said Town Councilor was acting on behalf of the Town Council. The same analysis likely applies to any such emails forwarded by a Town Councilor to the Councilor's private email address. See RSA 91-A:1-a, III.

However, without conceding the point and to be over-inclusive in my response, I am attaching as "potentially responsive" an email forwarded from Chairman Farrell's Londonderry email address to "[redacted]

No responsive governmental records in the Town's possession were withheld under any privilege or exemption.

Sincerely,

Michael J. Malaguti

**Subject:** [SPAM]91A FW: Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Good morning

As I have not heard from the municipality within the requested suspense time frame

This is a request under 91A right to know for:

Copies of emails from [redacted]com as well as councilman Jim Butler's Londonderry.org email address

Transmitted between March 6th and March 9th

Relevant to town work product transmitted from Jonathan Esposito to the Town Council and the town manager

As this work product was public distribution, email copies should include sent versions that show blind copied distribution lists.

Although I am requesting copies from a non.org email, 91A applies due to the clear identification of the email address belonging to the town council chairman, as well as the personal email being used to distribute town work product.

Preferred method of release would be the usual Dropbox electronic method

Please advise within the standard five working day response time frame.

Please note that further public distribution of my correspondence to the town will continue to be put in the newspaper as long as John Farrell continues to utilize that subversive tactic.

Thank you
Jonathan Esposito
Londonderry

Justin,

Please see below. There is an email from Donald Charette, longtime Lions club Member, to myself in which he specifies he "recently" brought in $16,000.00 for the Lions Club, -specifically earmarked for renovations at 256 Mammoth Rd-

There is Don's response asking me to call him, regarding my sending his correspondence to the Town Manager as part of my plea to not issue the false joint public statement;

And then my response deferring to Randy (the [redacted] email) who was the Lions Regional Chair and next level in the Lions reporting structure as I believed this issue had hit grievance status per their bylaws.

So, armed with the knowledge that the Lions Club received $16,000.00 in donations earmarked for the property;

What is the onus on the organization to donate/transfer that revenue to the Town, to offset the winterization/reopening/continuing upkeep of the property?

What is the onus on the Town to seek donations earmarked for that property, seeing as the Town was paying invoices during the lease period that the club was responsible for upkeep?

Without burdening you with a request for exact totals, I am sure that money, if not used for renovations, could still offset the G & A expenses currently being borne by the taxpayer to maintain that property, such as the ones you were referencing.

What are your thoughts?

Jonathan Esposito

Hi Don

It was also forwarded to Randy as our Lions regional/District point of contact to intervene at this point. I have copied him here.

I would actually like Lions legal to review the matter again given the disparity in fiscal reporting between:

-what we were told as members,

-the information you provided

-and the joint statement from the club/town

But I will defer to Randy as to whether we will proceed under standard grievance procedures.

Per Lions International bylaws, I will defer to Lions Regional to respond at this point sir, as this matter is clearly beyond the scope of this local club to iron out.

**Subject:** Re: Lions

Good afternoon,

The Town does not have any information about such a donation, other than your assertion to that effect made now and last year. The Town does not have possession of such funds, and has no legal claim to them.

How the Lions handled any donations made to them for a specific purpose does not involve the Town. When the Finance Director and I became aware of the Lions' sole obligation to maintain the facility, we advised the Town to discontinue doing so and to enforce the lease. That is what occurred.

Michael J. Malaguti
Town Manager
Town of Londonderry

Justin,

Please see below. There is an email from Donald Charette, longtime Lions club Member, to myself in which he specifies he "recently" brought in $16,000.00 for the Lions Club, -specifically earmarked for renovations at 256 Mammoth Rd-

There is Don's response asking me to call him, regarding my sending his correspondence to the Town Manager as part of my plea to not issue the false joint public statement;

And then my response deferring to Randy (the Rye642 email) who was the Lions Regional Chair and next level in the Lions reporting structure as I believed this issue had hit grievance status per their bylaws.

So, armed with the knowledge that the Lions Club received $16,000.00 in donations earmarked for the property;

What is the onus on the organization to donate/transfer that revenue to the Town, to offset the winterization/reopening/continuing upkeep of the property?

What is the onus on the Town to seek donations earmarked for that property, seeing as the Town was paying invoices during the lease period that the club was responsible for upkeep?

Without burdening you with a request for exact totals, I am sure that money, if not used for renovations, could still offset the G & A expenses currently being borne by the taxpayer to maintain that property, such as the ones you were referencing.

What are your thoughts?

Jonathan Esposito

**Subject:** Re: Lions

Hi Don

It was also forwarded to Randy as our Lions regional/District point of contact to intervene at this point. I have copied him here.

I would actually like Lions legal to review the matter again given the disparity in fiscal reporting between:

-what we were told as members,

-the information you provided

-and the joint statement from the club/town

But I will defer to Randy as to whether we will proceed under standard grievance procedures.

Per Lions International bylaws, I will defer to Lions Regional to respond at this point sir, as this matter is clearly beyond the scope of this local club to iron out.

Yours in service,

Jonathan Esposito

I acknowledge receipt of your Right to Know request received April 26.

When responding to an RSA 91-A request, the Town complies with the definition of government records stated in RSA 91-A:1-a:

any information created, accepted, or obtained by, or on behalf of, any public body, or a quorum or majority thereof, or any public agency in furtherance of its official function. Without limiting the foregoing, the term 'governmental records' includes any written communication or other information, whether in paper, electronic, or other physical form, received by a quorum or majority of a public body in furtherance of its official function, whether at a meeting or outside a meeting of the body. The term 'governmental records' shall also include the term 'public records.'

The Town also complies with the exemptions stated in RSA 91-A:5 and those created by case law.

The governmental records responsive to your request are attached. Attorney-client privileged documents were withheld under RSA 91-A:5, XII.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry

**Subject:** 91A Request

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good morning

I understand the police department has a preferred form that they would like citizens to use but that form is not required under the RSA,

As such, this email shall serve as a right to know request under 91A

I am requesting;

-Documents sufficient to establish who at the Town of Londonderry initiated/authorized a No Trespass/Stay Away order for citizens Laura Gandia and Chris Gandia;

-Email correspondence between the Town Council, town manager, and police department regarding both stay away orders;

-copies of records regarding document service (delivery of the order) to the citizens, including any cooperative effort with other PDs

-documents sufficient to establish a proposed expiration/date of withdrawal of order, if any such proposed date exists.

Date range of requested records is 20230201-20230425. Requested method of distribution is electronic delivery via email or Dropbox.

Please note the following:

-Citizen Laura Gandia has previously waived her right to privacy at a public session of the Town Council, when she requested the matter be heard before the public as opposed to at a closed session, limiting applicable personnel practice exemptions.

-Citizen Chris Gandia was not an employee of the Town at the time of the order.

-there is significant public interest in this issue, as can clearly be demonstrated by the number of requests probing the issue as well as the correspondence and local news media. I respectfully offer that any exemptions under the RSA are outweighed by a "prevailing public interest" in seeing this matter and these documents brought to light

-I am duplicating this request to both organizations because the records span both arms of Londonderry Town Government. I have copied Town Manager Malaguti as the respondent for the Town records. I have copied Chief Bernard as the respondent for the PD, only because I could not find an email to the designated records officer for the PD.

I am requesting entities' initial response within the standard 5 working days required under the RSA.

Jonathan Esposito
Londonderry

PS. Please note that I believe the existence of this no trespass order as it currently stands and has been enforced is a violation of the affected citizens rights under RSA 91. According to the briefing given to the town council by Steven Buckley Esquire in 2017, regarding 91A and running effective public meetings:

Mr Buckley Esq. made it abundantly clear that public meetings are open to all of the public in New Hampshire, and not simply the residents of the municipality holding the meeting.

The existence of this no trespass order and the force of threat of arrest or of trespass violation, constitutes a blanket, unlawful prohibition of the Gandia citizens from lawfully attending meetings of the public body, be they Town Council or other meetings.

**Subject:** LONDONDERRY LIONS PRESS RELEASE

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Justin,

Per my relevant inquiry regarding Lions donation history and the 256 Mammoth Road property

Please see the below correspondence, much of which I had forwarded to Town Manager Malaguti in the Fall of 2022.

You may or may not recall the joint press release the Town of Londonderry did with the Lions Club regarding them vacating their lease, a copy of it is below from the club President (sadly no longer with us)

Below you will find my objection to the release, as noted to the Lions Club, which I was a member of at the time. I took issue with several fiscal misrepresentations and materially false statements, and asked Lions Regional for redress on the matter.

Similarly, I had emailed Mr. Malaguti asking the Town not to issue this release, as I knew it contained misrepresentations of fact. For all my criticism of the Town, I tried to save us some face.

I am sending you this for record. Armed with this knowledge that I believe material misstatements of fact were occurring, you will kindly refer to the next email I will send you under separate cover, which is correspondence sent to me from a long time Lions Club Member, confirming my suspicions of fiscal mismanagement, condemning the joint public release, and detailing the donation revenue earmarked for 256 Mammoth Rd that I mentioned.

Jonathan Esposito

**Subject:** Re: LONDONDERRY LIONS PRESS RELEASE

I appreciate this very much and it is a wonderful release

I have a question regarding the covid statement

That is not the fiscal briefing that we got as members several months ago

We were not told as the membership that the loss of revenue due to covid was the reason that we were not in the hall rental business anymore.

It was made very clear by our treasurer at the meeting the presentation was given on the hall business that:

1. the club had operated the hall rental business at a loss for many years, offering the hall to the community and offsetting the hall rental expenses with donation revenue;

2. the hall rental business had grown increasingly profitable, to the point that we were starting to break even DURING COVID (I still have the presentation with the numbers)

3. several members of the Lions had speculated the financial feasibility of maintaining the hall rental business, had the town structural issues not come into play, and

4. The town put a safety Hall on rentals because of structural deficits yes, but the structural deficits exist because the contractor that the town hired several years ago did not do quality lasting work and is now no longer a functioning business entity, so the town of Londonderry cannot seek redress, leaving us to decide on other next steps for the structure and its use. This played in to the movement of the club and I have documentation from the town regarding the infeasibility of pursuing the matter.

Making the statement that the hall rental business had dwindled due to covid is an intentional misstatement of fact and highly inappropriate that it would be presented as such, leaving out other key details, in a joint statement by the town and the club.

I'm sorry but I'm going to have to publicly object if this statement hits outlets as is because that is not a full and factual representation of the truth. It is not my intent to malign the club in any manner but a more transparent account needs to be made in a public statement. I will be forced to seek redress from Londonderry as the town and also from a higher echelon of the Lions if this statement proceeds as is because this is terribly wrong.

**Subject:** LONDONDERRY LIONS PRESS RELEASE

Good evening Londonderry Lions Club members,
The following will be the official press release given to the local newspapers and all appropriate Londonderry related social media sites. It has been reviewed by Mike Malaguti Town Manager and Dave Wholley and they accepted it with no reservations or changes in the text. I do hope that this will successfully explain to the Londonderry residents about the new home of our Club, the reasons for the changes, and the future direction of the Londonderry Lions.

I am pleased to announce the new home of the Londonderry Lions Club as of September 6, 2022 will be at the Londonderry United Methodist Church on 258 Mammoth Road Londonderry NH. The Londonderry Lions Club is happy to still maintain our presence in the Center Common vicinity with close proximity to the Dykstra Pavilion and our corral. We will be continuing our charitable endeavors within the Londonderry community with our biannual yard sales and the annual highly successful Christmas tree sales. We are also in the process of initiating some other creative fundraising endeavors as we are no longer in the Lions Hall rental business. The Town of Londonderry's old Town hall that has been leased to the Lions Club for over fifty years has structural defects that need attention and prohibits the occupancy for group use. This, along with the loss of revenue during Covid has made it difficult for the Lions Club to maintain the operational expenses of this facility.

We are pleased with our new location and quite proud of our past history of community services including eight Londonderry High School scholarships, contribution to a variety of civic programs, eye exams and providing eye glasses, and the coordination of holiday baskets for distribution to the Town residents in need, local Londonderry food banks, Christmas turkeys, soup kitchens, Liberty House, guide dog programs, LAFA, Lions Camp Pride (a camp for handicapped children and adults in New Durham, NH), and much more..

At our June 2022 meeting we inducted the new slate of officers and Board of Directors.

Londonderry Lions Club Elected Officers July 2022:

-President: David Steinhauer
-Vice Presidents: Frank Holdsworth/Richard Spracklin
-Secretary: John Blay
-Treasurer: Jim Higgins
-Lion Tamer: Mitch Bagdigian
-Tail Twister: Kaylee Esposito
-Membership Chair: Brian McCurley

Londonderry Lions Club 2022 Board of Directors:
David Steinhauer Rick Spracklin
John Blay Gary Smith
Jim Higgins Gerry Gulezian
Frank Holdsworth

The Lions Club is the worlds largest service organization. The Londonderry Lions Club has been in existence for over 50 years. We will continue to follow our motto of "We Serve." Any community member interested in learning more about our mission is welcome to attend our club meetings the second and fourth Mondays of the month at 7:00.

On Fri, Sep 16, 2022 at 7:41 AM Jonathan Esposito <[redacted]> wrote:

In accordance with the attached club dispute resolution procedure I requesting the contact information for the Lions District Governor.

I wish to pay the $50 fee as described and have them intervene in this matter as I dispute the truthfulness and accuracy of the public statements made by the club and they are already going for public exposure at this time.

It is my contention that the town and the club did not factually and fully represent the hall matter in the most recent public statement and I will make my case to the Lions District as to why this was wrong

Please reply ASAP with our district governor's information and please note my continued intent to dispute this matter

For all the good we do in town serving we have to do better than this

**Subject:** Fwd: LONDONDERRY LIONS PRESS RELEASE

The press release from the club and my response objecting

**Subject:** Re: LONDONDERRY LIONS PRESS RELEASE

I appreciate this very much and it is a wonderful release

I have a question regarding the covid statement

That is not the fiscal briefing that we got as members several months ago

We were not told as the membership that the loss of revenue due to covid was the reason that we were not in the hall rental business anymore.

It was made very clear by our treasurer at the meeting the presentation was given on the hall business that:

1. the club had operated the hall rental business at a loss for many years, offering the hall to the community and offsetting the hall rental expenses with donation revenue;

2. the hall rental business had grown increasingly profitable, to the point that we were starting to break even DURING COVID (I still have the presentation with the numbers)

3. several members of the Lions had speculated the financial feasibility of maintaining the hall rental business, had the town structural issues not come into play, and

4. The town put a safety Hall on rentals because of structural deficits yes, but the structural deficits exist because the contractor that the town hired several years ago did not do quality lasting work and is now no longer a functioning business entity, so the town of Londonderry cannot seek redress, leaving us to decide on other next steps for the structure and its use. This played in to the movement of the club and I have documentation from the town regarding the infeasibility of pursuing the matter.

Making the statement that the hall rental business had dwindled due to covid is an intentional misstatement of fact and highly inappropriate that it would be presented as such, leaving out other key details, in a joint statement by the town and the club.

I'm sorry but I'm going to have to publicly object if this statement hits outlets as is because that is not a full and factual representation of the truth. It is not my intent to malign the club in any manner but a more transparent account needs

to be made in a public statement. I will be forced to seek redress from Londonderry as the town and also from a higher echelon of the Lions if this statement proceeds as is because this is terribly wrong.

**Subject:** LONDONDERRY LIONS PRESS RELEASE

Good evening Londonderry Lions Club members,
The following will be the official press release given to the local newspapers and all appropriate Londonderry related social media sites. It has been reviewed by Mike Malaguti Town Manager and Dave Wholley and they accepted it with no reservations or changes in the text. I do hope that this will successfully explain to the Londonderry residents about the new home of our Club, the reasons for the changes, and the future direction of the Londonderry Lions.

I am pleased to announce the new home of the Londonderry Lions Club as of September 6, 2022 will be at the Londonderry United Methodist Church on 258 Mammoth Road Londonderry NH. The Londonderry Lions Club is happy to still maintain our presence in the Center Common vicinity with close proximity to the Dykstra Pavilion and our corral. We will be continuing our charitable endeavors within the Londonderry community with our biannual yard sales and the annual highly successful Christmas tree sales. We are also in the process of initiating some other creative fundraising endeavors as we are no longer in the Lions Hall rental business. The Town of Londonderry's old Town hall that has been leased to the Lions Club for over fifty years has structural defects that need attention and prohibits the occupancy for group use. This, along with the loss of revenue during Covid has made it difficult for the Lions Club to maintain the operational expenses of this facility.

We are pleased with our new location and quite proud of our past history of community services including eight Londonderry High School scholarships, contribution to a variety of civic programs, eye exams and providing eye glasses, and the coordination of holiday baskets for distribution to the Town residents in need, local Londonderry food banks, Christmas turkeys, soup kitchens, Liberty House, guide dog programs, LAFA, Lions Camp Pride (a camp for handicapped children and adults in New Durham, NH), and much more..

At our June 2022 meeting we inducted the new slate of officers and Board of Directors.

Londonderry Lions Club Elected Officers July 2022:

-President: David Steinhauer
-Vice Presidents: Frank Holdsworth/Richard Spracklin
-Secretary: John Blay
-Treasurer: Jim Higgins
-Lion Tamer: Mitch Bagdigian
-Tail Twister: Kaylee Esposito
-Membership Chair: Brian McCurley

Londonderry Lions Club 2022 Board of Directors:
David Steinhauer Rick Spracklin
John Blay Gary Smith
Jim Higgins Gerry Gulezian
Frank Holdsworth

The Lions Club is the worlds largest service organization. The Londonderry Lions Club has been in existence for over 50 years. We will continue to follow our motto of "We Serve." **To:** Michael Malaguti
**Cc:** TownCouncil; Gilles Bissonnette
**Subject:** 91A FW: Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

In addition to my response stating that I do not believe a proper search and review of the requested government records has occurred, and therefore I do not believe Londonderry has satisfied the response required for this inquiry:

I would also point to a presentation on 91A that town manager malagudi gave to the budget committee approximately 2 years ago, LACTV link below:

http://173.166.17.35/CablecastPublicSite/show/11528?channel=4

The video timer counts remaining minutes, so I would specifically direct you to remarks beginning at the time stamp of approximately 1 hour and 46 minutes remaining in the video. Mr Maliguti make remarks over several minutes in which he specifies that 91A violations can likely occur If the spirit of the law is violated, not simply the letter.

Mr maliguti give us an example in which if he forwarded an email with a recipe to his Londonderry address, that would not create a government record. However, he goes on to clarify, with approximately 1 hour and 42 minutes even remaining in the video:

"Really what we're looking for under the Right to Know Law is, does the information, does the record tell us something about what the government is up to."

Although the emails from John Farrell and his [redacted] may not have been transmitted to a quorum of town officials, The 91A expense spreadsheet that councillor Butler directed you to compile, which is information regarding the inner workings of government, was clearly forwarded from John Farrell's official Londonderry email address to his [redacted] personal address with the intent of making a blind copied group of citizens aware of the inner workings of government, specifically concerns regarding 91A costs.

I contend once further that the town of Londonderry is obligated to make a constructive search through those emails, as they constitute a government record, including the blind copied distribution list from [redacted] to citizens in which he educated them on the inner workings of government, and to appropriately release those documents to me as requested.

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Mr Maliguti, that is fine if you are going to use that justification, but if that is the town's position, then you are stating that town officials took correspondence that they were only privy to by virtue of their official position, stored on town resources and effectively owned by and in the possession of the town, and forwarded it to their private email addresses for reasons unknown, which is unauthorized use of electronic resources/acceptable use, and also potentially using official communications/resources for personal gain.

Further, the emails from John Farrell's email, [redacted] which were previously used for town communications, claimed to raise issues on behalf of the town (expressing concern of me supposedly wasting town fiscal resources by a citizen.) A reasonable individual would conclude that Chairman Farrell was acting in his official capacity.

I do not consider this request closed at this time.

Could you kindly disclose what mechanism under 91A was used by the Town to determine that Chairman Farrell was NOT acting in an official capacity? The law favors disclosure and the burden is certainly on the municipality to show that he was not, given the wider context.

Jonathan Esposito

**Subject:** RE: 91A FW: Londonderry Times Ad (request to include letter in minutes)

Good evening,

Attached please find the only document that is potentially a governmental record responsive to your request, which includes the requested emails from Councilor Butler's address. Emails sent from a Town Councilor's private email address, even if they include information that was previously sent to a quorum of the Town Council, are not

governmental records unless said Town Councilor was acting on behalf of the Town Council. The same analysis likely applies to any such emails forwarded by a Town Councilor to the Councilor's private email address. See RSA 91-A:1-a, III.

However, without conceding the point and to be over-inclusive in my response, I am attaching as "potentially responsive" an email forwarded from Chairman Farrell's Londonderry email address to "[redacted]

No responsive governmental records in the Town's possession were withheld under any privilege or exemption.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry

**Subject:** [SPAM]91A FW: Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Good morning

As I have not heard from the municipality within the requested suspense time frame

This is a request under 91A right to know for:

Copies of emails from [redacted]com as well as councilman Jim Butler's Londonderry.org email address

Transmitted between March 6th and March 9th

Relevant to town work product transmitted from Jonathan Esposito to the Town Council and the town manager

As this work product was public distribution, email copies should include sent versions that show blind copied distribution lists.

Although I am requesting copies from a non.org email, 91A applies due to the clear identification of the email address belonging to the town council chairman, as well as the personal email being used to distribute town work product.

Preferred method of release would be the usual Dropbox electronic method

Please advise within the standard five working day response time frame.

Please note that further public distribution of my correspondence to the town will continue to be put in the newspaper as long as John Farrell continues to utilize that subversive tactic.

Thank you

Jonathan Esposito
Londonderry

mmalaguti@londonderrynh.org

**From:** Jonathan Esposito <[redacted]
**Sent:** Friday, March 17, 2023 9:02 AM
**To:** Michael Malaguti <mmalaguti@londonderrynh.org>; TownCouncil <TownCouncil@londonderrynh.org>
**Subject:** [SPAM]91A FW: Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Good morning

As I have not heard from the municipality within the requested suspense time frame

This is a request under 91A right to know for:

Copies of emails from [redacted]com as well as councilman Jim Butler's Londonderry.org email address

Transmitted between March 6th and March 9th

Relevant to town work product transmitted from Jonathan Esposito to the Town Council and the town manager

As this work product was public distribution, email copies should include sent versions that show blind copied distribution lists.

Although I am requesting copies from a non.org email, 91A applies due to the clear identification of the email address belonging to the town council chairman, as well as the personal email being used to distribute town work product.

Preferred method of release would be the usual Dropbox electronic method

Please advise within the standard five working day response time frame.

Please note that further public distribution of my correspondence to the town will continue to be put in the newspaper as long as John Farrell continues to utilize that subversive tactic.

Thank you

Jonathan Esposito
Londonderry

**Subject:** 91A FW: Londonderry Times Ad (request to include letter in minutes)

**Flag Status:** Flagged

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

In addition to my response stating that I do not believe a proper search and review of the requested government records has occurred, and therefore I do not believe Londonderry has satisfied the response required for this inquiry:

I would also point to a presentation on 91A that town manager malagudi gave to the budget committee approximately 2 years ago, LACTV link below:

http://173.166.17.35/CablecastPublicSite/show/11528?channel=4

The video timer counts remaining minutes, so I would specifically direct you to remarks beginning at the time stamp of approximately 1 hour and 46 minutes remaining in the video. Mr Maliguti make remarks over several minutes in which he specifies that 91A violations can likely occur If the spirit of the law is violated, not simply the letter.

Mr maliguti give us an example in which if he forwarded an email with a recipe to his Londonderry address, that would not create a government record. However, he goes on to clarify, with approximately 1 hour and 42 minutes even remaining in the video:

"Really what we're looking for under the Right to Know Law is, does the information, does the record tell us something about what the government is up to."

Although the emails from John Farrell and his [redacted] may not have been transmitted to a quorum of town officials, The 91A expense spreadsheet that councillor Butler directed you to compile, which is information regarding the inner workings of government, was clearly forwarded from John Farrell's official Londonderry email address to his [redacted] personal address with the intent of making a blind copied group of citizens aware of the inner workings of government, specifically concerns regarding 91A costs.

I contend once further that the town of Londonderry is obligated to make a constructive search through those emails, as they constitute a government record, including the blind copied distribution list from [redacted] to citizens in which he educated them on the inner workings of government, and to appropriately release those documents to me as requested.

Good evening,

I previously advised you that your complaint that Chairman Farrell and Councilor Butler violated the Town's Acceptable Use Policy was unfounded. A copy of that communication is attached for reference. I have also advised you of the Town's response to this 91-A request.

I have conducted all of the due diligence necessary for me to respond on behalf of the Town. You have the Town's response.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry

**Subject:** RE: 91A FW: Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Mr Maliguti, that is fine if you are going to use that justification, but if that is the town's position, then you are stating that town officials took correspondence that they were only privy to by virtue of their official position, stored on town resources and effectively owned by and in the possession of the town, and forwarded it to their private email addresses for reasons unknown, which is unauthorized use of electronic resources/acceptable use, and also potentially using official communications/resources for personal gain.

Further, the emails from John Farrell's email, [redacted] which were previously used for town communications, claimed to raise issues on behalf of the town (expressing concern of me supposedly wasting town fiscal resources by a citizen.) A reasonable individual would conclude that Chairman Farrell was acting in his official capacity.

I do not consider this request closed at this time.

Could you kindly disclose what mechanism under 91A was used by the Town to determine that Chairman Farrell was NOT acting in an official capacity? The law favors disclosure and the burden is certainly on the municipality to show that he was not, given the wider context.

**To:** Jonathan Esposito <[redacted] TownCouncil <TownCouncil@londonderrynh.org>
**Subject:** RE: 91A FW: Londonderry Times Ad (request to include letter in minutes)

Good evening,

Attached please find the only document that is potentially a governmental record responsive to your request, which includes the requested emails from Councilor Butler's address. Emails sent from a Town Councilor's private email address, even if they include information that was previously sent to a quorum of the Town Council, are not governmental records unless said Town Councilor was acting on behalf of the Town Council. The same analysis likely applies to any such emails forwarded by a Town Councilor to the Councilor's private email address. See RSA 91-A:1-a, III.

However, without conceding the point and to be over-inclusive in my response, I am attaching as "potentially responsive" an email forwarded from Chairman Farrell's Londonderry email address to "[redacted]

No responsive governmental records in the Town's possession were withheld under any privilege or exemption.

Sincerely,

Michael J. Malaguti

**Subject:** 91A every day?

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Interesting to hear town manager malaguti note at last night's budget committee meeting that the town receives a 91A request almost every day.

It certainly adds to the perception that I was targeted by chairman Farrell and councillor Butler in their sneaky email blasts complaining about my requests.

Mr Maliguti, I would note that even if the chairman claims that he was acting as a private citizen in his emails sent from [redacted] complaining about my 91A requests, that if he was acting in a retaliatory manner towards me for the volume/scope of my requests (this is the appearance given), that action would fall under the capacity of his official duties, and those emails would be official work product.

As I noted in my response under separate cover, this matter is not going away.

**Subject:** 91A FW: Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Unfortunately no Mr Maliguti, you have not satisfied 91A with your response.

The law requires you to make a constructive search for records in the government entities possession, and to inform a requester as to what means of constructive search you utilized.

Per your response below, it appears you only made a constructive search for email records from the official address.

Under 91A you are required to make a constructive search of the email records transmitted from [redacted] to determine whether or not those records contain information of chairman Farrell operating in an official capacity, to determine if they would have to be released under 91A.

Various citizens who were on the distribution list have already forwarded their concerns back to the municipality requesting an answer as to why they even received my town correspondence, sent from the town chairman under private cover.

Please advise what method of constructive search and review you utilized to determine emails from [redacted] were not official work product?

Please respond within three working days or I will determine that the municipality has unlawfully refused to fulfill my request and will proceed accordingly.

Jonathan Esposito

Good morning

As I have not heard from the municipality within the requested suspense time frame

This is a request under 91A right to know for:

Copies of emails from [redacted]com as well as councilman Jim Butler's Londonderry.org email address

Transmitted between March 6th and March 9th

Relevant to town work product transmitted from Jonathan Esposito to the Town Council and the town manager

As this work product was public distribution, email copies should include sent versions that show blind copied distribution lists.

Although I am requesting copies from a non.org email, 91A applies due to the clear identification of the email address belonging to the town council chairman, as well as the personal email being used to distribute town work product.

Preferred method of release would be the usual Dropbox electronic method

Please advise within the standard five working day response time frame.

Please note that further public distribution of my correspondence to the town will continue to be put in the newspaper as long as John Farrell continues to utilize that subversive tactic.

Thank you
Jonathan Esposito
Londonderry

**To:** Michael Malaguti
**Cc:** TownCouncil; gilles@aclu-nh.org
**Subject:** 91A FW: Londonderry Times Ad (request to include letter in minutes)

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Unfortunately no Mr Maliguti, you have not satisfied 91A with your response.

The law requires you to make a constructive search for records in the government entities possession, and to inform a requester as to what means of constructive search you utilized.

Per your response below, it appears you only made a constructive search for email records from the official address.

Under 91A you are required to make a constructive search of the email records transmitted from [redacted] to determine whether or not those records contain information of chairman Farrell operating in an official capacity, to determine if they would have to be released under 91A.

Various citizens who were on the distribution list have already forwarded their concerns back to the municipality requesting an answer as to why they even received my town correspondence, sent from the town chairman under private cover.

Please advise what method of constructive search and review you utilized to determine emails from [redacted] were not official work product?

Please respond within three working days or I will determine that the municipality has unlawfully refused to fulfill my request and will proceed accordingly.

Jonathan Esposito

**Subject:** Re: 91A FW: Londonderry Times Ad (request to include letter in minutes)

Good evening,

I previously advised you that your complaint that Chairman Farrell and Councilor Butler violated the Town's Acceptable Use Policy was unfounded. A copy of that communication is attached for reference. I have also advised you of the Town's response to this 91-A request.

I have conducted all of the due diligence necessary for me to respond on behalf of the Town. You have the Town's response.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.
Mr Maliguti, that is fine if you are going to use that justification, but if that is the town's position, then you are stating that town officials took correspondence that they were only privy to by virtue of their official position, stored on town resources and effectively owned by and in the possession of the town, and forwarded it to their private email addresses for reasons unknown, which is unauthorized use of electronic resources/acceptable use, and also potentially using official communications/resources for personal gain.

Further, the emails from John Farrell's email, [redacted] which were previously used for town communications, claimed to raise issues on behalf of the town (expressing concern of me supposedly wasting town fiscal resources by a citizen.) A reasonable individual would conclude that Chairman Farrell was acting in his official capacity.

I do not consider this request closed at this time.

Could you kindly disclose what mechanism under 91A was used by the Town to determine that Chairman Farrell was NOT acting in an official capacity? The law favors disclosure and the burden is certainly on the municipality to show that he was not, given the wider context.

**Subject:** RE: 91A FW: Londonderry Times Ad (request to include letter in minutes)

Good evening,

Attached please find the only document that is potentially a governmental record responsive to your request, which includes the requested emails from Councilor Butler's address. Emails sent from a Town Councilor's private email address, even if they include information that was previously sent to a quorum of the Town Council, are not governmental records unless said Town Councilor was acting on behalf of the Town Council. The same analysis likely applies to any such emails forwarded by a Town Councilor to the Councilor's private email address. See RSA 91-A:1-a, III.

However, without conceding the point and to be over-inclusive in my response, I am attaching as "potentially responsive" an email forwarded from Chairman Farrell's Londonderry email address to "[redacted]

No responsive governmental records in the Town's possession were withheld under any privilege or exemption.

Sincerely,

Michael J. Malaguti
Town Manager
Town of Londonderry
